## PROFESSIONAL LICENSING DECISION-MAKING FRAMEWORK

#### PART ONE: SHOULD WE DELIBERATE ON THIS TOPIC?

6

## Authority

## Is the issue within the board's statutory mandate and mission?

If yes, move to the next criterion. If no, the board should identify a decision-making body better suited to resolve the issue and decline to move forward.

## **Public Protection**

## If we don't address this issue, is the public threatened or harmed?

If yes, begin work on the issue. If no, determine whether it meets a different criterion or whether the board should address it at a future date.

## **Ownership**

#### Are we the best group to lead this effort?

Does it make sense for this board to *lead* the effort, or is another group better resourced, more educated, or otherwise better positioned to take the reins? Identify partners next.

## **Priority**

## Where does this matter rank among other items we are facing?

Evaluate how the board will work this matter into its busy schedule. Is there a hard deadline to complete the work? Could the board form a committee to focus on this while other members work concurrently on other projects? Are more meetings needed?

## Perception

## Are there intangible ways we can be impacted by pursuing this issue?

Whether good or bad, perception matters. Enter into the deliberative process anticipating any pitfalls or opportunities. If the board decides not to move forward because of a negative perception, ensure that it is not shirking its statutory responsibility: If #1 is yes, the board may have no choice.

## **Public Interest**

#### Does our decision make a material difference to stakeholders?

Stakeholders may include Ithe general public, licensees, potential patients, related agencies or organizations, etc.

If yes, move to the next criterion. If no, determine whether to work on it at a future date--or at all.

## **Partners**

## Will we need to collaborate with other groups?

Weighing another person or group's availability may impact how the board moves forward. Connect with everyone whose input is needed. If public comment is advisable, identify opportunities and methods to obtain that input.

### Resources

## Does our board have access to the resources needed to address this issue?

If yes, move to the next criterion. If no, determine what resources are needed. Invite division managers to collaborate on how to obtain resources. If resources are not available, the board may need to look to a different organization to assist with the issue.

# FRAMEWORK

#### PART TWO: HOW DO WE DELIBERATE ON THIS TOPIC?

3

5

6

8

9

## Authority

## The issue is within the board's statutory mandate and mission.

In Part One, the board determined this issue is within its purview. Take an inventory of the statutes and regulations that are relevant to the discussion, and have those resources at the ready. If the matter is not within the board's statutory scope, put it away and keep monitoring.

## Objectivity

#### Can the members of the board maintain objectivity in the discussion?

If unsure, you may need to actively perform a conflict check to ensure that the topic is "in bounds" for all members. Is anyone too close to the topic? Even if there is no ethical conflict, is everyone prepared to hold a calm, logical, and reasoned discussion?

## Efficiency

## Are we seeking the most efficient outcome?

Does the right decision come wrapped in unnecessary regulation, additional cost, or red tape? Ensure that the implementation of the board's decision is streamlined, elegant, easy to understand, and cost-effective. Invite division managers to discuss the impacts on staffing, paperwork, fees, and investigations, Ask licensees if the proposed solution will increase their expenses or efforts.

## **Partners**

## Will we need to collaborate with other groups?

If a business, organization, or group of people will experience a big change because of the decision, will partnering with them early on help mitigate the outcome? Weighing another stakeholder's availability to engage may impact how the board moves forward.

## Timeline

#### Stay on top of the schedule.

Are you working toward a fixed deadline like renewal or legislative session? Backwards plan to ensure your meetings, regulations, forms revision, and other steps stay on track. The board's decision may have impacts that require others to take additional steps, so discuss those up front to make sure the expectations of board members and staff are all moving forward in sync.

.....

## **Mission**

## Keep the primary purpose of the board at top of mind.

The board's top priority is to operate within the public interest. What does that look like in the context of this issue? How will the board balance all relevant interests within its regulatory mission? Ensure the board evaluates and understands the impacts of its decisions on the public.

## Fairness

## How do we ensure the process and outcomes are fair?

Is the board actively soliciting input from all parties, including licensees, the public, and other key stakeholders? If advisable, are meeting notices being shared in addition to the OPN, newspaper, and web site? How is public comment being solicited? How will the board evaluate input from stakeholders they may not be familiar with?

## Risk

## What are the risks to adopting this decision?

Ensure your decision falls within the boundaries of state law. Are we following the appropriate investigative or regulatory process? Are we making a decision against attorney or division advice? Do we even have enough information to move forward? Invite your AAG or board advisor if additional help is anticipated.

## Perception

## Are there intangible ways we can be impacted by pursuing this issue?

Determine how to manage the impacts of decisions that may be necessary but unpopular. Is extra communication warranted? Is a head's up to the governor's office prudent? Ask the division director or board advisor for advice on threading an upopular needle.

## Consistency

#### Explain departures from previous positions.

If the board is veering from previous decisions on this issue, explain why. What has changed? Did the board receive new data? Did the makeup or leadership of the board shift? Were other laws passed, or has the industry changed in a meaningful way? Disciplinary decisions require an explanation if the board is acting differently than it has in similar situations. With major shifts, stakeholders will appreciate understanding the rationale.

### 2. Public Comment

Public comment began at 9:10 am. Joshua Morner gave public comment regarding his pending PTA license application by reinstatement. He stated he had health issues and that while he completed CEUs during his first year, he did not track them. Completed all his continuing education in this past year and a half. Ms. Dean commended Mr. Morner for wanting to stay in the industry.

Alexander Robinson and Erika Robinson gave public comment regarding their pending PT license applications by reinstatement. They were both traveling therapists but settled in Montana and have kept up their MT CE requirements. They are returning to traveling physical therapy due to life circumstances and have now completed their CE requirements for AK but it is outside the concluding licensing period. They have contracts for jobs in Cordova, AK upcoming in December and January. They didn't anticipate coming back to AK due but want to reinstate their licenses due to changes in their life circumstances and to assist in the rural AK community.

