Whether you are an experienced builder or a novice do-it-yourselfer, consider buying Alaska-made first. Use this directory to connect with local Alaska businesses offering many of the goods and services you need. Buying local creates jobs, grows businesses and stimulates economic diversification across Alaska, helping to strengthen communities, economies and ultimately making life better for Alaskans. So the next time you want new countertops, have some landscaping needs, or want a fresh, new look, consider buying Alaska-made.

100% AK
Want to brag that your countertops, cabinets or new tile floor are made from materials found in ALASKA? And even handcrafted by an Alaskan? Then look for the “100% AK” logo that helps you easily identify products made in Alaska using Alaska resources.

AK Manufactured
Love having options? Considering Alaska businesses that manufacture many of the items you need when building, remodeling and repairing. Look for the “AK Manufactured” logo to help you select an Alaska business that has just what you’re looking for. And best of all, you can tell all your friends that it’s “AK Manufactured.”

HOPE STONE LLC

Hope Stone is a locally owned and operated stone quarry based in Hope, Alaska. Hope Stone is devoted to supplying high-quality, competitively priced, natural slate products to the residential and commercial market.

The stone has been dated by the United States Geological Survey at 65-70 million years old and was formed from ancient sea beds and contains invertebrate fossils.

Alaska-made products
- Decorative stone for interior and exterior wall cladding
- Entryway and flooring stone
- Fireplace hearths, walls and mantles
- Exterior stone steps
- Walkway and patio stepping stones
- Retaining wall stone
- Interior/exterior table and bench slabs
- Water feature and lawn art slabs/boulders
- Tile stone
- Mosaic tile art
- Vanity top slabs

ANCHORAGE SAND AND GRAVEL COMPANY, INC. (AS&G)

AS&G sand and gravel is mined and shipped by the railroad from Palmer. The sand and gravel is crushed, screened, washed and sold by the Gravel Processing Group in Klatt Pit. Ready-mixed concrete is produced at the Concrete Batch Plant. Masonry block, concrete retaining walls and pavers are manufactured at the Block Plant.

Alaska-made products
- Aggregates
- Sand
- Gravel
- Pavers
- Ready-mixed concrete

Davis Block & Concrete, Inc.

Davis Block & Concrete supplies the Kenai Peninsula with redi-mix concrete for residential and commercial construction. Davis Block also manufactures concrete masonry units for residential and commercial construction. Davis Block supplies washed sand and gravel as well as various other aggregates for construction and landscaping. Davis Block began producing concrete form masonry units (CFMU), which blends unit masonry construction and cast-in-place concrete construction into a single-process, composite wall system. Davis Block is a licensed manufacturer for anchor wall retaining block, which consists of the diamond and Windsor Stone, and also carries a large variety of different colors and sizes of patio pavers for walkway and various landscape projects.

Alaska-made products
- Concrete
- Concrete block
- Amvicfoam block
- Eldorado stone
- Retaining walls
- Patio pavers
- Precast
- Aggregate

Fairbanks Precast & Rebar

Fairbanks Precast & Rebar (FPR), located in North Pole, Alaska, specializes in producing quality, custom concrete products that save customers both time and money. Additionally, Fairbanks Precast & Rebar carries a large selection of standard, precast concrete products in stock.

Fairbanks Precast & Rebar also has the flexibility to help design new precast concrete and rebar solutions, produce detailed shop drawings, build forms or use existing forms and manufacture what is needed.

Alaska-made products
- Barriers with fence
- Architectural products
- Boat-ramp planks
- Custom-order products
- Footings and reinforced pads
- Junction boxes
- Landscaping products
- Manholes and inlets
- Parking lot items
- Septic tanks
- Traffic barriers
- Transformer pads
- Utilidors and lids
- Utility vaults

CONCRETE, SAND AND GRAVEL/WINDOWS AND GLASS

Pre-Cast Concrete Company (PCC)

PCC typically has a large selection of standard products in stock. It has the flexibility to help design new precast concrete solutions, produce detailed shop drawings, build forms or use existing forms, and manufacture what is needed.

Alaska-made products

- Standard wall and insulated panels
- Windowsills
- Communication and electrical vaults
- Junction boxes
- Benches
- Boat-ramp planks
- Landscape blocks
- Pier blocks
- Planters
- Steps
- Load centers
- Concrete pads
- Controller bases and cabinets
- Transformer/switch cabinet pads

Capitol Glass/Northerm Windows

Capitol Glass has been providing windows and glass to Alaskans for more than 50 years. Originally known as Capitol Glass, the company carried Northerm Windows simply because it was the best-made window. Eventually, Capitol Glass and Northerm Windows merged to become Alaska’s premier glass company.

We hire Alaskans and manufacture in Alaska to serve Alaskans.

We invite you to discuss your projects with us. Our staff is friendly, knowledgeable and helpful when it comes to problem solving. And we invite you to take a quick tour of our 30,000-square-foot manufacturing plant and showroom!

Alaska-made products

- Vinyl windows
- Window wrap
- Shower doors
- Sliding doors
- Skylights

Alchem, Inc., is a manufacturer of urethane-core, stressed-skin panels in Alaska since 1970. The panels are custom-designed to the projected structural loads as foundation, floor, wall, and roof panels for specific buildings such as commercial, residential, cold storage and skid-mounted telecom modules. Other skid-mounted modules include a medical clinic.

**Insulfoam**

Insulfoam manufactures EPS for dock floats, ICF’s, road insulation, commercial roofing, light-weight void fill known as Geofoam, R-Tech for below-grade insulation, and wall insulation in Anchorage.

Insulfoam has its roots in Alaska, going back more than four decades, and is now one of the largest manufacturers in North America of EPS.

**Alaska-made products**

- R-Tech insulation
- Roof foam
- ICF blocks
- EPS foam
- HD foam
- Coolers
- Fan fold
- Geofoam
- Special shapes

---

**R-Valued Homes dba Alaska Insulated Panels**

Alaska Insulated Panels (AIP) is a manufacturer of engineered SIP buildings and shot-injected, polyurethane-foam-core structural insulated panels (SIPs). AIP’s SIPs have the highest R-value per inch of thickness (R-8 @ 20°F) in today’s market.

Buildings constructed using AIP SIPs are highly energy-efficient.

**Alaska-made products**

- Structural insulated panels (SIPs)
- Engineered SIP buildings
