Members of the Board

DATE: November 13, 2017

FROM: Erika McConnell  
Director, ABC Board

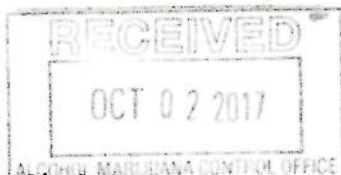

RE: Wild Honey Bistro, #5607  
REPL - Public Convenience

This application is for a new restaurant or eating place – public convenience license in Homer. 3 AAC 304.335 requires approval of the local governing body and community support as expressed by a petition signed by a majority of the residents 21 years of age or older who live within one mile of the proposed licensed premises.

The City of Homer, using data provided by the Kenai Peninsula Borough tax assessor and the American Community Survey, determined that the number of people age 21 or older who reside within one mile of the proposed licensed premises is 1,113, so that 557 signatures are needed on the petition.

Staff verified the petition signatures and determined that at least 557 valid signatures were provided.

Recommendation: Approve with delegation pending outstanding approvals.

Signature collection method.

AB-12

The method of signature collection consisted of; going door to door, soliciting outside of other business establishments, collecting signatures at Wild Honey Bistro, and a mass-mailing of the petition. I went through the signatures and crossed out any that are expired, all PO Box addresses, and any, to the best of my knowledge, that are outside of the one mile radius. As of my count we are over the needed 568 signatures.

Re: Population estimate within 1 mile of 106 W Bunnell Ave,  
T6S R13W Sec 19 Seward Meridian HM 2003 Chamberlain and Watson No 4 Lot 1-A

To Whom It May Concern:

According to the Kenai Peninsula Borough tax assessor, in the area within 1 mile of the subject location there are approximately:

653 single family residences  
15 condo units with permanent residents (estimated)  
16 apartment buildings with an estimated 7 units per complex  
36 duplexes  
20 senior housing units

According to the 2011-2015 American Community Survey, the average population per household was 2.49 persons. The duplex and senior housing units were calculated by local planning and zoning staff as having 1.5 persons per unit, due to the nature of the community – lots of older single folks, or assuming single occupancy for half the units. In addition, the ACS also estimated the occupancy rate of housing units community wide at 78%, and that 71% of the population was aged 21 or older.

Therefore:

653 single family residences x 78% occupancy x 2.49 people per household = 1268 people  
112 apartment units x 78% x 2.49 = 217  
36 duplexes + 15 condos x 78% x 1.5 = 60  
20 senior units x 78% x 1.5 = 23

Total estimated population: 1568 x 71% (population over 21) = 1113 people

Sincerely,

Julie Engebretsen  
Deputy City Planner