3. Strategic Plan Review

The board reviewed and updated their Strategic Plan. Board believes the plan should be "vibrant and growing" and updated continually w/accountability to ensure they are on track. See new Strategic Plan draft dated 10-24-2024 w/revisions (italics). Need to add to information to my email regarding PHY listserv opt-in

Spring Board meeting - January 23-24, 2025; in-person, Anchorage Fall Board meeting - October 16-17, 2025; in-person, Anchorage

- iii. Tabled Correspondence
  - a. PT Telehealth Scope Question

The board discussed recommendation of rewriting response per 08.02.130 Telehealth - statute versus regulation.

Jonathan Gates moved to rewrite the board response for PT Telehealth Scope Question - 06-05-2024 per 08.02.130 Telehealth. Motion seconded by Enlow Walker. All in favor; none opposed. Motion passes unanimously.

#### **Action Items:**

Tina McLean to rewrite draft response for board consideration.

b. COTA\_PTA Progress Notes - 8-6-2024 Response

The board reviewed all submitted resources and discussed recommendation of rewriting response for COTA\_PTA Progress Notes - 8-6-2024 question. Discussion that "progress note" is an evaluation. PTA/OTA cannot evaluate or assess independently without PT/OT. Per statute AS 08.84.190(8) the responsibilities of a physical therapist assistant do not include evaluation - meaning only a PT can perform an evaluation for physical therapy. In depth conversation on 12 AAC 54.510 and 12 AAC 54.810. Possible future regulations project to update these sections discussed.

### **Action Items:**

Tori Daugherty to rewrite draft response for board consideration.

- 4. Renewal vs. Reinstatement Discussion Statutory Change and/or Regulation Project

Board members discussed how to address situation through statute change or regulation project. 12 AAC 54.950 reinstatement of a Lapsed License current regulation in place. Board felt this issue was of lower priority due to infrequent situation and does not

appear to be public protection issue. Any applicant reapplying by credentials would be subject to the continuing education requirements from their active license state. Any applicant reapplying by examination would be subject to passing national examination with past 24 months for occupational therapy. New SB74 regulations project for physical therapy is proposing same 24 month requirement for passing national examination when applying by examination. Any reinstatement application must complete any required continuing education prior to reinstatement. Table to 2025 or 2026 and reaccess. No action at this time.

9. Athletic Trainer Bill - HB 336

Chair McLean briefly summarized the Athletic Trainer bill H336 that was introduced last session (spring). See HB336A. The state physical therapy association approached the Board with their opposition and requested the board oppose the bill. The board wrote a letter of opposition, filed with the Alaska Legislation 04/2024. Dr. Keller gave public testimony at the May, 2024 PHY Legislative Committee meeting that felt the PT/OT board's opposition was ill-informed. The board made suggested language changes for the bill filed 05/2024. Ms. McLean have public testimony opposing the bill on behalf of the board during the committee hearing. She believes it is a national push with Alaska as an example and the bill will likely be reintroduced for the 2025-2026 session. Representative Zach Fields was the sponsor of HB336. The bill should remain on the board's radar. PHY Legislative Committee will monitor for athletic trainer bill to be reintroduced.

   Dr. Kay was unable to attend. No association update from APTA-AK.
- 11. Association Update AKOTA (Presenters: Brianne Oswald President, Alaska Occupational Therapy Association )

Brianne Oswald, President of the Alaska Occupational Therapy Association (AKOTA) provided a written report and briefly highlighted some of the items contained in her report regarding their spring conference. Legislative initiatives - advocating OT Licensure Compact and working with their lobbyist. They are looking for a sponsor - may have found someone willing to introduce the bill but not necessarily sponsor. They are excited for the board's work on the OT Scope of Practice update and willing to do necessary work to support.

Guest Kristen Neville, AOTA State Affairs Manager joined the meeting.

Board decision to move PT/OT Dry Needling Draft Regulations Project forward for discussion on agenda.

12. Regulation Projects – Dry Needling PT/OT Draft Language

Valerie Phelps provided overview of work done by Regulations Committee on PT/OT dry needling DRAFT regulation language 06/28/2024. Requirement to follow OSHA standards removed (36 pg. OSHA requirements) per previous board discussion and replaced with "current relevant standards". Definition of "dry needling" removed. Respective standards of education required for dry needling per each profession's governing bodies to ensure high educational standards. Concern from industry that currently there are not many courses approved by American Occupational Therapy Association (AOTA).

(C) supervised, face-to-face, hands-on training with patients and a pratical examination – remove "with patients" because training is done on each other, not on patients.
"Evaluation, assessment and reassessment" inserted for "examination". Diagnosis should be "pertinent for every" physical therapy session. Removed "each technique".
Remove dry needling "technique" and insert dry needling "intervention". Because it is hard to objectify "patient's understanding", inserted language after "obtain informed consent" of "and document". While Principle 2 outlines requirements it does not say anything about risks and benefits education.

Updated OT education training draft language to mirror PT educational training course requirements to open up OT ability to attend a dry needling course that would meet standards. Concerns expressed regarding ensuring training requirements for occupational therapy for dry needling are broad enough to ensure course availability for Alaskan occupational therapists.

Scope of practice for PTA/OTA regarding dry needling not addressed in draft language. Per Kristen Neville, five states codify in statute or regulation the ability for an OT/OTA to do dry needling. Illinois only state that allows OT and OTAs to dry needle. MS, WY, TN, MD restricted dry needling to occupational therapists only. Intention of board that PTA/OTAs not be able to perform dry needling. Language needs to be drafted similar to PTA exclusive to an OT that an OTA cannot perform.

