Part of the original bar structure and two outbuildings were razed and a licensed architect was hired who developed plans for renovation/expansion of the existing bar structure to include 10 new rooms on a second and third floors in addition to the seven rooms in an outbuilding that remain from the prior operated business. A licensed structural engineer has also reviewed the architectural plans which now are set to go to a mechanical and electrical engineer before submission to the Alaska State Fire Marshall for final approval. Site work and construction are to resume in earnest come spring with completion anticipated in late 2014.

ABC Board

Re: *License # 3315 (Petro Alaska, Inc.)*

Dear Sir/ Madam:

We represent Petro Alaska, Inc., which holds ABC License # 3315. We have been informed that, while that license is "Active" through December 31, 2014, Petro Alaska may not use or transfer the license because it failed to obtain the necessary waiver. For reasons we explain below, the Company is in the unfortunate position of needing a 4<sup>th</sup> and final waiver. We regret Petro Alaska's omission in not timely seeking this last waiver, but believe that compelling circumstances explain and mitigate the late request.

The answer, in short, is litigation. We have represented two of the Petro Alaska's shareholders in litigation since late 2006 and the Company since mid-2008. During 2007 through 2009, the Company and its shareholders were engaged in extended litigation over the Company's primary asset, its property in Ketchikan. It was on that property that the Company used the liquor license.

In 2009, the trial court dismissed the shareholders' and Company's remaining claims, which dismissal they timely appealed. Since then, the Company has been in something of a "limbo" – waiting to hear the results of its appeal. While engaging in an orderly liquidation of assets and paying debts, some matters, such as the liquor license, remained problematic. After 2011, the Company no longer owned the property on which it had previously used the license, and it sought to sell the license. Meanwhile, the Company was preserving remaining cash for ongoing litigation if the appeal were successful. The Company never anticipated the appeal would take so long. By the time the Supreme Court finally decided the appeal, remanding some of the Company's claims for trial, four years had passed since the dismissal (making the case the oldest or second oldest on the Supreme Court's docket).

Since the remand, the Company has been preparing to try the remaining claims while winding up its remaining business affairs. It now, finally, has a chance to transfer its Liquor License and gain some benefit from its long maintenance of it. Accordingly, we respectfully request that the ABC Board grant the Company this final waiver of License # 3315. Thank you for considering this request.

Ms. Shirley A. Cote', Director  
Alcoholic Beverage Control Board

Dear Ms. Cote':

Re: Beverage Dispensary License Number 219

On January 18, 2014 around 2pm, Angela Guthrie furnished an alcoholic beverage to a person under age 21. She was sent home immediately. Angela is a server who has worked at Chena Hot Springs Resort for three years. We have never had any problems with her. She is a great server and always checks Id's.

Angela asked the customer who ordered the drink for her ID, which she looked at, but said later, "I thought the 5 was a 3." Come to find out, Angela has an astigmatism in her eyes. We would like your opinion on how to go forward with this.

Since it appears she has a workplace handicap, what do you suggest would be the fair way of handling this unique situation? We would appreciate any thoughts or opinions you could give us in this matter.

Sincerely,

Nick Lowery  
Assistant General Manager  
Chena Hot Springs Resort LLC.

Good Afternoon, Shirley:

At your request, I contacted Chena Hot Springs Asst. General Manager, Nick Lowery, at approximately 2:50 p.m. today regarding his letter dated February 4, 2014 concerning their server, Angela Guthrie, who was charged with furnishing during a compliance check on January 18<sup>th</sup> of this year. In the letter, Mr. Lowery explains that Angela Guthrie was diagnosed with an eye ailment, which resulted in her mistaking the date of birth on the ID that was presented. I suggested that if Ms. Guthrie does not have an attorney she can contact the District Attorney's office direct and see what they are willing to do, that she may also be asked for a letter from her optometrist. I further explained that if Ms. Guthrie were to be involved as a defendant in a similar situation in the future, we may hold the licensee responsible. He said he understood and thanked me for the call.

Thanks,

Bob

Dear Ms. Cote,

RE: License 387

Petrostar/Sourdough Fuel takes the sale of alcohol and other age restricted items very seriously. We have mandatory training for new hires that includes TAPS, We Card, and new hire orientation that emphasizes the importance of confirming age, for the sale of these age restricted items.

Petrostar/Sourdough Fuel retail locations also have monthly training, which all cashiers are required to read and sign acknowledging the importance and commitment to verify legal age of customer.

All customers purchasing an age restricted item are required to show a valid form of I.D. The registers operating system also has an age prompt requiring the cashier to enter the date of birth of the customer. When the date of birth does not calculate the customer to be of legal age, the sale is not permitted.

