EMERGENCY ORDER 2020-3

APRIL 24, 2020

In response to the COVID-19 Public Disaster Emergency Declaration signed by Governor Mike Dunleavy on March 11, 2020, the Board of Pharmacy voted on March 27, 2020, to repeal and amend the expiration date for licenses under its purview.

Pharmacist, pharmacist intern, pharmacy technician, pharmacy, wholesale drug distributor, outsourcing facility, third-party logistics provider, and drug room licenses are due for a June 30, 2020, renewal per 12 AAC 52.300. The board voted to extend to September 30, 2020, or another date approved by the board.

Recognizing the public disaster may require these licensees to focus on delivering health care and may impede their ability to access documents required for renewal, the intent of this emergency regulation is to extend the window of time for these licensees to renew.

Under delegation of authority from Commissioner Julie Anderson and the authority conferred to my position under the uncodified law set forth in SB 241, I am setting the expiration of the current certification period as 12:00 a.m. on September 30, 2020.

This order may be superseded by a subsequent order from the director or an order or regulation adopted by the Board of Pharmacy.

A handwritten signature in cursive script that reads "Sara Chambers".