Per Kristen Neville - AOTA official document – "Guidelines for Supervision, Roles and Responsibilities during the Delivery of Occupational Services" – aka Supervision Document - "The occupational therapist initiates and directs the evaluation, interprets the data, and develops the intervention plan. The occupational therapy assistant implements the treatment plan." OTA is not allowed to interpret data. They can record the results of a test or assessment but cannot "interpret" the results. They have to share it with the OT and OT interprets the results and amends the treatment plan. Language changed (2) to "perform and occupational therapy evaluation, develops the intervention plan treatment plan for each occupational therapy session; and". While an OTA cannot develop an intervention treament plan – concern expressed about what would stop an OTA from "implementing" the treatment plan and actually performing the dry needling intervention. Different collaboration between OT/OTA than PT/PTA regarding evaluation and how Alaska statutory language written for OTAs and PTAs. Dicussion with Alison Osborne, Regulations Specialist on alternate solutions. Board recommendation to have language reworked through committee and brought back to the board for consideration at January, 2025 meeting.

## **Action Items:**

See updated draft revised at 10-25-2024 board meeting. PT/OT Dry Needling draft language referred back to the Regulations Committee for additional work related to training requirements for occupational therapy and OTA dry needling concerns.

- 13. AK PT Compact License Update Presenter Deputy Director Glenn Saviers
  - Data Transfer Set up initial stages of implementation. IT team working with PT Compact system expert to accomplish daily (nightly) update so PT compact privileges eligibility can be transferred. Data such as names and FSBPT Identifier will be talking back and forth between the two systems.
  - Division Regulations Project Working on initiating a regulations project to set the PT Compact Privilege Fee that will be the same as the AK License fee (currently \$200 for PT and \$130 for PTA). PT Compact charges an additional fee on their end. This will be monitored closely by the Division.
  - Elect PT Compact Commission Representative Recommended to be the FSBPT delegate or Board administrator for funding of travel expenses. Item tabled to January 2025 meeting. Division to research if Licensing Examiner can serve as representative.
  - JP Questionnaire <u>https://ptcompact.org/Compact-Privilege-Fee-</u> Jurisprudence-and-Waiver-Table
  - Discussion on options for JP Questionnaire for Alaskan physical therapists purchasing PT Compact Privilege. No regulatory threshold for pass/fail – only completion currently. If we were to use a formal 3<sup>rd</sup> party tester, would need to establish pass/fail parameters. SB74 project
    - i. Look into exam software to offer Jurisprudence Questionnaire through the State of Alaska.
    - ii. Offer through the licensing examiner via email.
    - iii. Draft language would be required in SB74 Regulations Project to require Jurisprudence Questionnaire as condition of PT Compact Licensure.

- iv. Offer Jurisprudence Questionnaire through FSBPT as a JAM -Jurisprudence Assessment Module for both PT and OT applicants.
- 14. Election Vice-Chair Role
  - Succession Planning
    - $\circ \ \text{Chair}$
    - $\circ$  Vice Chair
    - Secretary

Board discussed future direction and need for mentoring of leadership for the board. Current positions are established through centralized statute for Chair and Secretary positions. Board has the option of adding additional roles at their discretion. Current board membership is due to change per statute as of March, 2025.

Enlow Walker motioned to nominate Valerie Phelps as Vice Chair of the State Physical Therapy and Occupational Therapy Board. Motion seconded by Rebecca Dean. All in favor; none opposed. Motional passes unanimously.

Valerie Phelps motioned to nominate Tori Daugherty as the alternate secretary of the State Physical Therapy and Occupational Therapy Board. Motion seconded by Rebecca Dean. All in favor; none opposed. Motional passes unanimously.

15. Regulation Projects Motions

The board proposes regulation projects by one or more motions on the record:

**#1 - PT/OT Dry Needling - this motion was not made as draft language referred back to Regulations Committee for additional work.** 

#2 – Elimination of the 6-month Post Graduate Internship Requirement for Foreign Educated Applicants - I, Valerie Phelps, move to initiate a regulations project regarding the requirement of a 6-month (910-hour) post-graduate internship by foreigneducated applicants by examination or credentials by approving the following language for public comment, unless substantive changes are made by the regulations specialist or Department of Law as outlined in the SB74 Draft. Motion seconded by Enlow Walker. All in favor; none opposed. Motion passes unanimously.

- 17. Adjourn

The Physical Therapy and Occupational Therapy Board adjourned at 4:32 pm on Friday, October 25, 2024. Next meeting scheduled for both virtual and in-person January 23-24, 2025 at Atwood Building, Anchorage, AK.

Good morning-

The Alaska Division of Juvenile Justice has received \$100,000.00 in MHTAAR funding to support a contract provider or multiple providers to administer occupational therapy services to our Bethel and Fairbanks Youth Facilities. This funding is for the current fiscal year and we anticipate it to carry over for FY26 and FY27. The opportunity is posted here:

https://aws.state.ak.us/OnlinePublicNotices/Notices/View.aspx? id=216689&fbclid=IwY2xjawHs9e9IeHRuA2FlbQIxMAABHfHDIGSDwoMaQf5ZVmx7bY4UdOKNXWsaV W1ISiVK1FaNRmYSoXFSrAo7UA aem xpUCLQixs00Ws6NR52StMQ

To date, we have not yet secured a provider for this project. I'm wondering if I could have the opportunity to speak on this to inform the board in the hopes it leads to more interest. I'd be happy to speak to the history of the grant and what DJJ is currently doing for OT services in our facilities.

Thank you, Rob

• General fund dollars were received in FY21-FY24 to offset increases in personal services and help prevent programs from going into deficit or increase fees.

