

## MEMORANDUM

TO: Bob Klein, Chair, and Members of the  
Alcoholic Beverage Control Board

DATE: August 14, 2018

FROM: Erika McConnell, Director

RE: 2587 The Moose Caboose  
(formerly The Gandy Dancer Bar)

**Requested  
Action:** License renewal

**Statutory  
and  
Regulatory  
Authority:** AS 04.06.090(b): "The board shall review all applications for licenses made under this title and may order the director to issue, renew, revoke, transfer, or suspend licenses and permits authorized under this title."  
  
AS 04.11.330(a)(3): "(a) An application requesting renewal of a license shall be denied if... (3) the applicant has not operated the licensed premises for at least 30 eight-hour days during each of the two preceding calendar years, unless the board determines that the licensed premises are under construction or cannot be operated through no fault of the applicant;"

**Staff Rec.:** Deny the renewal with 30 day abeyance for licensee to submit applications for waiver of operations for 2016 and 2017

**Update for August meeting:** The licensee provided additional information shortly before and during the June meeting which was not reviewed until after the June meeting. The additional information includes affidavits three notarized affidavits from individuals stating that they had worked at the bar and that alcohol had been available. Based on these affidavits, my recommendation has changed from denying the renewal, to requiring waivers for 2016 and 2017, which would be the 2<sup>nd</sup> and 3<sup>rd</sup> waivers for this license/licensee.

Waivers are warranted because the licensee has not met the requirements of 3 AAC 304.170(j) to show that the license was operated in a similar fashion to other licensed premises for the minimum time required. The licensee was not able to provide record of all purchases of alcoholic beverages for resale on the licensed premises ((j)(6)) or a record of sales with a cash register that retains a record of transactions ((j)(7)).

New attachments: documents provided by licensee in June and July

**Background provided at June meeting:** After forwarding the complete application for this seasonal beverage dispensary license to the City of Cordova, we were contacted by the city because they were unsure that this license was being operated, and there is a car rental business being operated at the license's address. There was a rumor in Cordova that although the licensee "opens" the establishment for about two weeks per year, there is no food or alcohol available for sale.

A temporary license was issued on February 23.

AMCO opened an investigation into this license and at the staff's recommendation, the board tabled the license renewal at the April board meeting.

In mid-March, an AMCO investigator contacted the licensee and requested business records relating to proving minimum operations. The licensee provided:

- Invoice for an insurance policy for Copper River & Northwest Limited, Inc (the licensee) listing Chinook Auto Rentals and CRNW Transport, but specifically mentioning a liquor liability policy (effective 12/12/17)
- Additional insurance information for Copper River & Northwest Limited, Inc, showing insurance for a "bar, discotheque, lounge, nightclub or tavern" (effective 6/21/17 through 6/21/18)
- A liquor liability application for insurance for Copper River & Northwest Limited, Inc. proposed for 12/4/2017 to 12/2018 noting the name on the liquor license is Gandy Dancer
- A letter regarding an alcohol sales insurance audit addressed to "Airport Depot Diner – Copper River & Northwest Ltd" on which the licensee reported gross sales of \$1,297.05 in December of 2016, and gross sales of \$1060.00 in November of 2017.
- A confirmation of online business licensing for a business called "Northern Nights Inn & Moose Caboose," owned by "Raven Lady Enterprises LLC" with a secondary industry code (NAICS) of "drinking places (alcoholic beverages)"
- A City of Cordova business license for "Moose Caboose"
- TAPs cards for the licensee and another individual
- 2017 and 2018 DEC Food Code permits, issued to Copper River North West Limited for "Moose Caboose Lounge"
- A DEC Seasonal Invoice sent to Copper River North West Limited for Airport Depot Diner for the 2017 calendar year
- A state business license for "Northern Lights Inn & Moose Caboose," owned by "Raven Lady Enterprises LLC"
- A 2016 IRS Profit Or Loss From Business statement indicating gross receipts in 2016 were \$3,053
- A City of Cordova sales tax reporting form indicating gross revenue for 2017 of \$3,816.50 for a business called "Moose Caboose" (note: according to the City of Cordova, sales taxes are self-reported, and food sales and alcohol sales are not reported separately)
- One page of a "day/hour log for the time we were open"

These documents indicate that there are a variety of businesses and at least two owners somehow involved with this license, but there is no proof of operations of a liquor license, and only one of the

six items required to be provided by 3 AAC 304.170(j) to show proof of minimum operations (the DEC permit).

An AMCO investigator was in Cordova in mid-April and he visited the establishment, spoke with a variety of individuals, and spoke with the licensee. The investigator learned the following:

- Kanji Christian, an employee of the car rental business that operates at the licensed premises address, stated to the investigator that the Gandy Dancer hasn't "been open in like a decade if not longer."
- Police Chief Mike Hicks stated that to the best of his recollection, a bar has not been open at this location in 5 to 7 years.
- Luke Lovejoy, a ramp worker at the airport (which is adjacent to the establishment), stated that the bar has not been open in 6 ½ years.
- William Slayton, a ramp worker at the airport, stated that the bar has not been open in 6 years.

