By authority of AS 08.01.070(2) and in compliance with the provisions of Article 6 of AS 44.62, a scheduled meeting of the Board of Pharmacy was held August 22 - 23, 2013, at 550 W. 7th Ave., Suite 602, Anchorage, Alaska.

The meeting was called to order by Richard Holm, President, at 9:05 a.m.

33
34
35
36
37
38

Call to Order/Roll Call

Those present, constituting a quorum of the board, were:

39
40
41
42
43
44
45
46

Anne Gruening – Public Member – Juneau
C. J. Kim – R. Ph. – Anchorage
Taryl Giessel – Public Member – Eagle River
John Cotter – R. Ph. – Fairbanks
Lori DeVito- R. Ph. - Soldotna
Richard Holm – North Pole
Dirk White – R. Ph. - Sitka

In attendance from the Division of Corporations, Business & Professional Licensing, Department of Commerce, Community and Economic Development were:

Donna Burns, Licensing Examiner – Juneau
Don Habeger, Division Director – Juneau
Daniel Patrick, Deputy Commissioner - Anchorage

Agenda Item 1- Review Agenda

The board reviewed the agenda and no changes were made. Mr. Holm noted that even though the content of the board packet was not as full as previous meetings there is a full agenda with topics that will provide some in depth and lengthy discussion.

On a motion duly made by Ms. DeVito, seconded by Ms. Giessel and approved unanimously, it was

47 **RESOLVED to approve the agenda and no changes were made.**

48

49

50 **Agenda Item 2- Minutes**

51

52 The Board reviewed the minutes from the May 9 - 10, 2013 meeting. There
53 were a few typing errors noted for correction. Mr. Holm had a question on Item 5,
54 PDMP, Mr. Cotter was to have provided PDMP Guidelines from the Arizona Board of
55 Pharmacy and had not done so. Mr. Cotter will forward the information to the board
56 for discussion at the November Board of Pharmacy meeting. Agenda Item 11, High
57 Risk Pharmacies, Ms. DeVito and Mr. Cotter were to have met to develop an
58 inspection report for inspection of new pharmacies. Sher sent an excellent example
59 of one, but Ms. DeVito and Mr. Cotter did not have a chance to meet. Ms. DeVito and
60 Mr. Cotter will meet before the November meeting and share with the board what
61 they developed at the November meeting.

62

63 **On a motion duly made by C.J. Kim, seconded by Ms. DeVito and approved**
64 **unanimously, it was**

65

66 **RESOLVED to approve the minutes of the May 9 - 10, 2013 meeting with**
67 **corrections as noted.**

68

69 The Board reviewed the draft minutes from the June 7, 2013 Teleconference.

70

71 **On a motion duly made by C.J. Kim, seconded by Ms. Gruening and approved**
72 **unanimously, it was**

73

74 **RESOLVED to approve the minutes of the June 7, 2013 Teleconference**
75 **with correction.**

76

77 9:16 a.m. – Dirk White arrived

78

79 The Board reviewed the draft minutes from the July 23rd, 2013 Teleconference.

80

81 **On a motion duly made by Ms. DeVito, seconded by Ms. Giessel and approved**
82 **unanimously, it was**

83

84 **RESOLVED to approve the minutes of the July 23rd, 2013**
85 **Teleconference with noted typing corrections.**

86

87

88 **Agenda Item 3- Ethics**

89

90 Mr. Holm called for any ethic disclosures to make. No ethic disclosures to report.

91

92 **Agenda Item 4 -Budget Review**

93

94 Ms. Burns notified the board the Division update regarding the Expense Report will
95 not be available until September. The report received in September will be
96 reviewed by the board at the November board meeting.

97

98 **Agenda Item 5 - AKPha Report**

99

100 Nancy Davis was out of town for the August board meeting and advised Ms. Burns
101 that she was going to send someone in her place to report to the board. No one
102 attended to provide a report.

103

104 The board noted they were ahead of schedule and decided to move to Agenda Item 7
105 Regulation Project due to the number of regulation changes and the amount of
106 public comment received for the proposed changes.