• Most recent fee change: Fee reduction FY20

• Annual license fee analysis will include consideration of other factors such as board and licensee input, potential investigation load, court cases, multiple license and fee types under one program, and program changes per AS 08.01.065.

The Alaska State Physical Therapy and Occupational Therapy Board (PTOT Board) is seeking legislation to create an EXECUTIVE ADMINISTRATOR.

Boards may choose to seek a dedicated professional-level position called an Executive Administrator to support their licensing program. Executive administrators are employed by the division and report to the deputy director. They work closely with the board chair and perform day-to-day activities that support the licensing program and board projects, such as shepherding regulations, interacting with stakeholders, presenting at conferences, testifying on legislation, and interacting with attorneys on board matters. Executive administrators may supervise other division staff, such as licensing examiners or administrative assistants. Depending on the size and complexity of the program, the executive administrator will likely replace the existing program coordinators(s); since they are shared staff, they will turn their attentions to other programs without this level of staffing.

**Alaska boards with executive administrators:** AELS, Marine Pilots (shared with Big Game Commercial Services), Medical, Nursing, Pharmacy, Public Accountancy, Real Estate Commission (shared with Real Estate Appraisers). A Range 23A in partially exempt service will cost approximately \$155,868; \$98,943 in salary and \$56,925 in benefits.

# Revenue and Expenditures for the PTOT Board can be found on page 37 <u>FY2025 Quarter One Schedule</u> of <u>Revenues and Expenditures</u>: See statement

# Justification for an Alaska State Physical Therapy and Occupational Therapy Board Executive Administrator.

- 1. The Physical Therapy and Occupational Therapy Board has experienced a 27% increase of licensee processing in FY24 as compared to FY23. This is expected to increase with the implementation of the PT Compact/SB74
- 2. The Physical Therapy and Occupational Therapy Board has experienced a 50% increase in required board and board committee meetings in the past two years as compared to prior years due to increasing statutory and regulatory upgrades driven by an increase of industry/licensee correspondence questions requiring legal interpretation
- 3. The Physical Therapy and Occupational Therapy Board has experienced an increase in work task involving the attendance of the licensing examiner, taking and typing of minutes by the licensing examiner, and public noticing for all full board, committee and workgroup meetings by the licensing examiner.
- 4. The Physical Therapy and Occupational Therapy Board has an antiquated practice act consisting of statutes and administrative codes that were last updated overall in the early to mid-1990s. The Board has been successful in the past two years of passing HB 99 (32<sup>nd</sup> Legislature (2021-2022) a Bill pertaining to updating industry terms with regard to the practice of physical therapists, physical therapist assistants, occupational therapists and occupational therapist assistants. It also updated credentialing and qualification requirements for Foreign Educated therapists in the State of Alaska.
- 5. The Physical Therapy and Occupational Therapy Board was successful in passing SB74 An Act relating to an interstate physical therapy licensure compact; relating to the licensure of physical therapists, physical therapist assistants, occupational therapists, and occupational therapy assistants; and providing for an effective date which will improve administrative flow of the

board for licensee application process as well as improve patient access and safety to more qualified licensees in the state of Alaska.

**Board of Physical Therapy and Occupational Therapy** (*Has a R23 EA, though the salary may be higher if the EA is a physical therapist or occupational therapist.*)

### Sec. 08.80.270\_\_\_\_\_\_. EXECUTIVE ADMINISTRATOR OF THE BOARD.

### (a) AS 08.36.xxx. EXECUTIVE ADMINISTRATOR OF THE BOARD.

(a) The Department of Commerce, Community, and Economic Development, with the approval of the board, shall employ an executive administrator to carry out the duties established under (b) of this section. The executive administrator is the principal executive officer of the board. The executive administrator is in the partially exempt service under AS 39.25.120 and is entitled to receive a monthly salary equal to a step in Range 23 on the salary schedule set out in AS 39.27.011(a). (b)

If the executive administrator has a physical therapist or occupational therapist license, the executive administrator is entitled to a monthly salary based on the salary classification for physical therapists or occupational therapists. This position may not be filled by a person holding a physical therapy assistant or occupational therapist assistant license.

(b) The executive administrator shall perform duties as prescribed by the board to include but not limited to:

- Perform a wide variety of administrative assignments necessary to ensure qualified individuals are issued professional licenses for physical therapists, physical therapist assistants, occupational therapists, and occupational therapist assistants.
- Collaborate with the PT compact to assure all compact privilege applications are processed appropriately and according to Compact and state requirements
- Perform duties to include managing applicant files in a variety of formats, utilizing the inhouse professional licensing database effectively, communicating with licensees verbally and in writing, and ensuring supplemental documentation is accurate, complete, and compliant with licensing standards. Licensing examiners are often the primary point of contact for the public and serve as a liaison between the division and applicants.
- Attend all Board meetings, all committee, workgroup and subcommittee meetings, take minutes at all meetings, type up all minutes, post public notices as required, coordinate industry collaboration w/ the board as required.
- Perform duties associated with regulation of licensees under this chapter as prescribed by the board
- Serve as a liaison to the legislative and executive branches of state government, the media, and the Alaska state physical therapy and occupational board.
- Serve exclusively to the physical therapy and occupational therapy board and shall not serve in any capacity to any other boards.