With respect to AS 04.16.052 Hollie Hansen was terminated for not following company policy.

Please call me at (907) 490-0514 if you have any further questions or concerns.

Sincerely,

A handwritten signature in black ink that reads "Greg Machacek".

In light of the findings by the ABC officer, Catherine Falk was taken off the schedule until she obtained an update of her TAPS card on the 29<sup>th</sup> of March. Furthermore on review of my record keeping I have since instituted a chart of all employees to be checked off to account for all certifications and their corresponding expiration dates. I am hesitant about keeping employee files on the premises. Even locks don't keep out snoopers. I am okay with keeping just a chart and copies of certifications in a small file slot. This is working out much better as all employees are viewed in a glance. At our server staff meeting I also reminded them that they will be pulled from the schedule until their certs are current. 100% cooperation looks great. Thank you for bringing this to my attention.

RE: Notice of Violations #AB14-0413, AB14-0409

Dear Ms. Cote

We have owned and operated the Hunger Hut Bar and Liquor Store since 1993. The establishment has been family owned since 1970. In the 21 years of our ownership we have had one violation on record prior to the evening of 3/21/14. That happened on one of the first shifts of a new employee.

We have always earnestly stressed to our employees that checking ID is one of the primary functions of their job. Not only is our financial well being jeopardized when 100% diligence slides, but theirs as well. We have "Born on this Day" 1993 stickers and calendars immediately adjacent to our registers. We have restressed to every employee that there will not be another violation without loss of their job. They are all long time employees.

We can guarantee the N.O.V.'s at issue were not willful violations of Title 4. Quite simply, both the clerk and bartender asked for and checked the I.D.'s and erroneously read the incorrect date on the military card. They, quite simply were unfamiliar with them as we rarely, if ever have them shown as proof. This is not a military community. We attempt at no excuse here, but only relate the circumstances under which violations occurred.

As a final safeguard to preclude another violation and assure 100% compliance in the future, we will no longer accept military I. D. We are sincere in our efforts and have always prided ourselves in running a reputable establishment. My husband and I have long been involved in the betterment and service to this community and we value our reputation. Consequently, we would ask that these N.O.V.'s be withheld from our file until legal proceedings have concluded.

Sincerely,

Re: **Notice of Violation AB14-0162**  
**Hong & Lees, Inc.**  
**D/B/A : Fusions**

Dear Shirley:

This office represents Hong & Lees, Inc. and Robert Alexander relative to the aforementioned Notice of Violation. This letter will provide you with an overview of the events leading up to this violation and our client's actions in dealing with the factual matters asserted in the NOV. My client takes these matters extremely seriously and will continue to work hard to insure compliance with Title 4 to the letter. Unfortunately, sometimes licensees are truly unaware of the legal ramifications of their actions or of actions taken by others without their knowledge or consent.

I will address each of the allegations contained in the Notice of Violation separately. First, the Notice of Violation asserts that Hong & Lees, Inc. has relinquished "right, title, and interest" in their liquor license in violation of Title 4. As I believe was told to Investigator Hamilton in interviews with my clients, the license was never rented. The restaurant and kitchen were leased. The bar was run under a management agreement that was contained within the lease. Please see Section 4 of the Lease entitled "Lounge Management Fee." While this clause is not an extensive agreement, it is a management agreement for all intensive purposes. Further, my clients filed a modification of that lease on February 6, 2014 in an effort to clear up this matter. In an effort to avoid all question of the legality of the arrangement, I have advised my client to separate the two transactions and to execute a more complete and formal management agreement. As such, please be advised that we will be submitting a more sophisticated and clear management agreement to you within the next 10 business days. I believe that once this is completed, any question about the legality of this licensing arrangement will be resolved. Further, it is my

recommendation that a new and clear premise diagrams be filed with the ABC Board as I believe that a proper management agreement and clearly delineated premises will clear up all of the legal issues relative to this arrangement.

Second, the NOV states that my client's bouncers were operating without a TAMM card as required by MOA law. The bouncers were hired under a contract with a private security firm. As such, my client improperly assumed that the bouncers would have all of the requisite training required by law. Even though they had only been employed for 2 weeks, my clients made an oversight by not confirming with the company providing security that TAMM training had been completed by the bouncers in question. My clients are committed to doing even more to prevent future violations. As such, my clients will continue to implement policies and provide supplemental training to insure that all of their employees conduct themselves in a professional, accountable, and legal manner.