107

108 **Agenda Item 7- Proposed changes in the Regulations of The Board Of**
109 **Pharmacy**

110

111 The board reviewed all of the written public comments received and each individual
112 proposed regulation change. Due to the length of the review and the shortness of
113 time needed, the board decided to keep on schedule and will vote on the regulation
114 changes at 11:00 a.m. after the PDMP Report given by Brian Howes at 10:30 a.m.

115

116 Off the record at 10:15 a.m.

117 On the record at 10:30 a.m.

118

119

120

121

122 **Agenda Item 6 - PDMP Report from Brian Howes/PDMP Manager**

123

124 Investigator Brian Howes handed out copies of the August 2013 AKPDMP Report to
125 the board. A letter from the Nevada Prescription Monitoring Program (PMP) that
126 was included in his report was discussed. This is a letter that the Nevada PMP sends
127 out to prescribers and pharmacists with unsolicited prescription history reports on
128 individuals who were probable doctor shoppers. Mr. Howes is contemplating

129 sending a similar letter out to prescribers and pharmacists in Alaska based on any
130 anomalies that present themselves in PDMP reporting. This letter does not make
131 any judgments or include any records or prescription information, just name and
132 date of birth and that they are identified as one of their patients. This letter is just to
133 inform prescribers and pharmacists to take a look and see if they are comfortable
134 with what they are doing.

135
136 The criteria that would generate a letter or an email be sent to a prescriber and/or
137 pharmacist would be if a person went to five pharmacies and five prescribers in one
138 month time period.

139
140 The board reviewed the letter and discussion ensued as to the pros and cons of what
141 the benefits would be incorporating a letter like this to the Alaska PDMP Program.
142 The board is in support of this type of letter being sent out. There was discussion on
143 what type of feedback would be received that would help track how impactful this
144 would be.

145
146 Mr. Howes reported that the PDMP Program has received an RSA from HSS to fund
147 the program for the next ten months, although nothing has officially been signed.
148 Mr. Howes is hoping that everything will be in place and signed by the end of
149 August. Mr. Howes has also applied for another grant to help fund the program and
150 is waiting see if the grant will be approved.

151
152 Mr. Howes reviewed the Compliance Report Letter on PDMP reporting that Mr.
153 Howes would like to start sending to pharmacies. This letter lets the pharmacist,
154 dispenser, and anyone who has signed up for the program know that no data is
155 being reported from their facility. This is a way for facilities to double check to see
156 what is going on and a check to see if they have reported and identify why the data
157 was not captured, and is showing as non-reported. The letter will be the catalyst for
158 a process to be developed on how to handle non-compliance with reporting and
159 develop a discipline policy.

160
161 The board will review the Arizona Board of Pharmacy information that Mr. Cotter
162 will be forwarding to the board. The information from the Arizona Board of
163 Pharmacy is a good example on how Arizona has been successful with this issue.

164
165 The board and Mr. Howes agreed to start sending the letter out in September
166 through the end of the year, and at the February 2014 Board of Pharmacy meeting
167 the board will review how the response has been.

168 This time frame will allow for enough data to be received, and will assist in the
169 development of what the criteria will be for discipline.

170 **Agenda Item 7- Proposed changes in the Regulations of The Board Of**
171 **Pharmacy Continued -**

172
173 After consideration of public comment and cost to private persons, the Board of
174 Pharmacy voted to adopt the regulation project:

175
176 **On a motion duly made by John Cotter, seconded by C.J. Kim, and approved**
177 **unanimously, it was**

178
179 **RESOLVED to approve the following regulations changes as written:**

- 180
181 **12 AAC 52.020 Facility license**
182 **12 AAC 52.130 Review of applications for registration of pharmacies**
183 **located outside the state**
184 **12 AAC 52.150 Inspections of pharmacies**
185 **12 AAC 52.310 Reinstatement of an expired pharmacist or pharmacy**
186 **technician license**
187 **12 AAC 52.865 Requirement for dispensers**
188 **12 AAC 52.995 Definitions**
189
190 **12 AAC .860 Conditions for access and use of database – Approved**
191 **pending further legal review.**

192
193 The board recessed for an early lunch -
194 Off the record at 11:35 p.m.
195 On the record at 1:02 p.m.