# Chapter 54. State Physical Therapy and Occupational Therapy Board.

12 AAC 54.is amended by adding a new section to Article 1:

# 12 AAC 54.505 Standards of practice for dry needling for physical therapists. (a) To

perform dry needling, a licensed physical therapist shall

(1) be able to demonstrate to the board that the physical therapist has completed

graduate or post graduate training in dry needling that must meet either the American Physical

Therapy Association (APTA) Guidelines, or the Federation of State Boards of Physical

Therapists (FSBPT) Standards or other state physical therapy boards guidelines and must include

(A) didactic instructions and courses in indications, contraindications,

emergency preparedness and response, potential risks, proper hygiene, proper use and

disposal of needles, and appropriate selection of patients;

(B) a written examination; and

(C) supervised, face-to-face, hands-on training and a practical

examination;

(2) perform a physical therapy evaluation, assessment, and reassessment of the patient with a diagnosis pertinent for each dry needling session; and

(3) obtain and document informed consent from the patient or the patient's representative as set out in Principle 2 of the *State Physical Therapy and Occupational Therapy Board Principles of Practice*, dated March 2015. The informed consent shall include the risks and benefits of the dry needling intervention, and the patient's understanding and acceptance of the intervention.

(b) A licensed physical therapist performing dry needling must be able to provide written documentation, upon request by the board, which substantiates appropriate training as required by this section. Failure to provide written documentation may result in disciplinary action.

(c) A licensed physical therapist shall not perform dry needling beyond the scope of the highest level of the physical therapist's training.

12 AAC 54.is amended by adding a new section to Article 5:

# 12 AAC 54.805 Scope of practice relating to dry needling for occupational

therapists. (a) To perform dry needling, a licensed occupational therapist shall

(1) have obtained a graduate or post graduate didactic education specializing in dry needling that must include:

(A) training courses approved by the American Occupational Therapy Association (AOTA) and designated as AOTA approved provider programs, or the American Physical Therapy Association (APTA) guidelines, or the Federation of State Boards of Physical Therapists (FSBPT) Standards, or other state physical therapy boards or state physical therapy association guidelines, or occupational therapy state boards or state occupational therapy associations guidelines, in indications, contraindications, emergency preparedness and response, potential risks, proper hygiene, proper use and disposal of needles, and appropriate selection of patients;

(B) a written examination; and

(C) supervised, face-to-face, hands-on training and a practical examination;

(2) independently perform an occupational therapy evaluation, assessment and reassessment, and develop the intervention the treatment plan of the patient for each dry needling session; and

(3) obtain and document informed consent from the patient or the patient's representative as set out in Principle 2 of the *State Physical Therapy and Occupational Therapy Board Principles of Practice*, dated March 2015. The informed consent shall include the risks and benefits of the dry needling intervention, and the patient's understanding and acceptance of the intervention.

(b) A licensed occupational therapist performing dry needling must be able to provide written documentation, upon request by the board, which substantiates appropriate training as required by this section. Failure to provide written documentation may result in disciplinary action.

(c) A licensed occupational therapist shall not perform dry needling beyond the scope of the highest level of the occupational therapist's training.

Rational for Recommended wording changes to current Regulation:

Number 1 on Page 1-Change "And" to "Or". If you don't do this then it is written to require a full PT or OT evaluation each and every visit. An evaluation is a very specific performance task and is only required during the initial visit of a patient, following a hospitalization or change in status. Most visits only require an ongoing assessment and or re-assessment. I think we need to be careful here not to be requiring the wrong thing and the documentation that comes along with it on each and every DN visit. I believe something to the effect of what the FSBPT has noted eg that "

"DN must be performed by a licensed physical therapist as it requires the clinical assessment skills that are not included in a physical therapist assistants training"

Number 2 on Page 1-Add the words "alternate treatment options". FSBPT consent recommendations for all such treatments must include informing the patient of similar or alternate treatment options to accomplish the desired outcome.

Number 1, 2, & 3 on Page 2 are all related to making the OT regulations mirror closely to the PT in format and wording. I believe it adds to confusion if they are substantively different.

Number 3 being included in the list of entities that need to provide approval make it seem like the entire graduate and post graduate training/courses are only in "indications, contraindications, emergency preparedness and response, potential risks, proper hygiene, proper use and disposal of needles, and appropriate patient selection." This sentence needs to be pulled out of that paragraph and listed just as it was in the PT regulation as "must include" this.

Draft 10/24/2024 rev 01.10.2025

**Commented [AO3]:** I have updated each section requiring fingerprints so the wording is consistent throughout. I added a new section .905 to outline the process and purpose of the fingerprint requirements; each section refers back to .905 for uniformity.

**Commented [AO4]:** I added this wording to connect the internship requirements under statute to the relevant portion of the applicant's education which the board accept as being sufficient for the purposes of an internship; the definition of "supervised field work" at 54.070 has been updated so it covers each statutorily required element of AS 08.84.032(a)(2). The only difference between regs is the citation to which relevant statute under which fingerprints are required in different situations.

12 AAC 54.040(c) is repealed:

(c) Repealed. [A FOREIGN-EDUCATED PHYSICAL THERAPIST OR PHYSICAL THERAPIST ASSISTANT APPLICANT SHALL COMPLETE AN INTERNSHIP UNDER THE ON-SITE SUPERVISION OF A CURRENTLY LICENSED PHYSICAL THERAPIST IN AN INSTITUTION THAT MEETS THE REQUIREMENTS OF (d) OF THIS SECTION AND AS 08.84.032(a)(2). THE BOARD WILL NOT CONSIDER INTERNSHIP HOURS CLAIMED BEFORE THE DATE THE BOARD PRE-APPROVES THE INTERNSHIP. A FOREIGN-EDUCATED PHYSICAL THERAPIST OR PHYSICAL THERAPIST ASSISTANT APPLICANT SHALL COMPLETE AN INTERNSHIP BASED ON

(1) A MINIMUM OF SIX MONTHS OF FULL-TIME WORK, AVERAGING NOT LESS THAN 35 HOURS PER WEEK; OR

(2) PART-TIME WORK AVERAGING LESS THAN 35 HOURS PER WEEK, BUT EQUIVALENT TO THE TOTAL MINIMUM NUMBER OF HOURS REQUIRED UNDER (1) OF THIS SUBSECTION.]