Lastly, the NOV asserts that my clients were advertising "free champagne" at a DJ hosted event in 2013. For the record, let's be very clear. My clients have never served free alcohol of any type. Here, a hired DJ took it upon himself to promote his show at my client's facility on Facebook. This ad promoting his show was never approved or sanctioned in any way by my clients. Since my client was unaware of these representations and was surprised to hear that such an ad had been even run, my client has drastically altered the way it does business with its entertainers. From this point forward, no advertisements of any kind will be allowed by anyone without prior management approval. The ABC Board and staff should rest assured that my clients understand the requirements of Title 4 relative to drink specials and that at **no time** were free drinks given to patrons.

Please let me know if you feel that an in person meeting is necessary to discuss these issues. Thank you for your time and courtesies in this matter and should you have any questions or concerns about these matters, please feel free to contact me at anytime.

Sincerely,

W. Sherman Ernouf

Subject: Mecca Bar #710

Director Cote',

We are writing in response to a notice of violation that occurred in the Mecca Bar on March 1, 2014. I have given my staff the following tools and implemented the following new policies in an effort to prevent any future violations.

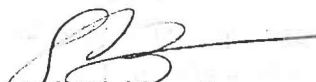

The violation occurred as a result of a Military ID being misread. In the future it will be the policy to require a second form of ID along with any military ID presented to our bartenders. I have also made several copies of all Military ID's available with the birthdates highlighted so there will be no confusion. All bartenders signed a memo of the new policy and it will be placed in their files. There are also several ID books and placards for the bartenders to double check if they have any questions about an ID's validity. We will continue our policy of not accepting the vertical "Under 21" ID.

We have placed the Born on calendar by the main register along with the stickers placed along the bar. There are also two other signs placed behind the bar with the proper serve date displayed to be easily read. We have installed brighter lighting and put flashlights behind the bar. I have also purchased several magnifying glasses to aid in the reading of the smaller numbers.

We spent time with Darlene Workman going through the TAP training manual and the entire ID checking material that I have made available. We have revisited all of the bar policies about checking ID's and the new policy on the Military ID's. On a personal level she has been advised to bring the tools she needs to properly perform her duties, i.e. reading glasses.

Please feel free to contact me if you have any questions about any of the steps I have taken, or suggestions for further action. My direct number is 907-978-9264

Thank you,

Re: License # 1129, Violation # AB13-00162

This is in regards to the violation by one of our clerks, Frederick Howard, on 10/10/2013 at Liquor Barrel. Following the incident we reprimanded the employee and advised him under no circumstances should this happen again and if it does he will be terminated. He was told that Thibodeau's Market Inc. takes it very seriously when identification is not checked correctly and alcohol is sold to a minor.

Thank you for your time in this matter.

RE: Response to 3/14/14 Notice of Violation—  
Corrective Action Measures  
Four Corners Lounge LLC, License #1334

Dear Ms Cote':

After the February 23, 2014 incident occurred, Four Corners Lounge management called an employee meeting to review company policies and procedures in order to ensure this type of incident does not happen again. Methods to help our employees evaluate if an individual is intoxicated were reviewed. Emphasis is being put on added diligence in trying to establish a dialogue with patrons and closer observations to ensure patrons are not intoxicated. An effort will also be put on trying to serve food to patrons in conjunction with their alcohol beverage. If it is determined that an individual is intoxicated, a cab will immediately be called to ensure the patron is taken home.

Four Corners Lounge Inc. takes the regulations and requirements associated with being the licensee of an alcoholic beverage dispensary license very seriously. We ensure all employees have taken and are current with their Alcohol Management Certification (TAMS) training. This training strongly emphasizes the need and importance of ensuring that patrons have not overly imbibed on alcoholic beverages. In addition to TAMS training and regular discussions about evaluating customer's condition, Four Corners Lounge has a written policy regarding not serving inebriated individuals and that violating this policy is grounds for immediate dismissal.

Four Corners Lounge Inc. feels that this was an isolated incident by an employee who did not pay close enough attention to a customer. In response to this incident, Four Corners is increasing its emphasis on employees needing to be continually aware and closely scrutinizing our customer's condition. By including this topic in daily discussions and weekly employee meetings, we feel we have heightened the awareness level on this topic and will keep this type of incident from happening again.

Please feel free to contact me at the number below with any questions.

Sincerely,

Don J. Graika

RE: Notice of Violation License # 1731

The following action has been taken to prevent a reoccurrence of this violation:

1. All employees and owners holding a TAPS card, two years or older, have been scheduled for a TAPS class for refresher training during the month of February.
2. As owners of the package store, we will personally conduct monthly training to insure employees continue to retain information taught at their TAPS class.
3. We have started an incentive program to reward employees for passing state inspections on the sale of alcohol.
4. A policy will be put into effect reminding employees that we do not condone failure to pass a state inspection and the consequences of such actions.
5. All POS signing has been updated to reflect current dates for employees to reference against proper IDs before selling alcohol.

