(e) The failure of a pharmacist-in-charge, pharmacist, or practitioner to submit information to the database as required under this section is grounds for the board to take disciplinary action against the license or registration of the pharmacy or pharmacist or for another licensing board to take disciplinary action against a practitioner.	(e) The failure of a pharmacist-in-charge, pharmacist, or practitioner to submit information to the database as required under this section is grounds for the board to take disciplinary action against the license or registration of the pharmacy or pharmacist or for another licensing board to take disciplinary action against a practitioner.	(e) The failure of the pharmacists in charge, pharmacist, or practitioner to register, <b>review the database or submit information to the database as required under this section</b> is grounds for the board to take disciplinary action against the license of registration of the pharmacy or pharmacist or for other licensing board to take dispensary action against the practitioner.	This change was made due to the change in SB 74 making the PDMP mandatory, rather than voluntary. These changes put practitioners (prescribers) in the same category as pharmacists who can be displaced by their respective boards for failure to comply with the PDMP.  <b>PHARMACISTS MUST SUBMIT INFORMATION</b> <b>PRACTITIONERS MUST REVIEW THE DATABASE</b>
