65 The board must adhere to the regulations, which outline that the supervisor must be on site for
66 supervision to count.

67 **ii. Laws regarding Planning for incapacitation or Death**

68 The Alaska Board of Psychologist and Psychological Associate Examiners does not have additional statutes
69 or regulations that differ from general APA ethical principles for these topics. Legal guidance is
70 recommended for additional information.

71 **B. Schedule for future Board meetings**

72 The next board meeting is scheduled for November 7, 2025.

73
74 **Agenda Item – Alaska Psychological Association**

75 Dr. Tarlow reported that AK-PA is currently in the process of updating bylaws. Dr. Tarlow also picked up
76 on the previous discussion to address the continuing problem of limited availability of supervisors in
77 Alaska. He reported that a proposal was sent to the trust to seek micro grants to compensate individuals
78 for providing supervision. The conversation continued about PSYPACT. One of the main obstacles of
79 implementing PSYPACT is how legislation is written, it does not allow how the compact is applied. No
80 oversight of who is practicing in AK. If issues come up, the home state deals with it and the board mat not
81 even know what is going on with the people in Alaska. Additionally, Alaska is unique and there is no way
82 to require specific CE's for members of PSYPACT who wish to practice in AK.

83
84 **Agenda Item – Investigative Report**

85 Billy Homestead was introduced as the new Supervisor for Jasmin Bautista.

86
87 Jasmin Bautista presented the new investigative report covering January 25 – June 16, 2025. The report

98 **discussion. Staff to remain are Jeanne Pace, and Miriam Honea. Seconded by Chad Scott. Motion**

111 **Agenda Item – Division Updates**

112 Sylvan Robb informed the board that House Bill 158 and Senate Bill 145 were introduced regarding
113 temporary licenses. The purpose is to streamline the application process and allow individuals who
114 already hold an active psychology license in another state, to obtain a temporary license for 180 days
115 while waiting for their remaining documents to be processed.

116 Additionally, House Bill 158 and the Senate Bill 145 codify the Service Member Civil Relief Act (SCRA),
117 which is a license type that is offered to active-duty military members or their spouses under federal law
118 into the Alaska Statutes. This license allows these individuals to obtain a permanent license in Alaska
119 provided they already have an active license in good standing in another jurisdiction.

120
121 The board briefly discussed the need to rename the existing temporary license and clearly define what
122 each license type is used for to avoid confusion for applicants.
123

124 Sylvan Robb also addressed the nurse licensure compact (House Bill 131 and Senate Bill 124) that were
125 introduced by the Governor during the recent legislative session. The board was asked to support the
126 nursing licensure compact as nurses make up about 30% of the licensing program in the state. Supporting
127 the compact would free up licensing staff and allow the division to better allocate staff. The board decided
128 to further discuss this topic later in the agenda.
129

130 **Agenda Item – Regulations Review and Discussion**

131 Stefanie Davis joined the meeting to assist with some proposed regulation changes of Chapter 6
132 (continuing education) in the regulations. The purpose of these proposed changes is to clean up the
133 language and to format the requirements in a sensible order to make them easier to understand,
134 especially for new members.

135 The board also reviewed 12 AAC 60.010. (Application by Licensure by Examination) in regard to licensure
136 requirements. The question asked was what documentation is necessary to be required and to be
137 reviewed by the board to determine safe practice, and what documentation is redundant, and does not
138 offer any value to the board and should therefore not be required for licensure. The board determined
139 after carefully reviewing the regulations, that they are interested in updating regulations to remove the
140 requirement for undergraduate transcripts. Furthermore, the board is interested in changing wording
141 regarding the vita requirement to remove the wording pertaining to high school. Additionally, the board
142 is interested in removing the wording in the renewals section, which requires all continuing education
143 details to be included with renewals. Upon review, the board determined that reinstatement interviews
144 may take place either online or in person.

145 Lastly, the board discussed whether supervision should take place over a period limited to 24 consecutive
146 months, or if that time can be extended by an extension of the temporary license. The board will revisit
147 this specific topic in a future meeting.

148 The board agreed on the regulations changes and will open a regulations project in the future once the
149 administrative order is lifted.
150

151 The board engaged in an interesting conversation about CE renewal. Dr. McConnell raised the question
152 about the difference between an effective date and a licensing period in regard to obtaining CE's. The
153 licensing period for Psychology is from June 30th until July 1st two years later. If an individual completed
154 all their continuing education early and renewed in May, would any continuing education credit obtained
155 from that renewal date in May until July 1st count toward the next renewal period? This discussion was
156 postponed until the next board meeting to ask for some additional guidance from the division.
157

158 **In a motion duly made by Bradley McConnell, seconded by Lorin Bradbury with unanimous consent, it**
159 **was resolved to move item 8 (Regulations Review and Vote) to the agenda until after lunch.**

The board asked that the Division request a waiver from the current administrative order to move this regulation project forward.

The board stated they disapprove of the State Law and Ethics Exam as currently written and are concerned that if this project is not allowed to move forward, the unapproved exam will be required to be administered again before it can be rewritten.

In a motion made by Lorin Bradbury, seconded by Bradley McConnell, with unanimous consent, it was resolved to disapprove the State Law and Ethics Exam as currently written and pause administration of the exam, effective immediately.