We have owned Pleasant Valley Store for over nine years and have had no violations to this point. We take this very seriously and will do our part to insure this will not happen again.

We welcome any and all suggestions from your office to help us prevent a reoccurrence of this violation.

Sincerely,

I am writing in regards to Notice of Violation. # AB14-0300

On 2.28.14 employee Brooke Butz sold alcohol to a minor.

In this incident Brooke had the ID in hand and asked how old the customer was when another customer came in and drew her attention away from what she was doing.

I have talked with Brooke in regards to paying attention to the customer and details. I gave her the title IV book and am having her read over the Underage Persons section. I also have brought back a TAPS training book last night and will have her retrain according to the book.

Brooke is a very good employee. She is very sorry.

RE: Notice of Violations #AB14-0413, AB14-0409

Dear Ms. Cote

We have owned and operated the Hunger Hut Bar and Liquor Store since 1993. The establishment has been family owned since 1970. In the 21 years of our ownership we have had one violation on record prior to the evening of 3/21/14. That happened on one of the first shifts of a new employee.

We have always earnestly stressed to our employees that checking ID is one of the primary functions of their job. Not only is our financial well being jeopardized when 100% diligence slides, but theirs as well. We have "Born on this Day" 1993 stickers and calendars immediately adjacent to our registers. We have restressed to every employee that there will not be another violation without loss of their job. They are all long time employees.

We can guarantee the N.O.V.'s at issue were not willful violations of Title 4. Quite simply, both the clerk and bartender asked for and checked the I.D.'s and erroneously read the incorrect date on the military card. They, quite simply were unfamiliar with them as we rarely, if ever have them shown as proof. This is not a military community. We attempt at no excuse here, but only relate the circumstances under which violations occurred.

As a final safeguard to preclude another violation and assure 100% compliance in the future, we will no longer accept military I. D. We are sincere in our efforts and have always prided ourselves in running a reputable establishment. My husband and I have long been involved in the betterment and service to this community and we value our reputation. Consequently, we would ask that these N.O.V.'s be withheld from our file until legal proceedings have concluded.

Sincerely,

RE: Notice of Violation

Dear Director Cote,

I am in receipt of your Notice of Violation dated March 27, 2014. On the March 22, 2014 I made the mistake of serving an alcoholic beverage to an individual who was under the age of 21. I have actually implemented a policy at the restaurant to check identifications of anyone who looks under the age of 40. I even checked the identification of the person who was participating in the sting operation. My only explanation for what happened that night is that I was distracted and miscalculated her age despite seeing her birthdate.

I would just like to say that it is never my intention to profit from sales of alcohol to underage people. I have learned from this experience that when checking identifications, I must not rush and make certain that the individual who is being served alcoholic beverages is of lawful age. In order to prevent this from occurring again, I have decided to implement a system for checking identifications that require checking the birthdate on the identification against the calendar to make certain that the person is at least 21 years old. Regardless of how busy the restaurant is, I will make sure that the identifications that are checked are thoroughly reviewed to avoid making this same mistake again. I am glad that my habit of checking identifications has been working well however, I realize the importance of calculating the age correctly once I have checked the document stating the age of the person.

As this was not a willful violation of the statute governing this incident, I would respectfully request that the board show leniency when considering my punishment. I am a law abiding citizen and am very careful when operating my business. In this specific instance, I did not fail to check the identification of the individual but rather made the simple mistake of miscalculating the individual's age.

This was an honest mistake that could have happened to anyone. The fact that I checked the person's identification to verify lawful age should be considered when evaluating my actions. I ask you again to please consider showing leniency in the case at hand. Should you have any questions or concerns, please do not hesitate to contact me directly.

Very truly yours,

Dear Ms. Shirley Cote' and Board,

We received the "Notice of Violation" L. Number AB14-0419 regarding Joyaunna Johnson's violation, and we immediately called for a staff meeting. We addressed the importance of removing any minors immediately from licensed premises, and to carefully inspect and evaluate all ID's for required age/DOB. We reinforced that there is no excuse to not take the time and concentration to accurately assess the appropriate minimum 21 years of age. We also addressed that no matter how busy, it is a very serious matter to not serve any minors with any alcoholic beverages.

We also addressed prevention for future potential problems. Having a reminder of birth dates "on or before today's date" notices are to be posted throughout the premises. Also, we reinforced the importance of reviewing the lessons given during TAMS classes and exams. We wanted each staff member to think about what he/she can do follow the law with awareness, actively thinking, and good concentration.

We are very saddened by this occurrence, and we take the law very seriously and respectfully.