12 AAC 54.040(d) is repealed:

(d) Repealed. [AN INSTITUTION USED FOR AN INTERNSHIP MUST HAVE AT LEAST TWO FULL-TIME PHYSICAL THERAPISTS ON THE STAFF LICENSED UNDER THIS CHAPTER AND BE IN A CLINIC SETTING PROVIDING A VARIED CASE LOAD TO BE APPROVED BY THE BOARD. A GOVERNMENT SERVICE HOSPITAL MAY BE USED IF THE HOSPITAL MEETS THE REQUIREMENTS OF THIS SUBSECTION.]

Draft 10/24/2024 rev 01.10.2025

12 AAC 54.040(e) is repealed:

(e) Repealed. [A LICENSED PHYSICAL THERAPIST WHO SERVES AS A PRECEPTOR TO A FOREIGN-EDUCATED INTERN APPLICANT SHALL ASSUME RESPONSIBILITY FOR THE INTERN'S EXPERIENCE AND THE SAFETY AND WELFARE OF THE PATIENT.]

12 AAC 54.040(f) is repealed:

(f) Repealed. [A LICENSED PHYSICAL THERAPIST WHO SERVES AS A PRECEPTOR UNDER THIS SECTION SHALL DIRECTLY SUBMIT A NATIONAL PERFORMANCE EVALUATION TOOL THAT IS RECOGNIZED BY THE BOARD TO THE DEPARTMENT. ON THE TOOL, THE PRECEPTOR SHALL ATTEST TO THE APPLICANT'S

(1) SATISFACTORY OR UNSATISFACTORY COMPLETION OF THE INTERNSHIP; AND

(2) LEVEL OF SKILL IN COMPLETION OF EVALUATION, PROGRAM PLANNING, THERAPEUTIC PRACTICE, POTENTIAL ABILITY TO PRACTICE SAFELY WHILE UNSUPERVISED WITH SOUND PROFESSIONAL JUDGMENT, AND ETHICS RELATED TO THE PRACTICE OF PHYSICAL THERAPY.]

4

12 AAC 54.040(g) is repealed:

(g) Repealed [IF A LICENSED PHYSICAL THERAPIST WHO SERVES AS A PRECEPTOR WILL NOT RECOMMEND TO THE BOARD THAT THE APPLICANT IS QUALIFIED TO WORK UNSUPERVISED AT THE END OF AN INTERNSHIP UNDER (c) OF THIS SECTION, THE BOARD MAY REQUIRE THE APPLICANT TO ARRANGE FOR ANOTHER INTERNSHIP EQUIVALENT TO SIX MONTHS OR LESS. THE BOARD MUST APPROVE ANY CHANGE IN A PRECEPTOR BEFORE THE CHANGE TAKES EFFECT. IF THE APPLICANT IS NOT RECOMMENDED BY A PRECEPTOR AS QUALIFIED TO WORK INDEPENDENTLY AT THE END OF A SECOND INTERNSHIP, THE BOARD MAY DENY LICENSURE.]

12 AAC 54.040(h) is repealed:

(h) Repealed. [IF A LICENSED PHYSICAL THERAPIST WHO SERVES AS A PRECEPTOR DETERMINES THAT AN APPLICANT IS UNQUALIFIED TO CONTINUE THE INTERNSHIP, NOTHING IN THIS SECTION OBLIGATES THE PRECEPTOR OR THE PRECEPTOR'S FACILITY TO EITHER COMPLETE A SIX-MONTH INTERNSHIP OR PROVIDE A SECOND INTERNSHIP FOR THAT APPLICANT. A PRECEPTOR WHO TERMINATES THE INTERNSHIP OF AN APPLICANT BEFORE THE SCHEDULED COMPLETION DATE MUST NOTIFY THE BOARD IN WRITING AND STATE THE REASON FOR THE TERMINATION. EITHER AN INTERN OR A PRECEPTOR MAY REQUEST AN ADVISORY REVIEW OF THE INTERNSHIP BY THE BOARD.]

12 AAC 54.040(i) is amended to read:

**Commented [AO5]:** 54.040(i) was initially slated for repeal. However, I have retained it to retain the ability for an applicant to apply for a temp permit if he/she meets the requirements and scheduled for the exam. I didn't think the board intended to do away with this but may be mistaken. For the board's consideration.

(i) An applicant [AFTER A] who meets the requirements of this section [HAS SATISFACTORILY COMPLETED AN INTERNSHIP] and has been scheduled for the national physical therapy examination, [THE APPLICANT] may apply for a temporary permit under AS 08.84.065 and 12 AAC 54.050.

#### 12 AAC 54.040(j) is repealed:

(j) Repealed. [TO RECEIVE CREDIT FOR AN INTERNSHIP, AN APPLICANT MUST TAKE AND PASS THE NATIONAL PHYSICAL THERAPY EXAMINATION EITHER BEFORE COMPLETING THE INTERNSHIP OR NOT LATER THAN ONE YEAR AFTER COMPLETING THE INTERNSHIP.]

#### 12 AAC 54.040(*l*) is repealed:

(*l*) Repealed. [IN THIS SECTION, "PRECEPTOR" MEANS A CURRENTLY LICENSED PHYSICAL THERAPIST UNDER THIS CHAPTER WHO PROVIDES ON-SITE SUPERVISION FOR AN INDIVIDUAL WHO IS COMPLETING AN INTERNSHIP UNDER THIS SECTION.]

