4:00 p.m.

CALL TO ORDER

- Roll call
- Declarations of conflicts of interest
- Clarify the purpose of the Work Group:
 - Identify “lifestyle enhancement” services that have a medical nexus and are currently performed or likely to be performed outside of a medical clinic or without appropriate supervision.
 - Identify existing statutes and regulations that govern current requirements for training, licensure, and supervision of these procedures.
 - Clarify how licensing boards could—jointly or in part—explain existing statutes and regulations that would help the public and licensees understand how these procedures should be safely administered according to the current laws of the state.
 - Suggest changes in statute that would allow defensible and transparent pathways forward for appropriately trained and supervised individuals to provide these services without imposing undue economic or regulatory barriers.
 - Carry forward work group updates and work products to the member boards for their subsequent review and action.

4:10 p.m.

PUBLIC COMMENT

Each speaker will be limited to three minutes. To offer written comments, please email sara.chambers@alaska.gov for distribution to the group a least five business days prior to the meeting.

REVIEW CORRESPONDENCE

4:30 p.m.

IV HYDRATION CLINICS

Possible informational presentation from the [American IV Association](#)

Information on current statute, regulation, and federal requirements from Work Group members:

- Who can serve as a medical director of an IV hydration clinic?
- Does the medical director need to be onsite? Who must be onsite for various phases of treatment?
- Who can perform patient evaluations and diagnose wellness treatment, i.e. determine whether IV fluids or “add-ins” are safe/appropriate or the patient?

- Who can obtain prescription medicines and products?
- Who can compound medications onsite? What training/licensure is needed? Are there safety and sanitation requirements for compounding locations?
- Who can place or start an IV?
- What are the requirements for medical recordkeeping, HIPAA, etc.?

Touch base on Medical Director discussion as needed, especially within context of IV hydration and in preparation for presentations to the State Medical Board and Board of Nursing in May.

5:45 p.m.

FINAL THOUGHTS & UPDATES
