Subject: 2nd Offense Language  
Implemented: December 4, 2017

It is the position of the Big Game Commercial Services Board that in cases where a person licensed under this board is found to have committed a violation, when and where appropriate and applicable, they will be sanctioned using the published Guideline and Precedence (G&P) as a guideline for their sanction.

A violation shall be considered a second violation so long as the violation is within the same category as the first violation. It is necessary for the second violation, or any following thereafter, to be of the same nature as the first, or previous violations, for the second to be considered a second violation. By extension, should this same licensee be found to have committed a third, subsequent violation that is of the same nature as the first and second violation then it will be considered a third violation and the appropriate third violation column of the G&P can be used to administer a sanction.
