## Form AB-25: Supplier Certification

## What is this form?

A supplier certification is required to be completed by <u>each</u> distiller, brewer, vintner, or importer of each product line of alcoholic beverages that the wholesale applicant has purchased or intends to purchase, offer for sale, or sell. Once a supplier has completed this form, it should return the form to the appropriate wholesale licensee for submission with a license application; **suppliers should not submit this form directly to AMCO staff**. The completed form(s) must be submitted by the wholesale applicant with all new and renewal wholesale license applications, currently per AS 04.09.130.

This form must be completed and submitted to AMCO's main office by the wholesale licensee before any new or renewal wholesale license application will be considered complete.
