TRADEMARK REGISTRATION

AS 45.50.020

Filing Fee: \$50.00

INSTRUCTIONS (*Please retain for your records*):

To ensure you are completing the correction application please consult the chart below to determine if you need to register a trademark.

Type of Mark	Definition
Trademark	A trademark includes any word, name symbol, or device, or any combination, used, or intended to be used, in commerce to identify and distinguish the goods of one manufacturer or seller from goods manufactured or sold by others, and to indicate the source of the goods. In short, a trademark is a brand name.

A person may register their mark by submitting the Application for Registration of Trademark, together with three (3) specimens, showing the actual use of the mark on or in connection with the stated goods with applicable fees. A separate application must be submitted for each class of goods being registered. Registration is valid for a period of five years from the date of registration.

A mark that merely serves to identify the name of a business is not a valid trademark. In addition, Alaska Statute 45.50.010 states that a proposed mark cannot be registered if it consists of:

1. immoral, deceptive, or scandalous matter;
2. matter that disparages or falsely suggests a connection with persons living or dead, institutions, beliefs, or national symbols;
3. the flag, coat of arms, insignia of the United States, this or another state, or municipality of this or another state, or a foreign nation;
4. the name, signature, or portrait identifying a living individual, except with the written consent of that individual;
5. merely descriptive or deceptively misdescriptive of an applicant's goods or services;
6. merely geographically descriptive or deceptively misdescriptive of an applicant's goods or services;
7. primarily a surname;
8. a mark that so resembles a mark registered in this state or in the United States Patent and Trademark Office, or a mark previously used and not abandoned, as to be likely, when used on or in connection with the goods or services of the applicant, to cause confusion or mistake or to deceive.

A state trademark application is valid only in the State of Alaska and not elsewhere. The Corporations Section does not check an application against other state's registrations, or registrations on file with the U.S. Patent and Trademark Office. You are strongly advised to conduct a thorough search of your mark before filing. If you require assistance, you are advised to seek the services of an attorney or other qualified professional specializing in the area of trademark law.

Refer to Alaska Statutes AS 45.50.020. If you need assistance in completing your filing, it is advised that you seek legal counsel. Please be aware that this filing will become public information.
