14 available to the board to make responses to professional fitness questions confidential. Ms. Weigand  
15 responded that it would require a statutory amendment giving the board the authority to create an  
16 exception to the Alaska Public Records Act. Ms. Weigand briefly explained the process for requesting a  
17 statutory amendment.  
18

19 The board and Ms. Weigand discussed the difference between medical records, which are covered  
20 under HIPAA, versus a narrative provided by an applicant in response to professional fitness questions.

22 asked. The board also discussed its responsibility to connect applicants and licensees to the Physician  
23 Health Committee.

39 expedite their licensure and clarified the intent of the ECL application. Dr. Parker suggested improving  
40 the standard application process to address the issue. The board also discussed reviewing specialties to  
41 determine necessity of an emergency.  
42

43 The Chair expressed his apologies to the board and left the meeting. Secretary Boswell took over  
44 chairing the meeting and requested Ms. Jones continue with the report.