Thank you for your help,

Sincerely,

**Dear Shirley:**

**I drove up to visit you personally last monday the 31st of March. I was surprised to discover that it was a State Holiday. I regret that this violation occurred and I am disappointed in Joyce that she failed us. She has been our senior waitress in time of employment and is our more experienced employee. She has many years as a waitress and I am surprised that this failure happened. We encourage our employees to always be on the alert to minors attempting to purchase alcohol. We have disciplined her and she regrets that she failed in her responsibility to uphold the law as well as our policies.**

**As the owner of Best Western King Salmon Motel and Restaurant I am embarrassed, ashamed and disappointed that this violation occurred. I will attempt to be more alert to this situation and hopefully it wont happen again.**

Pizza Paradisos, Inc

To: Director Shirley A. Cote'

This letter is in regards to a Notice of Violation that occurred on 3-22-14 at about 2033 hours. Our Alcohol License Number is 3032.

We are very regretful that such actions took place on our premises. Please know that the action that happened that day is against the very grain of service we try to provide for our guests and our community.

The acting Manager on duty, Ms. Anamilok Spickard has been placed on temporary suspension and asked in the event that she is brought back, she re-take the CHARR Alcohol Safety Class. Ms. Spickard was very apologetic and upset over the incident and pending on the court ruling, may be allowed to come back to work, but no decision has been made as of yet.

There was an Employee Meeting held the day after the incident in which a "Re-fresher Course" was gone over with the entire Front-of-the House Staff. We are doing everything in our power to meet Safe-Serve Alcohol principles and all State and Federal Alcohol Laws. Every measure that can be taken to insure that there is no re occurrence of this violation is being taken.

If there is anything else we can do to assist in the process of this unfortunate incident, please let us know.

Thank you,  
Mr. George Pitsilionis

3/26/14

Director Cote,

I am writing in response to the Notice of Violation I received in the mail on 3/20/14. dispensary license #3195.

I recently lost a manger that had been working for me for many years just prior to the incident on 1/18/14 where a minor was allowed entrance to the Blue Loon and subsequently served. My understanding was that the manager had trained all security personnel and had insured that they had a current TAMS or TIPS card. I realize that ultimately it is my responsibility and am not using this as an excuse.

As to the two persons listed on the violation as door personnel both of them now have current TIPS cards. Mr. Jones had never had one before and only recently worked the main entrance due to being short staffed, he usually works the main room where the bands play. Mr. St. John has had a TAMS card before but it had expired. I believe he declined to tell that to the enforcement officer.

From now on all security staff will have to have a current TIPS card. Currently every person that checks ID at the main entrance has a current card including our cashier. Every person who works security staff will need to have a TIPS card to continue to work at the Blue Loon.

Turnover is sometimes high and often I have to hire staff who don't have a TIPS card but they will need to get one in the first 30 days of employment or will not be able to work. I've told every staff member about this new policy.

Sincerely

RE: Response to the "Notice of Violation", Dated 03/12/2014. Number AB14-0302

Ms. Cote' or To Whom It May Concern:

In reference to the violation:

We have enacted a policy of 100% ID checks. Signage provided by CHARR has been placed around the premises and at each P.O.S. as a constant reminder to servers/staff the importance of checking IDs.

We have also enacted a policy that all newly hired employees will receive proper TAPS training prior to be placed on the service floor, after initial training is completed.

We have also ensured that all current employees are TAPS certified, below are employees listed from Notice.

Serena X Lin      Certification #125477  
You Zhou        Certification #125478  
(Proof of certifications are attached)

In addition, we would like to provide you remaining corporate members TAPS Certifications.

Ai Hao Lin        Certification #112982  
Ai Yu Lin         Certification #112979  
Nathan Qiang Lin      Certification #112983  
(Proof of certifications are attached)

In reference to the perjury claim this was very much unintentional on our part. We were not aware at the time that Ms. Serena Lin was not properly certified. However that does not negate the fact that the error was made and we accept full responsibility for the oversight. We have taken the steps to resolve the error by ensuring that she is now properly TAPS certified as of 03/04/2014. We will continue to ensure that all members of the corporation are at all times properly certified.

Sincerely,

Ai Hao Lin

FRANK

To whom it may concern,

I am Colleen Sovalik Manager and Co-Owner of the Circle M bar in North Pole, I have recieved your letter concerning Mrs, Bellmay serving a minor on premis. We take this bery serious and have a good record of not serving minors. Mrs Bellmay has been employed with us for many years and has a good record with us as far as following the laws and customer service.

In responce to this happening at the Circle M we have implemented a few new guidlines for our servers.

- 1) No minor Id's will be accepted even if it is their birthday, we only will accept horizantl Id's.
- 2) The born before date is above the register so they will see it numorous times a day to instill the born before date.
- 3) Mrs Bellmay was suspended from work without pay and has been told this is the only chance she has because of her impecible service thus far.
- 4) I have met with the bartenders and stressed the severity of this situation and we as a team need to insure this never happens again.

