Haines Borough Assembly

Dear Haines Borough Assembly Members:

This letter is in regards to the applications for Public Convenience Licenses (AS 04.11.400 (g)) which were recently advertised in the Chilkat Valley News. They are being applied for by The Pilotlight Restaurant and Sarah J's Espresso Shoppe.

Licenses to serve alcohol in a community are limited for the public good. Haines has already reached the quota for Restaurant and Eating Place Licenses allowed by the ABC Board.

A business can get around this by applying for a Public Convenience License for which they are required to get signatures from at least half of the adults in a one mile radius of their establishment. They also must prove to the ABC Board that they are a "bona fide restaurant." Applications must be approved by the local governing body as well as the ABC Board. There are no limits to the number of Public Convenience Licenses a community may have.

It is uncomfortable to have to write this letter. This is a small town and we like the owners of each of these businesses. But the truth is, every additional permit in Haines lowers the value of our Beverage Dispensary License and affects our ability to keep going year round as we have for the last 60 years. For fees of \$400 a year, the owner of a Public Convenience License can compete with a nearby restaurant which may have paid \$25,000 for a Restaurant and Eating Place License or a bar which may have paid \$100,000 for a Beverage Dispensary License.

We are particularly concerned with the public convenience aspect of Sarah J's application. In a town of 2000 people, there are 11 places to drink alcohol within a half mile radius, 7 of which also serve food. Sarah J.'s has no bathroom and is a drive-through coffee shop traditionally frequented by kids and teenagers. Permitting would restrict access to anyone under 16 unaccompanied by a chaperone over 21.

What do we want as a community? Should everyone get a license? With increased competition, will businesses overserve to make a buck and stay solvent? How may this affect existing businesses, many of which are struggling? These are the things we hope you consider when approving or denying these applications.

Thank you sincerely,

A handwritten signature in black ink, appearing to read "Christy & Bob Fowler". The signature is written in a cursive style with a large initial "C" and a checkmark at the end.

Population Determination

The Haines Borough did not have adequate information regarding population within 1 mile of our establishment. We contacted the ABC office in Anchorage and spoke with Jane Sawyer. She pointed us in the direction of the MCDC demographic profile (attached copy). According to the report, the total population within the radius is 842 people. We got this number by adding the under 18 demographic (206) and the over 18 demographic (636) together to give 842. The number of people 21 or over in the radius is 614 people (72.9% of total population). In order to reach over 50% of those people we needed at least 308 signatures. We got over 330.

We obtained the majority of our signatures by going door to door. We also attended a couple community events where we could approach people in larger quantities.