12 AAC 54.050(b) is amended to read:

(b) Except where (d) below applies, the board or department will issue a temporary permit to an applicant for a physical therapist or physical therapist assistant license by credentials, other than an applicant who is a graduate of a school of physical therapy that is located outside the United States, if the following are on file with the department:

(1) a complete application on a form provided by the department;

- (2) the temporary permit fee established in 12 AAC 02.320;
- (3) all items required under 12 AAC 54.100; or

(4) 12 AAC 54.100(1)-(4) and while undergoing the supervised clinical practice

component of Supervised Service Delivery of 12 AAC 54.535.

12 AAC 54.050 is amended by adding a new subsection to read:

(d) The board will issue a temporary permit to an applicant as a prerequisite to the supervised clinical practice component required for licensure by credentials by way of supervised service delivery in accordance with 12 AAC 54.100(5)(C); the applicant must have

(1) requested and obtained board approval of the applicant's proposed plan to meet the supervised service delivery requirements set out under 12 AAC 54.540; and

(2) submitted all items required under 12 AAC 54.100(2)-(4).

**Commented [AO6]:** Removed (4), adding a prelude to the intro of (b) and adding a new (d). The revised wording provides clarity by setting out the different circumstances where the board will issue a temp permit - necessary to differentiate temp permits for supervised service delivery.

**Commented [AO7]:** I revised 54.050 to incorporate the wording that was previously under .030(a)(2) - essentially the requirement and ability for the board to issue temp license to an applicant when completing the clinical practice element of the supervised service delivery option.

#### 12 AAC 54.070 is amended to read:

### **12 AAC 54.070. Supervised field work**. [AS USED IN AS 08.84.030(a)(1),]

"Supervised field work" means the clinical education experience portion of a CAPTE-accredited educational program to be completed <u>in a setting that ordinarily provides physical therapy</u> under the <u>continuous direction and</u> supervision of a licensed physical therapist<u>or a physical</u> <u>therapist practicing under a valid compact privilege issued in accordance with AS</u>

08.84.188. (Eff. 3/27/2024, Register 249; am / / , Register )

**Commented [AO8]:** Removed this proposed (9) from .050(b) as unnecessary when deleting "internship" requirements under (h). - all such requirements are now found in one place .540

**Commented [AO9]:** Revised this regulation so that it now references the individual elements that are required by statue to meet AS 08.84.032(a)(2).

By way of summary, I made a number of revisions to the draft regulations relating to "internship" and "supervised field work" as they pertain to foreign educated applicants and AS 08.84.032(a)(2). For ease of review, the amendments to .040:

- 040(a)(1) now clearly sets out the requirement that the applicant's educational program must include and document "supervised field work" (as defined in 070) to be considered as substantially equivalent to a CAPTE accredited program. As amended, it is now clearly stated that an applicant will comply with AS 08.84.032(a)(2) without needing to undergo any additional steps/training/internship provided their education program is substantially equivalent to CAPTE accredited program which is an existing requirement already.

Although this amendment includes wording to the effect that an applicant will only comply with AS 08.84.032(a)(2) if the supervised field work is documented, I would suggest the board can be satisfied that any such clinical experience would be included in the transcripts already being sent for evaluation.

**Commented [AO14]:** It is not possible to make the proposed change to "your" in place of "the licensee". Regulations are to be written in the third person and in an active voice. I have left this as written currently.

**Commented [AO15]:** Unfortunately, as written this sentence is unclear, ambiguous, and unenforceable so did not meet the basics elements of a regulation. I have suggested alternate wording that covers the intention behind the unworkable sentence - so a licensee working via telehealth and whose license may not be easily visible on the screen (or at all if over the phone) that license must be available for inspection by either the public or the board.

54.405(a)(2), and 12 AAC 54.950(e). An applicant for supervised service delivery under this section must obtain board approval before the process can begin.

(b) To be approved, the applicant must prepare and submit a detailed proposal to the board setting out the applicant's intended plan for a completed supervised service delivery specific to the applicant's individual circumstances. The proposal must include

(1) the requisite number of continuing education hours as calculated by the applicant. An applicant must complete 12 continuing education hours for each year in which the applicant was not practicing physical therapy; the number of hours may not exceed 96 contact hours in total;

(2) a list of the specific continuing education activities that the applicant must preselect to meet (1) above; each activity must meet the criteria set out under 12 AAC54.420 and be approved by the board. Once the board approves the applicant's plan, the applicant is not permitted to exchange a preselected activity for an alternative activity.;

(3) the requisite number of supervised clinical practice hours to be completed under the supervision of a licensed physical therapist. The applicant must calculate the required number of hours based on eight hours of supervised clinical practice for each year in which the applicant was not practicing physical therapy, not to exceed 80 hours in total; and

(4) the name and contact information of the supervising physical therapist and the address of the intended setting in which the applicant will complete the supervised clinical practice hours.

(c) Supervised clinical practice required under (b)(3) and (4) above, must take place:

 under the continual on-site supervision of a physical therapist licensed under this chapter; and

(2) in an institution that ordinarily provides physical therapy and has on staff at least one physical therapist licensed under this chapter.

(d) A licensed physical therapist serving as a supervisor is responsible for the clinical experience and for the safety and welfare of the patient.

(e) Upon an individual's completion of the supervised service delivery, the supervisor shall submit, on a form provided by the board, a statement attesting to the individual's satisfactory or unsatisfactory completion of the supervised service delivery.

(f) The applicant must hold either a temporary permit or an active license to begin the supervised clinical practice hours required under (b)(3) and (4) above.

(g) For the purposes of this section and to in determining the number of hours required under (b) above, any part of a calendar year in which the applicant was not practicing physical therapy shall equal one full year.

(h) The applicant must complete each element of the proposed supervised service delivery within eight months of receiving board approval of the applicant's plan.