196
197 **Agenda item 8 - Pharmaceutical Compounding Quality and**
198 **Accountability Act**

199
200 Reviewed and discussed was the Redline copy of the bill presently before
201 congress. After much discussion and debate, the majority of the board is in
202 agreement the bill is too great in scope and not enough limits included.
203 While discussing the bill, a misprint was discovered in the copy provided in
204 the board packet. A corrected copy was received. In order to remain on
205 schedule, and to allow the board time to review the correct copy, the board
206 decided to allow time to finish this agenda item on Friday August 23rd when
207 the board meets again.

208
209 **Agenda Item 9 - New Business**

210

211 Letter from Michelle Lujan Grisham Member of Congress to the New Mexico
212 Board of Pharmacy- C.J. Kim

213
214 Mr. Kim wanted to bring this letter to the board's attention due to a new
215 internal policy being implemented by such companies as Costco and
216 Walgreens. Mr. Kim was also advised of this new policy implementation from
217 peers who are working for Costco in Anchorage. Mr. Kim's peers asked him if
218 the Board of Pharmacy had received any complaints about this. Mr. Kim
219 came across this letter when doing his own research. Concerned constituents
220 brought this complaint to the attention of Congress Member Grisham,
221 claiming companies like Walgreens are unfairly limiting access to necessary
222 medication for some patients with non-chronic cancer pain.

223
224 The trigger point seems to be when a pharmacy receives a prescription for
225 opioids greater than 180 units. Per these new policies, the dispenser has to
226 go through a check list that requires more follow up with the pharmacist, and
227 required consultation with the pain doctor to confirm it is a medically
228 necessary treatment. This type of corporate policy is growing. The question
229 is, are these policies limiting access to necessary medications, and do they
230 violate The Privacy Rule.

231
232 The board also received a letter from the Alaska Pain Clinic in Anchorage, on
233 this very same issue and is seeking guidance from the board to the
234 prescribing providers on how to respond to these new policies being
235 implemented.

236
237 After much discussion to determine if in fact this practice is limiting access
238 and violating privacy laws. The board is in agreement that it is not the
239 responsibility or the place for the board of pharmacy to interpret HIPPA
240 regulations for practice. The board advises that it is best to refer The Alaska
241 Pain Clinic to their own legal counsel for interpretation of federal regulations.

242
243 Dirk White's Ad - Mr. White submitted an ad he saw in a pharmacy trade
244 journal from MedAvail advertising their automated prescription dispensing
245 machine. These machines deliver pre-packaged prescriptions, promoting
246 bringing the Pharmacy to the Customer. Mr. White wanted to discuss with
247 the board the concept of automated prescription dispensing and how this
248 will impact patient care.

249
250 Ms. Burns also included a copy of a power point presentation received from a
251 consultant promoting automated delivery solutions in Alaska. The machine

252 is from Asteres. Asteres is currently delivering new and refill prescriptions
253 in on-site and remote locations worldwide. Currently Asteres does not have
254 any machines in Alaska.

255
256 A discussion ensued on the pros and cons of this type of dispensing and how
257 this will impact the future of prescriptions being dispensed through a
258 pharmacy, doctor's office and hospital. If a pharmacy wanted to put in a
259 dispensing machine it would be under the board's purview. A dispensing
260 machine in a doctor's office or hospital is not under the board's authority.

261
262 Due to scheduling constraints and the large scope of the topic, the board
263 thought it best to put this on the agenda for the November meeting. In
264 preparation to discuss this topic at the next meeting, Ms. Burns will check
265 with NABP to see if they have a model regulation on dispensing machines
266 and will also do research to identify how 2-3 states are regulating dispensing
267 machines.

268
269 The board recessed for a break -
270 Off the record at 2:44 p.m.
271 On the record at 3:00 p.m.

272
273 **Agenda Item 10 – Don Habeger, Division Director**

274
275 **HB84- Military Training Credit/Temporary License**

276 This bill was passed and signed by the Governor on June 2, 2013 and goes
277 into effect on December 31, 2013.

278
279 Mr. Habeger reviewed with the board that House Bill 84 essentially requires
280 boards and the division to look at military training, service, education and
281 determine if they are equivalent to board's requirements for a pharmacist
282 and accept military service, education and training and grant a temporary
283 license for 180 days. HB84 asks that if applications are received the
284 reviewing and approval process be expedited.

