Debbie Ryan was solicited to speak about the poll the board requested be conducted concerning the tentative extension of Chiropractic licenses until March 31, 2023. Ms. Ryan reported the poll was responded to by approximately one third of Alaska licensees. The results showed an expiration date extension was opposed by most licensees, with greater support for an extension after this licensing period. Board members engaged Mr. Bowman in discussion about the administrative savings and potential impacts on licensees. After deliberating these factors, the board advised they did not wish to see a change in the expiration date this period due to increased office staff burden.

6. Adjourn

All agenda business was completed and the board adjourned at 10:01 a.m.
