CPA EXAM/NTS - COVID19 UPDATE

The Alaska Board of Public Accountancy acted at their August 28, 2020 teleconference meeting to grant an additional extension in response to the ongoing Covid19 pandemic.

All Exam credit with original expirations dates from April 1, 2020 to December 30, 2020, will be further extended until June 30, 2021. No action is required by candidates and there is no need to contact NASBA or the Alaska State Board of Public Accountancy. NASBA will automatically update your credit expiration. It will take time to update all the extensions, so please be patient.

At this time the Board is not entertaining extension requests for scores that expire in 2021. If this changes, updated information will be posted to the website.

If you are a candidate that is requesting a NTS extension, you need to submit that request to NASBA directly; they will update their website (<https://nasba.org/exams/cpaexam/alaska/>) with the required request form once it is ready. NASBA will screen the requests and submit their recommendations to the AK Board for action.

Prometric is continuing to re-open test sites; you will want to visit their site directly, for the most up to date information: <https://www.prometric.com/corona-virus-update>