285
286 The board confirmed back to Mr. Habeger that it does have the regulations in
287 place to address this.

288
289 **HB187 – Occupational Licensing Fees**

290 This bill was introduced at the last Legislative session and is a House Labor
291 and Commerce Bill and has the support of the department. This bill has not
292 yet passed.

293 The Department believes this bill is responsive to licensees. Licensees have
294 articulated that they do not like their fees gyrating every two years and
295 stabilization of fees is a goal. The fiscal note on this bill is a request for the
296 legislature to consider paying through the general fund investigative salaries,
297 instead of license fees, since license enforcement provides consumer
298 protection for all Alaskans. This bill allows large or unforeseeable expenses
299 to be spread across several years to reduce the immediate burden on
300 licensees.

301
302 This fall Mr. Habeger will send a formal request to the board asking for
303 support of this bill. The consensus from the board is that it will support
304 HB187.

305
306 Mr. Cotter addressed the board in response to the discussion of HB84 and the
307 issuance of a temporary license. Mr. Cotter wanted to review the current
308 definition of a temporary license and how could the temporary license be
309 expedited in employment emergencies. The board discussed the steps
310 required to obtain a pharmacist license versus a temporary pharmacist
311 license. Mr. Cotter believes the way it is structured now is a hindrance for
312 quick employee hiring due what is required and the amount of time it takes
313 to process a license. Other board members communicated that in pharmacy
314 there is no true reciprocity.

315
316 To be in better compliance with HB84 the board will submit the following as
317 a regulation change to 12 AAC 52.100 Temporary Pharmacist License. The
318 proposed changes are as follows:

319
320 (2) Verification of an active license in good standing from a state actively
321 practicing in.

322
323 (c) A temporary license is valid for 90 days. For good cause shown to the
324 board's satisfaction, the board will extend a temporary license for a period
325 not to exceed 60 days.

326
327 Ms. Burns will give the proposed regulation change to Jun Maiquis,
328 Regulation Specialist for the next board meeting in November.

329
330 The board recessed until 9:00 a.m. August 23, 2013

331 Off the record at 4:20 p.m.

332
333

334 **Friday August 23, 2013**

335

336 The meeting was called to order by Richard Holm, President, at 9:10 a.m.

337

338

Call to Order/Roll Call

339

340 Those present, constituting a quorum of the board, were:

341

342 Anne Gruening - Public Member - Juneau

343 Taryl Giessel - Public Member - Eagle River

344 John Cotter - R. Ph. - Fairbanks

345 Lori DeVito- R. Ph. - Soldotna

346 Richard Holm R. Ph. - North Pole

347 Dirk White - R. Ph. - Sitka

348

349 C.J. Kim - Excused today

350

351 In attendance from the Division of Corporations, Business & Professional
352 Licensing, Department of Commerce, Community and Economic
353 Development were:

354

355 Donna Burns, Licensing Examiner - Juneau

356 Al Kennedy, Investigator - Anchorage

357 Quinten Warren, Chief Investigator - Anchorage

358 Jay Paff, Investigator - Anchorage

359

360 **Agenda Item 11- Review Agenda**

361

362 The board will continue discussion and review from the previous day
363 regarding the Pharmaceutical Compounding Quality and Accountability
364 Act. Also, Mr. Cotter added a question he received from a pharmacist
365 regarding M.D. regulations on PA prescription writing.

366

367 **On a motion duly made by Ms. Giessel, seconded by Mr. White and approved**
368 **unanimously, it was**

369

370 **RESOLVED to approve the agenda with additions.**

371

372 **AGENDA ITEM 12 - Correspondence**

373 NABP Correspondence -

374 NABP Remote Item Pool Review for the Alaska MJPE Exam is on 9/3/13 -

375 9/13/13, participation of two pharmacists is required. There is also an in-
376 house review at NABP headquarters on 9/11/13- 9/12/13. Questions from
377 the Jurisprudence Bank are reviewed to see what questions may want to be
378 taken out. Ms. DeVito will check to see if she can attend. Mr. Holm asked if
379 Mr. Cotter could participate remotely.