In the letter Cassandra was also mentioned and that she did not have her tams card on her. She was in the bar as a customer with a drink in front of her, she bartends and does not manage the bar as I am. As a bartender she comes in and gets to know the people and try to bond with them. When she is bartending she has her TAMS card on her. There is a copy of all bartenders TAMS/TAPS cards in the register as back up. With hopes that Cassandra was not there as a worker-co owner but as a patron that she is not held to having her card on her.

I hope this is what I was required to send, If I need to add to it or do more please feel free to call me at 378-3612 or( 687-7304 for messages)

Thanks for speaking with me today. As I mentioned I've been gone for the last few weeks and when I returned to the office today I found a Notice of Violation having to do with an event in our theater on March 18th at the end of the Shamrock Shuffle running race.

We agreed to meet on Tuesday April 1 however because the notice asked for a written response within 10 days I thought I should send this written acknowledgment of my interest in discussing the issue with the ABC.

Attn: Investigator Hamilton

Dear Mr. Hamilton:

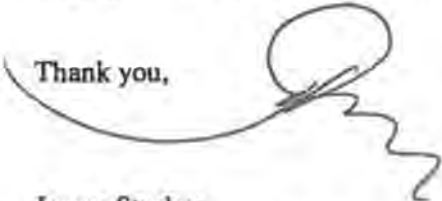

On January 18, 2014, our Customer Service Associate, Christopher Glenn Jackson, was found to have sold an alcoholic beverage to a person under the age of 21 and thereby violated AS 04.16.052. As you know from past experience, this is a very serious matter for us since we work very hard to ensure that we perform all restricted age sales in a proper manner.

Christopher Glenn Jackson was employed by Tesoro starting on April 08, 2013 and ending on January 22, 2014. He received appropriate ID policy and practices training on April 13, 2013. He completed our internal training for restricted product sales occurred on April 26, 2013 (these verbal communications were documented and signed by him as part of our ongoing employee quality control and performance evaluation policies). Additionally, Christopher completed the Techniques of Alcohol Management Course provided by CHARR on May 7, 2013.

Our operating procedure requires all personnel to enter the DOB into the POS for verification of legal age, if the individual appears to be 30-years of age or younger. Christopher followed Tesoro procedure however, he input the incorrect year. When questioned about the incident Christopher stated that he "...misread the ID". He then had entered 1992 instead of 1995 into the POS. Christopher Glenn Jackson's employment was terminated following this incident.

We will continue to work diligently to minimize occurrences of improperly performed restricted product sales. Further review of standard policy, practices and expectations will be emphasized and conducted with our store employees and their managers to ensure correct future performance practices and compliance.

Thank you,

James Sturley,

RE: Notice of Violation 13-0535  
License # 4453

Dear Ms. Cote` ,

I want to take this opportunity to respond to the Notice of Violation, 13-0535. As stated in the Notice, on December 23, 2013 former Brown Jug employee Faith Moeller did make a sale of alcoholic beverages to an underage person in violation of AS 04.16.052.

Ms. Moeller's conduct in this matter does not meet the professional standard of care we require our employees to exercise at Brown Jug. Accordingly, her employment was immediately terminated, she was trespassed from all Brown Jug locations, and a notice regarding the circumstances of her termination was posted on our internal website, all employees see this notice each time they clock in and out. We have made it very clear to all employees that the sale of alcohol to a minor will result in criminal prosecution, and immediate termination of employment.

At Brown Jug, we make every effort to prevent the sale of alcohol to minors. All store employees are required to attend a 'TAPS' alcohol server class before working in a store, and they are required by company policy to be in possession of the server card while at work. Since July of 1998, we have seized over 2400 ID cards from minors attempting to make a purchase at a Brown Jug location. Additionally since 2002, we have performed over 6300 in-house policy compliance tests on our employees to ensure that they are requesting ID from customers as required by company policy. Employees that fail to request ID from an in-house mystery shopper as required by company policy are immediately terminated. Each day when an employee reports for work, they sign a statement advising that they understand the policy regarding ID checks, and that they will follow the policy. Each time a transaction occurs on one of our registers, a pop up appears, reminding the employee that "Age Verification Is Required", displaying the "on or before" date of birth to legally make a sale. Additionally, any employee that successfully passes an ABC compliance test is eligible for a \$250 bonus.

If you have any questions regarding this letter, please do not hesitate to call.

