STATE MEDICAL BOARD

**MINUTES OF MEETING
February 7-8, 2019**

By authority of AS 08.01.070(2) and in compliance with the provisions of AS 44.62, a regularly scheduled meeting of the Alaska State Medical Board was held on Thursday and Friday, February 7-8, 2019 in Anchorage, Alaska.

Thursday, February 7, 2019

Call to Order

The meeting was called to order by Craig Humphreys, MD, Chair, at 9:05 a.m.

Roll Call

Board members present:

Cam Carlson, Public Member
Brück A. Clift, MD
Catherine Hyndman, MD
Sai-Ling Liu, DO (by teleconference)
Doug Mertz, Public Member
Joy M. Neyhart, DO
Timothy Olson, PA-C
Craig Humphreys, MD

Board staff present: Debora Stovern, Executive Administrator

There were no visitors present.

- Report from safety officer – Ms. Stovern noted appropriate emergency exits and gathering location.

Agenda Item Review Agenda

The Board reviewed the agenda.

Agenda Item 1 Board Business

The following Board Business was addressed:

- Ethics Reporting – there were no ethics conflicts to report.

- Board Disciplinary Guidelines – the Board has well-established policies and procedures to investigate complaints and malpractice settlements, and take disciplinary action as appropriate. The Board has worked with its investigative staff to develop specific disciplinary guidelines in order to mete out consistent and effective sanctions when violations occur. In addition, the Board has adopted regulations to implement statutory requirements regarding the registration and use of the Prescription Drug Monitoring Program (PDMP), and professional standards for prescribing controlled drugs. A report from the PDMP was included in the Board packet for further review.

At the August 2018 meeting, the Board reviewed their disciplinary guidelines and approved new categories of complaint for prescribing issues related to the registration and use of the PDMP, and prescribing controlled substances, as well as “housekeeping” revisions to existing guidelines. The revised guidelines were included in the Board packet for further review.

- Board Policies, Procedures, and Guidelines – The Board routinely makes determinations on various application and practice matters; those determinations are compiled by the Executive Administrator as Board Policies and Procedures are used by Board staff to provide consistent and effective support to the Board, and information to applicants, licensees, and the public. More complex procedures are compiled as Board Guidelines, which are published on the Board’s website.

The Board reviewed their current guidelines regarding controlled substances prescribing, as well as a letter from the Pharmacy Board regarding some recent issues with pharmacists filling such prescriptions. Dr. Humphreys volunteered to contact the Pharmacy Board Chair to discuss the issue further.

- Discuss Licensure Compacts – the Board continues to support the Interstate Medical Licensure Compact for physician licensure. The Board supported legislation previously introduced to implement the Compact, which would create an additional pathway to licensure for the most highly qualified applicants. Although the legislation did not pass, the Board expects to support future legislation if something similar is introduced.

The Division has recently become aware of a compact for EMS personnel that includes Paramedics, EMTs, and AEMTs. The Recognition of EMS Personnel Licensure Interstate Compact (REPLICA) is set up to allow for multi-state practice under one state license. The Board will hear a briefing on the REPLICA Compact under Agenda Item 9, to be presented by staff from the Office of Emergency Medical Services, Department of Health and Social Services.

Upon a motion duly made by Dr. Neyhart, seconded by Dr. Clift, and approved unanimously, the Board granted a full unrestricted license to Timothy Paul Armstrong, MD.

Agenda Item 10 Regulations Information and Updates

Pending regulation projects:

The Board reviewed their draft regulations regarding delegation of routine duties to unlicensed assistive personnel, medical licensing process, Physician Assistant licensing, Codes of Ethics, Podiatrist residency program requirements, and meeting requirements. They completed the FAQ for each proposed change, so that the project may be sent out for public comment and considered for adoption at the May meeting.

Potential regulation projects:

The Board reviewed their requirements regarding graduates of international medical schools. The Board had previously adopted regulations setting requirements for graduates of foreign medical schools, which are not accredited by the Association of American Medical Colleges and the Council on Medical Education of the American Medical Association. The Board had determined that it was imperative to ensure that an applicant's medical education meets appropriate minimum standards, regardless of the quality of their postgraduate training. Because there is no accrediting body for foreign medical schools, and because the Board did not have the resources to adequately vet foreign medical schools, it chose to accept the California Medical Board's vetting process, and adopted a regulation (12 AAC 40.016) requiring an applicant who is a graduate of an unaccredited foreign medical school to have graduated from a school on the October 11, 2006 list titled *Medical Schools Recognized by the Medical Board of California*. As required by the Office of the Attorney General, the Board adopted the specific version of the California list that was current at that time (2006.)