380
381 Compliance Officer Sterile Compounding Inspection Training will be held on
382 October 9-10, 2013, at NABP headquarters. The board is in support of
383 Investigator Kennedy attending with one board member. The board will
384 address this with Mr. Kennedy at 10:30 when Mr. Kennedy is present for the
385 Investigator Report.

386
387 General Correspondence -
388 Correspondence from Jack Tuomi, Veterinarian/Alaska - Ms. Tuomi is
389 concerned about how the impact of the Pharmaceutical Compounding
390 Quality and Accountability Act will affect the availability of compounding for
391 veterinary practice.

392
393 Dr. Tuomi, if Mr. Holm is not mistaken, has an Exotic Birds practice, and
394 compounding is critical for this type of practice. Dr. Tuomi's letter points out
395 the importance of it. Veterinarians depend on the compounding community
396 for a lot of their medications and the bill as presented would have an adverse
397 affect on the availability of compounded medications for veterinarian
398 practice. The board of pharmacy is seeing a lot more veterinary issues
399 coming up and will continue to do so.

400
401 Letter from Gordon Magee, Internet Marketing and Media Manager for Drs.
402 Foster and Smith, internet website - This letter brings up two issues that the
403 board will have to find a way to address in the near future.

404
405 This letter is notifying the board of the practice of restricted distribution and
406 revenue sharing between veterinarians and pharmacies.

407
408 The first issue is the practice of the manufacturers to restrict their
409 commercial products to veterinary practice only. This means a licensed
410 pharmacy can't get a legend drug that is made for veterinarian use, they can't
411 order it. The only ones that can order are the veterinarians. The letter
412 received from Drs. Foster & Smith is saying that they think this is wrong and
413 believe any licensed pharmacy should have the ability to purchase these
414 products and distribute them. More veterinarians are getting out of the
415 pharmacy business entirely. Vets would like to rely on a pharmacy to get

416 what they need and not stock all these drugs. Some older and more
417 traditional vets still maintain their veterinary pharmacy and will continue to
418 do so. It is a revenue stream for them.

419
420 Mr. Holm suggested maybe the best way to approach this issue is from an
421 antidiscrimination type policy or regulation that would say the
422 manufacturers or wholesalers are banned from practicing discriminatory
423 practices. This would have to be submitted to the Attorney General to see if
424 this could be done.

425
426 The second issue that this letter brings up is the ownership and revenue
427 sharing between veterinarians and pharmacists. Which is interesting since
428 the letter is from a group of veterinarians that own a pharmacy that are
429 raising this issue, partly because their own pharmacy can't get some of these
430 drugs. More research is needed to determine what if anything can be done,
431 and to see how other states are handling this issue for direction on how to
432 proceed.

433
434 The more important discussion point is to find a way for pharmacies to carry
435 veterinarian drugs, and not the aspect of a veterinarian owns a pharmacy.
436 This is a very big issue and impacts both pharmacists and veterinarians
437 nationwide. Mr. Holm suggested starting a research project to see if there
438 are currently existing regulations in other states that regulate the
439 accessibility of drugs. This will be discussed at a future meeting. This is
440 similar to the issue of human drug shortages by the pharmaceutical
441 companies, and now only being able to procure them from specialty
442 pharmacies.

443
444 Mr. Holm requested Ms. Burns pose the question to Attorney General to see if
445 there is statutory authority to restrict discriminatory practices in the state,
446 such as specialty pharmacy designations, and veterinary drugs not being
447 available to our licensed facilities.

448
449 The board reviewed the Theft/Loss Reports received from Carr's/Safeway
450 included in the board packet. Pharmacies are required to notify the board of
451 pharmacy through these reports when there is a theft or a loss of controlled
452 substances.

453
454 MD Regulations for PA prescribing – John Cotter
455 Mr. Cotter recently received a call from a pharmacist having to do with a
456 graduate Physician Assistant license, regarding the enforcement of

457 prescriptions being written without the overseeing physicians name on the
458 prescription that are being forwarded for dispensing as required in the MD
459 Regulations. The pharmacist is asking is he obligated to enforce this
460 regulation when prescriptions are received without it.

