

MEMORANDUM

TO: Bob Klein, Chair, and Members of the
Alcoholic Beverage Control Board

DATE: April 3, 2018

FROM: Erika McConnell, Director

RE: 4567 Liarsville

Requested Action: License renewal

Statutory Authority: AS 04.06.090(b): "The board shall review all applications for licenses made under this title and may order the director to issue, renew, revoke, transfer, or suspend licenses and permits authorized under this title."

Staff Rec.: Deny the renewal

Background: This recreational site license does not appear to meet the statutory requirements of the license type:

Sec. 04.11.210. Recreational site license.

(a) The holder of a recreational site license may sell beer and wine at a recreational site during and one hour before and after a recreational event that is not a school event, for consumption on designated areas at the site.

(b) The biennial fee for a recreational site license is \$800.

(c) In this section, "recreational site" includes a location where baseball games, car races, hockey games, dog sled racing events, or curling matches are regularly held during a season.

The licensee's statement regarding their recreational events indicates that they have a salmon bake, music, theater, gold panning, nature walks, and historical informative information. This license was first issued in 2006.

The improper issuance of recreational site licenses was identified in both the 2014 and 2018 legislative audits:

2014 Audit

Recommendation #4: The board should issue recreational site licenses in accordance with statutory requirements.

Recreational site licenses may be issued to businesses that host non-school-related recreational events held during a season.

Of the 32 recreational licensees active during the audit period, the audit found 15 businesses (47 percent) did not meet the criteria for a recreational license. Ineligible businesses include bowling alleys, a sports center and pub, an exercise gym, a gift shop, theatres, and pool halls. These business types did not meet the definition of a recreational site nor were operations limited to a season. The issuance of these licenses expanded the number of establishments licensed to sell alcohol over the number allowed by statute.

According to AS 04.11.210(a), the holder of a recreational site license may sell beer and wine at a recreational event during and one hour before and after recreational events. AS 04.11.210(c) defines recreational events as baseball games, car races, hockey games, or curling matches regularly held during a season.

Inquiries with board members revealed that the improper issuance of recreational site licenses was caused by an historic misunderstanding of what qualifies as a recreational event.

We recommend that the board issue recreational site licenses in accordance with statutory requirements.

2018 Audit

Recommendation #2: The board should issue recreational site licenses in accordance with statutory requirements.

Ten of 29 recreational site licenses active during the audit period were judgmentally selected for testing. All 10 did not meet the statutory definition of a recreational site. Six of the 10 licensees were informed by the board that their license would not be renewed during the next renewal period since the business did not meet the statutory definition of a recreational site. This same finding was reported in the prior 2014 sunset audit.

According to AS 04.11.210(a), the holder of a recreational site license may sell beer and wine at a recreational site during and one hour before and after a recreational event that is not a school event. Alaska Statute 04.11.210(c) defines recreational sites as locations where baseball games, car races, hockey games, dog sled racing events, or curling matches are regularly held during a season. The 10 noncompliant licensees noted above included travel tour companies, bowling alleys, an art council, a pool hall, a movie theater, and a spa.

Review of board meeting minutes revealed that board members understood these businesses did not meet the definition of a recreational site license, yet believed it to be in the public interest to issue them. Furthermore, board members anticipated the criteria for recreational site licenses would be addressed in a future rewrite of AS 04.06. The issuance of these licenses expanded the number of establishments licensed to sell alcohol over the number allowed by statute.

We again recommend that the board issue recreational site licenses in accordance with statutory requirements.