Note: The Board's authority to adopt the California list was challenged in a 2013 Alaska Superior Court case; the court upheld the Board's authority to adopt the regulations, and also denied violation of equal protection guarantees.

Ms. Stovern reported that it has come to the attention of staff there may be some potentially unintended consequences of relying on the 2006 California list. For example: An applicant may have graduated from a foreign medical school that is or was on the California list at the time of attendance and graduation, but was not on the 2006 California list. Or an applicant may have graduated from a foreign medical school at a time when the school was not on the list, but the school is on the 2006 list.

The Board discussed the potential options, including

- adopting a more current version of the California list – this may or may not correct the issue
- or requiring that the school appear on the list that was current as of the time they attended and graduated from the school – this may be problematic in determining whether the school was on the list at that time.

The Board determined to continue discussion of the matter at the next meeting and directed Ms. Stovern to research these ideas for additional information

Regulation Process

A Division publication regarding the steps in the regulation process was included in the Board packet for further review.

Agenda Item Probation Matter

Investigator Homestead joined the meeting.

Upon a motion duly made by Dr. Neyhart, seconded by Dr. Clift, and approved unanimously, the Board entered into executive session in accordance with AS 44.62.310(c) and Alaska Constitutional Right to Privacy Provisions, for the purpose of discussing probation matters; with Board executive and investigative staff remaining during the session.

In the Matter of Case No. 2017-000473

The Board reviewed a request by a probationee to modify the conditions of an existing consent agreement.

The Board entered executive session at 2:30 p.m., and went back on the record at 2:45 p.m.

Upon a motion duly made by Dr. Hyndman, seconded by Dr. Clift, and approved unanimously, the Board agreed to modify the Consent Agreement for John Pappenheim, MD, Case No. 2017-000473, and release him from the psychotherapy counseling requirement under Paragraph K of his Consent Agreement. All other conditions of the Consent Agreement remain unchanged.

The adoption order was signed by the chair.

Upon a motion duly made by Dr. Neyhart, seconded by Dr. Hyndman, and approved unanimously, the Board entered into executive session in accordance with AS 44.62.310(c) for the purpose of discussing OAH Case No. 18-0846-MED; with Board staff remaining during the session.

The Board entered executive session at 12:23 p.m. Administrative Law Judge Andrew Lebo joined the executive session at 12:59 p.m. The Board went back on the record at 1:25 p.m.

ALJ Lebo departed from the meeting.

Upon a motion duly made by Dr. Neyhart, seconded by Dr. Clift, and approved unanimously, the Board entered into executive session in accordance with AS 44.62.310(c) for the purpose of discussing OAH Case No. 18-0846-MED; with Board staff remaining during the session.

The Board entered executive session at 12:36 p.m. The Board went back on the record at 1:53 p.m.

Upon a motion duly made by Dr. Hyndman, seconded by Dr. Clift, and approved unanimously, in the matter of Peter J. Osterbauer, M.D., OAH No. 18-0846-MED, and Case Numbers 2018-000793 and 2017-000541, the Board selected Non-Adoption Option B. In accordance with AS 44.64.060(e)(3), the Board revises the enforcement action, determination of best interest, order, award, remedy, sanction, penalty, or other disposition of the case as follows:

- **On page 2 of the Proposed Decision and Order, revises the last phrase of the first paragraph to read "and an additional fine in the amount of \$25,000."**
- **On page 12 of the Proposed Decision and Order, revises the last paragraph to read: The Board believes that Dr. Osterbauer's repeated violations of consent agreements - specifically his failure to abstain from consuming alcohol - requires us to take accelerated steps to require compliance. Therefore, the Board orders that Dr. Osterbauer's license be suspended for 18 months from this date; that the conditions of his 2017 consent agreement are continued and incorporated into this order, including**

the requirement of complete abstinence from consuming alcohol; and imposing a regimen of 90 AA meetings over a 90-day period; continuing his daily Antabuse dosing while having it monitored by his employer; continuing the counseling and work with the PHC, as required under the consent agreement; undergoing daily UAs at his place of employment; imposition of a 10-year period of probation starting as of the effective date of this decision; immediately beginning payments on the \$10,000 fine already due for violating the consent agreement (if not already begun); an additional fine at the maximum level the Board is authorized to impose, \$25,000;50 and a public reprimand.

- **The Board wishes to make clear that if he fails to comply with these requirements, it intends, absent compelling evidence in his defense, to move toward revocation of his license.**

The Board determined to have their Board Guideline regarding Applicants with Substance Abuse History reviewed by the Office of Attorney General for future guidance.