461
462 Currently the board of pharmacy does not have a regulation to address the
463 enforcement of this. Mr. Cotter recommended that the board write a letter to
464 the medical board that the board of pharmacy has become aware that there
465 is this regulation that is not being adhered to, and do they want to instruct
466 the pharmacist to enforce it.

467
468 Mr. Cotter will draft a letter regarding this and will forward it to Ms. Burns to
469 forward to the medical board on behalf of the board of pharmacy.

470
471 At 9:50 Mr. Holm called for public comment 10 minutes early. No public
472 comment, so public comment was closed.

473
474 Since there was no one for public comment, Mr. Holm would open it back up
475 if someone shows.

476
477 **Agenda item 13 - Pharmaceutical Compounding Quality and**
478 **Accountability Act Continued from 8/22/13**

479
480 The board renewed discussion of this bill after receipt of the complete bill on
481 8/22/13.

482
483 10:08 a.m. Dirk White left room
484 10:11 a.m. returned to room

485
486 10:13 Dirk White left room
487 10:18 Dirk White returned to room

488
489 After a more detailed review of this bill as written, the board is in support of
490 certain aspects of this bill, for example Sterile Interstate, but the majority of
491 this bill is too general would restrict traditional compounding making it hard
492 to meet the needs of the public. The board will put together a letter to the
493 Governor's office and the federal delegation with what the board's concise
494 and specific likes and dislikes are on this bill.

495
496 **Agenda Item 14 - Investigator Report , Al Kennedy**
497

498 Quinten Warren, Chief Investigator and Investigator Jay Paff were in
499 attendance with Mr. Kennedy. Mr. Kennedy presented the Investigative
500 Report from May 8, 2013 through August 21, 2013. The report included
501 cases, complaints, and intake matters since the last report. The Division
502 opened 27 files and closed 26 Pharmacy Board matters.
503

504 The board advised Mr. Kennedy of the Compliance Officer Sterile
505 Compounding Inspection Training being offered at NABP headquarters on
506 October 9-10, 2013 and the importance for Mr. Kennedy to attend this
507 training.
508

509 Investigator Kennedy advised the board of the need to go into Executive
510 Session for discussion of a consent agreement.
511

512 **On a motion duly made by Mr. White, seconded by Ms. Giessel, and approved**
513 **unanimously, it was**

514
515 **RESOLVED to go into executive session in accordance with AS**
516 **44.62.310(c)(2), for the purpose of discussing case numbers 2013-**
517 **000089. Consent Agreement.**
518

519 Board and staff remained during executive session.
520

521 Off the record at 10:45 a.m.

522 On the record at 11:00 a.m.
523

524 **On a motion duly made by Mr. White, seconded by Ms. DeVito, and approved**
525 **unanimously, it was**

526
527 **RESOLVED to accept the consent agreement for Case No. 2013-000089**
528 **In the matter of Ronald J. Miller. Mr. Holm signed the consent**
529 **agreement as presented.**
530

531 The board took a short recess for Mr. Holm to confer with Mr. Kennedy on an
532 upcoming matter.
533

534 Off the record at 11:02 a.m.

535 On the record at 11:10 a.m.
536

537 Investigator Paff presented the Pharmacy Technician "Yes" application.

538 Due to the sensitive information in Investigator Paff's report and the
539 applicant's previous history with the medical board as a Physician Assistant,
540 Chief Warren advised that the board go into Executive Session.

541
542 **On a motion duly made by Mr. White, seconded by Ms. Giessel, and approved**
543 **unanimously, it was**

544
545 **RESOLVED to go into executive session in accordance with AS**
546 **44.62.310(c)(2), for the purpose of discussing the investigative report**
547 **for a pharmacy tech applicant.**

548
549 Staff and Investigators to remain during executive session.

550
551 Off the record at 11:15 a.m.
552 On the record at 11:22 a.m.

553
554 **On a motion duly made by Mr. White, seconded by Ms. DeVito, and approved**
555 **unanimously, it was**

556
557 **RESOLVED to deny the Pharmacy Technician License application for**
558 **Jennifer Jackson under the board's authority of section 08.80.261.**
559 **The applicant is incapable of engaging in the practice of pharmacy with**
