Agenda Item – Public Comment

Mercy Dennis – Discussed the senior license, reviewing past agendas to highlight when the senior license was addressed or omitted. She expressed her concerns about the ongoing pursuit of the senior license.

Kelsey Fox – Discussed the licensure compact, the status of the workgroup, its progress, whether we will receive updates about it, how the workgroup is structured, and why the renewal application is available so late in the year.

Susan Niman – Inquired if old form for CE courses can be used, or if there is going to be a new one. She also asked what the goals are for the senior license.

Board members – Responded to questions from public members. Shawnmarie explained how the subcommittee (workgroup) was formed. Richard discussed the senior license, emphasizing its importance. He believes it is a priority to include it in the statutes. He stated if we can get it added during the upcoming legislative session, it will be important to incorporate it into the existing language, especially since it was stalled in the last session.

94 **Off Record – 11:27am**

95 **On Record – 11:33am**

96

97 **Agenda Item - 10:00 AM Administrative Business**

98 The board discussed each customer correspondence.

99 A. Customer Correspondence –

100

101 **Question #1** - The previous SE modules were all approved for CEUs by the NY board of marital and
102 family therapy, as well as numerous other boards for mental health professionals. The sixth and
103 final module is approved for acupuncturists and physical therapists but does not have mental
104 health CEUs. I'm uncertain if this counts as a closely related field toward my required CEUs for
105 licensure, or if I need to supplement with additional CEUs.

106 **Board Response:** To be accepted by the board, continuing education must contribute directly to
107 the professional competency of a marital and family therapist and must be directly related to the
108 skills and knowledge required to implement marital and family therapy principles and methods.

109

110 **Question #2** - We were encouraged during the training to contact our individual state licensing
111 boards before adding therapeutic somatic touch work to our practices to ensure compliance with
112 legal and ethical statutes. I'm wanting to know the Alaska board's position on LMFTs incorporating
113 this into our psychotherapy practice. I don't want to start including therapeutic touch work in my
114 practice until I understand the board's position. Obviously, I will not engage in touch work as an
115 LMFT if prohibited by the board.

116 **Board Response:** As long as the individual is practicing ethically within their training and
117 experience and scope of practice, it is not something the board would prohibit.

118

119 **Letter to Licensing Boards** – A letter from the Alaska Behavioral Health Association informing the
120 board of their future plans and anticipated participation from the board.

121

122 B. Future meetings are scheduled as follows - January 9th from 1 PM to 3 PM for discussing statute
123 proposals, and a quarterly board meeting on March 24th at 9 AM

124 C. Future Board Travel - The date of the AMFTRB annual meeting is not yet set and will occur
125 sometime between September 14 and 20.

126
127 **Agenda Item – Application Review**

128 **A. Tabled Applications - CE Courses** – The board discussed the CE applications and agreed on a
129 response to the applicant. **Board Response** – Request the post-test so the board can review it
130 before approving/denying.

131 **B. Applications- Quorum not met**

132
133 **In a motion duly made by Kayla Green, seconded by Richard Clampitt, with unanimous consent, move**

147 **Agenta Item – New Business**

148 **A. AI Discussion** - The discussion centered on the benefits of AI for the profession, its potential
149 effects, and its impacts. All board members expressed the need to create a position statement
150 to provide recommendations to licensees on best practices.

151
152 **B. Subcommittee Meeting** - Discussed the subcommittee meeting where two members joined
153 Shawnmarie. They expressed their concerns and ideas regarding individuals who arrive during
154 the summer months but are not permanent residents and have mental health providers located
155 out of state. They noted that a lack of cultural awareness is a significant issue. There was
156 discussion about possibly seeking a statute change to allow for a temporary license with specific
157 stipulations or continuing the two-year license but with additional requirements aimed at
158 improving cultural awareness. - **Shawnmarie Carpenter**

159