Sincerely,

Liquor Stores USA North, Inc.,

Regarding: Alcohol Sale to Minor on 01-18-14, Wal-Mart #2722 Fairbanks, AK, Alcohol License #4846

Wal-Mart would like to respond to the charge of "sale of alcohol to a minor" by our employee occurring on the date of 01-18-14.

This store does have procedures in place to prevent such violations of law and did train all cashiers per corporate policy prior to the alleged violation, however the action of an associate violated the law and our policy and so the associate was terminated for the offense after the violation was confirmed.

I am attaching a copy of our action plan used by store managers after a violation of law for sale of alcohol to a minor, and you can be assured that the steps have been taken to retrain all cashiers in the facility and increase accountability by associates including management.

Walmart would like to enter a plea of no contest to the charges, and would stipulate to pay a fine in lieu of serving suspension days.

Please contact me with further details at the above address, or call me at 479-204-8358 to discuss.

Sincerely,

Jim Renfrow

Re: Chong Pak dba Seoul Gate Restaurant  
License No. 4941  
No. AB14-0299

Dear Ms. Coté:

By way of introduction, this firm has been retained by Ms. Pak and the Seoul Gate Restaurant regarding the Notice of Violation received on March 7<sup>th</sup> in connection with a violation of AS 04.16.052 stemming from the sale of alcohol by Un Cha Munson, one of Ms. Pak's wait-staff. Because of Ms. Pak's limited English she has asked me to assist her in responding to the Notice.

Of particular frustration to Ms. Pak, and as reflected in her Affidavit as attached, is the fact that she has done everything within reason to avoid a violation of AS 04.16.052 by her wait-staff and additionally had implemented procedures at the Seoul Gate Restaurant that were focused on preventing the precise situation that occurred in this instance. Specifically, all Seoul Gate Restaurant wait-staff are mandated to timely complete the ABC Board's alcohol education course and all wait-staff have been issued a TAPS card. Additionally, in October 2013, Ms. Pak hired a Manager, Jina Yeom, who has also taken the TAPS training and who works diligently to supervise the wait-staff, including reinforcing with each of them on a weekly basis the ABC regulations regarding service of alcohol. In addition to being the only individual responsible for ordering and inventorying all alcohol products sold on site, every Monday morning Ms. Yeom meets with Seoul Gate's wait-staff to review duties and responsibilities for the upcoming week and to reemphasize alcohol procedures – the necessity of physically inspecting all ID's prior to any sale of alcohol in order to confirm the identity and DOB on the ID. Wait-staff are further instructed that if there is ever any question with regard to an ID they are to ask Jina for assistance since she is always on site.

Since receiving the Notice of Violation, both Ms. Pak and Jina Yeom have met individually with every Seoul Gate Restaurant employee to underscore the importance of checking every customer's ID and to emphasize the necessity of confirming each customer's date of birth. Further, the waitress who served the underage person, Un Cha Munson, has been instructed that she must repeat the ABC education course on the first day it is next offered

(April 14, 2014). Ms. Munson has also been told that should she fail to complete the alcohol education course and successfully reinstate her TAPS card her employment with Seoul Gate Restaurant will be terminated. Between now and the date that Ms. Munson completes the ABC course she will not be serving alcohol. What is particularly frustrating in this instance is that Ms. Munson is a three year employee who is well aware of the regulations and implications associated with serving alcohol to a minor.

It is noteworthy to mention that recently, on March 12<sup>th</sup>, Richard Finney, an investigator with the ABC Board visited the Seoul Gate Restaurant premises and conducted a site inspection to confirm compliance with ABC's posting requirements. Mr. Finney's inspection confirmed that the appropriate signage was posted regarding non-service to minors and that the year was accurately posted for the wait staff to readily ascertain whether a patron was of proper age to consume alcohol. Mr. Finney noted that the Seoul Gate Restaurant was in full compliance with ABC regulations.

Pursuant to 3AAC 304.525(B) Ms. Pak requests a teleconference with you, as Director, to be heard regarding this matter.

Sincerely,  
BURNS & ASSOCIATES, PC

**AFFIDAVIT OF CHONG PAK**

STATE OF ALASKA                    )  
  ) ss.  
FOURTH JUDICIAL DISTRICT )

I, Chong Pak, being first duly sworn, under oath, depose and state as follows:

1. I am the owner and operator of Seoul Gate Restaurant in Fairbanks, Alaska. Seoul Gate Restaurant has a beverage dispensary license (No. 4941) issued by the State of Alaska, Alcoholic Beverage Board.
2. On or about February 28, 2014 there was a violation of AS 04.16.052 by one of my wait staff, Un Cha Munson.
3. As owner of Seoul Gate, I require that all the wait staff take the ABC Board's education course and obtain a TAPS card. All of my wait staff have taken the ABC Board's educational class and carry the TAPS card. In addition, in October 2013, I hired Jina Yeom, as my Manager. Jina Yeom is solely responsible for the ordering and inventory of alcohol and for supervising the wait staff, including training the wait staff on compliance with ABC regulations regarding service of alcohol.
4. Every week, on Monday morning, the wait staff meet with Jina and myself to go over the duties and responsibilities for the week. At these meetings Jina also reemphasizes the need to verify every customer's ID and underscores the critical need to confirm the potential customer's date of birth with the date posted for that day. The staff are instructed that any questions regarding the

validity of an ID presented by a patron, especially those unfamiliar out of state or military IDs, are to be discussed with Ms. Yeom before serving alcohol to a potentially underage person.

5. Since the February 28, 2014 violation, I have met with all of my wait staff to emphasize the critical importance of confirming each and every ID before serving alcohol and reiterated to my wait staff that service of alcohol to a minor is against the law and that failure to obtain proper ID and to confirm the legal age of each customer will not be tolerated.
6. In a conversation with Ms. Munson following the February 28, 2014 violation, my understanding of the incident as relayed by Ms. Munson is that she asked for identification from the patron before getting the requested alcohol beverage (beer) and upon bringing the beverage to the table, felt unsure and requested to see the identification again. The patron's ID was evidently a military spouse ID and the DOB was not clearly legible to Ms. Munson. Ms. Munson therefore placed the unopened beer and the ID on the table and asked the patron to wait while she got her eyeglasses. When Ms. Munson went to get her eyeglasses the kitchen flagged her down with hot food for another table, which she delivered before returning to the table where she was serving the beverage. When she got back to the table, the patron had opened the beer. Her decision to leave the unopened beverage on the table with the patron while she retrieved her eye glasses was inexcusable;

however, a patron at a neighboring table came forward and stated that he had heard Ms. Munson ask the young patron to wait for her to get her eyeglasses, and had witnessed the patron open the beer herself after Ms. Munson left. I can provide the Board with the name and telephone number of the witness if so requested.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

**Note: This is not an accusation or a criminal complaint.**

**VIOLATION:** On 11-8-13, at about 1806 hours, Kogi hostess Hanmi Natasha Pounds checked ID cards of three under 21 persons who ordered alcoholic beverages. At about 1811 hours, all three underage persons were furnished an alcoholic beverage by wait person Juping Qin, who did not check ID's because she believed Pounds did. Contact was then made with owner Young Hyon Kim who could not produce a server education card as the licensee of over 30 days and was allowing a person without server education to check ID's. Upon looking at the receipt of the transaction, Kim is providing discounted alcoholic beverages to certain segments of the public during opening hours. A check of the Kogi license file at the Alcoholic Beverage Control Board revealed Kim signed a notarized document that he understood Title IV and that he had current server education. Alaska Cabaret, Hotel, Restaurant & Retailer's Association (CHARR) Nicole Henderson was contacted who could not find a record of Kim taking their alcohol server education course. This is a violation of Title IV.

To the Board Members of Alaska Liquor Control,

As the board meets in Anchorage and my business is in Juneau I am unable to attend physically but hope that this letter and attachments and my trying to make the telephone discussion on the Tuesday morning 29 th April helps you all make a clearer decision in the awarding of the one License.

Paradise Cafe has been in my possession for 11 years, 10 in downtown Juneau and now one and a half year in the "Valley". I am a sole proprietor and usually have a staff of about five. We service the community with a wonderful assortment of fresh homemade goods on a year round daily basis.

The first 10 years in the downtown location serving the community became less and less as the tourists took over the city and the bar scene bloomed everywhere. Having a forced move to my new valley location has given me the opportunity once again to be part of the community of people who live here year round and a great location for ferry and airport traffic of our outlying community members. I am very happy to have found this great location and developing a new clientele with many of our old group following and finding us again.

When the opportunity came available to make application for a beer and wine license I felt this location would serve the community well and not making, yet just another bar in the downtown core that already feels saturated. So we applied and have now waited more than two months, filled out all the forms and criteria that is required and waiting and planning without thought of asking about a list of what the Board looks for in granting the license.

Last week, a week away from the 29th decision date, I received an email from your office about the meeting and an invitation to come to Anchorage or conference call on a Tuesday at 10:50. I wanted very much to get a plane ticket and shut my business for the day if I felt you meeting me would help, but was then told the decision will be a draw from a hat, a flip of a coin.

I'm sure you might feel my dismay in this process. If this was a draw a lottery from the beginning and not an educated thoughtfully inspected process, why not have done this two months ago and not put two business through this rather unsettling ordeal?

( more to come) draft one ... Help me all you want... Love to you and thanks...jb