#### 12 AAC 54.535, PHYSICAL THERAPY SUPERVISED SERVICE DELIVERY

**STANDARDS.** (a) This section establishes the standards for a physical therapy supervised service delivery required under 12 AAC 54.100(5)(C), 12 AAC 54.405(a)(2)(D), or 12 AAC 54.950(e). A supervised service delivery consists of two components that must be approved by the board prior to onset. Individuals have eight months to complete all components once board

**Commented [AO16]:** This is the original proposed wording for supervised service delivery provisions. I have made further revisions to elaborate and restructure the necessary steps and requirements so it is easy to follow.

approval has been received. Any part of a calendar year without service delivery equals one full year for determination of (1) and (2) below. 1. Continuing Education equals twelve contact hours per year not to exceed ninety-six contact

hours. i. Coursework to be pre-selected per 12 AAC 54.420 educational requirements.

2. Supervised clinical practice equals eight hours per year of supervised clinical practice with a maximum eighty hours required. A temporary permit or active license is required for this component. Supervised service delivery must take place: i. under the continual on-site supervision of a physical therapist licensed under this chapter; and ii. in an institution that ordinarily provides physical therapy and has on staff at least one physical therapist licensed under the supervised herapy and has on staff at least one physical therapist licensed under the supervised herapy and has on staff at least one physical therapist licensed under the supervised herapy and has on staff at least one physical therapist licensed under the supervised herapy and has on staff at least one physical therapist licensed under the supervised herapy and has on staff at least one physical therapist licensed under the supervised herapy and herapist licensed under the supervised herapy and h

b) A licensed physical therapist serving as a supervisor is responsible for the clinical experience and for the safety and welfare of the patient.

c) Upon an individual's completion of the supervised service delivery, the supervisor shall submit, on a form provided by the board, a statement attesting to the physical therapist's or physical therapist assistant's satisfactory or unsatisfactory completion of the supervised service delivery.

(7) For the purposes of this chapter "supervised service delivery" for physical therapists and physical therapist assistants means a two-part, professional development process that includes both supervised clinical practice and continuing education as determined under 12 AAC 54.540.

12 AAC 54.590 is amended by adding new subsection to read:

(c) In AS 08.84.188, "licensed" includes a physical therapist or physical therapist assistant authorized to practice physical therapy in Alaska pursuant to an Alaska compact privilege issued by the Interstate Physical Therapy Compact Commission.

**Commented [AO17]:** Not necessary - the concept of supervised service delivery is adequately covered and defined under .5404

**Commented [AO18]:** I am not clear what purpose this definition serves. AS 08.84.188 includes a definition of "licensee" for the purposes of the compact enacted under .84.188. The proposed language here appears to be redundant as repeating the definition already in statute without adding anything to the regulations.

**Commented [AO19]:** Repealing all of 54.600 is not necessary as it can be easily amended so that it relates solely to licensure by examination. Licensure by credentials is set out under the new 54.605

# 12 AAC 54.840. Occupational therapy supervised service delivery

**standards.** (a) This section establishes the standards and requirements applicable to the occupational therapy supervised service delivery option offered to applicants under 12 AAC 54.600(C), 12 AAC 54.705(a)(2)(D), and 12 AAC 54.950(e). An applicant for supervised service delivery under this section must obtain board approval before the process can begin.

(b) To be approved, the applicant must prepare and submit a detailed proposal to the board setting out the applicant's intended plan for a completed supervised service delivery specific to the applicant's individual circumstances. The proposal must include

(1) the requisite number of continuing education hours as calculated by the applicant. An applicant must complete 12 continuing education hours for each year in which the applicant was not practicing occupational therapy; the number of hours may not exceed 96 contact hours in total;

(2) a list of the specific continuing education activities that the applicant must preselect to meet (1) above; each activity must meet the criteria set out under 12 AAC54.715 and be approved by the board. Once the board approves the applicant's plan, the applicant is not permitted to exchange a preselected activity for an alternative activity.

(3) the requisite number of supervised clinical practice hours to be completed under the supervision of a licensed occupational therapist. The applicant must calculate the required number of hours based on eight hours of supervised clinical practice for each year in which the applicant was not practicing occupational therapy, not to exceed 80 hours in total; and

(4) the name and contact information of the supervising occupational therapist and the address of the intended setting in which the applicant will complete the supervised clinical practice hours.

(c) Supervised clinical practice required under (b)(3) and (4) above, must take place:
 (1) under the continual on-site supervision of an occupational therapist licensed under this chapter; and
 33

(2) in an institution that ordinarily provides occupational therapy and has on staff at least one occupational therapist licensed under this chapter.

(d) A licensed occupational therapist serving as a supervisor is responsible for the clinical experience and for the safety and welfare of the patient.

(e) Upon an individual's completion of the supervised clinical practice, the supervisor shall submit, on a form provided by the board, a statement attesting to the individual's satisfactory or unsatisfactory completion of the supervised clinical practice

(f) The applicant must hold either a temporary permit or an active license to begin the supervised clinical practice hours required under (b)(3) and (4) above.

(g) For the purposes of this section and to in determining the number of hours required under (b) above, any part of a calendar year in which the applicant was not practicing occupational therapy shall equal one full year.

(h) The applicant must complete each element of the proposed supervised service delivery within eight months of receiving board approval of the applicant's plan.

## 12 AAC 54.830. OCCUPATIONAL THERAPY SUPERVISED SERVICE

**DELIVERY STANDARDS.** (a) This section establishes the standards for an occupational therapy supervised service delivery required under 12 AAC 54.600(6)(C), 12 AAC 54.705(a)(2)(D), or 12 AAC 54.950(e). A supervised service delivery consists of two components that must be approved by the board prior to onset. Individuals have eight months to complete all components once board approval has been received. Any part of a calendar year without service delivery equals one full year for determination of (1) and (2) below.

 Continuing Education equals twelve contact hours per year not to exceed ninety-six