The licensee, Becky Chapek, cancelled a meeting with the investigator after learning that the board postponed consideration of her renewal application at the April meeting.

On April 20, 2018, I sent a records request to the licensee, requesting the following by May 4, 2018:

- Cash register receipts for the sale of alcoholic beverages
- Customer order slips showing orders for alcoholic beverages
- Alcohol orders for the establishment showing that a variety of malt beverages, wines, and distilled spirits were available for sale
- Receipts for non-alcoholic beverages used as mixers for drinks
- Alcohol sales taxes remitted to the City of Cordova
- Employee time sheets for employees of The Gandy Dancer
- Workers' compensation documentation directly related to employment at The Gandy Dancer
- IRS filings directly related to The Gandy Dancer
- Evidence of signage, of sufficient size and visibility to show that the premises is open for business, stating business name and hours of operations

Despite a short time extension requested by the licensee's attorney, no information was provided by the deadline. An NOV was issued. Subsequently, the only information provided in response to this request, through Ms. Chapek's lawyer, was copies of a day planner and a personal notebook with notes indicating when the Moose Caboose was open. According to the information provided, Moose Caboose was open for 30 days in 2016 and for 31 days in 2017. This clearly shows the intent to operate to meet minimum requirements only, which was not the option selected on the renewal application for either 2016 or 2017—the licensee indicated she was operating seasonally in both years on her renewal application (see page 4 of the renewal application). Additionally, the information regarding days and hours open gives no indication that alcohol was offered for sale during those times.

I reiterated the request for information and informed Ms. Chapek and her attorney that the deadline to provide information for the board's packet was May 25. The only additional information I received was another document relating to worker's compensation insurance.

3 AAC 304.170(j) states:

(j) If a license is exercised only to satisfy the minimum operating requirement under AS 04.11.330(a)(3) or 3 AAC 304.107(c)(1), a licensee has the burden of proof to show that the licensed premises was operated in a similar fashion to other licensed premises of the same type and shall, at a minimum,

- (1) provide signage, of sufficient size and visibility to show that the premises is open for business, stating business name and hours of operations;
- (2) offer for sale at the licensed premises, as appropriate to the type of license, a variety of malt beverages, wines, and distilled spirits;
- (3) visibly display the alcoholic beverages stock in a licensed package store premises;
- (4) provide seating in beverage dispensary licensed premises for at least one-half of the maximum number allowed by the occupancy permit;
- (5) comply with all state or municipal health, fire, and zoning laws or ordinances required for the operation of business;
- (6) maintain a record of all purchases of alcoholic beverages for resale on the licensed premises; and
- (7) record sales with a cash register that retains a record of transactions.

In addition, 3 AAC 304.455(a) states, "A licensee shall retain for at least one year records of the sales, purchases, and expenses of the business, including records sufficient to show the license was actively exercised for at least 30 days during each of the two preceding calendar years as described in AS 04.11.330(a)(3). Licensees shall maintain records of the purchase and sale of alcoholic beverages separate and apart from records of the sale of other goods or services."

The only record meeting these requirements that has been provided by the licensee is her DEC food permit, which partially meets the requirement of 3 AAC 304.170(j)(5).

#### Summary:

- Multiple individuals in Cordova indicated that the Gandy Dancer Bar has not been open in many years. The named individuals in this report are willing to testify before the board.
- Ms. Chapek indicated she operates seasonally on her renewal application, yet the limited information she has provided indicates that she opened to meet minimum operating requirements only, and there is a reasonable doubt that she operated this license at all. This is a falsification of her application.
- Ms. Chapek has provided no records indicating she has purchased or sold alcohol in the past two years.

Normally, licensees who fail to meet minimum operating requirements are required to file waivers but then have their licenses renewed (if they haven't reached a fourth waiver). However, in this situation, not only are there indications that this license hasn't been operated for longer than two years, but in addition the licensee has falsified her renewal application, stating under penalty of

perjury that she operated more than just to meet minimum operating requirements. Under these circumstances, I recommend that the board deny the renewal of this license.

## **MEMO TO ABC BOARD**

**TO:** ABC Board Members  
**CC:** Erika McConnell, Executive Director  
**FROM:** Dan K Coffey  
Attorney for Licensee  
**RE:** Becky Chapek, Owner  
Copper River & Northwest Ltd., Licensee  
**DATE:** 5-25-18

### **PURPOSE, STATUTE AND REGULATIONS:**

The purpose of this Memo is to present information to the Board demonstrating that the Licensee operated for the required minimum thirty (30) days a minimum of eight (8) hours as required by AS 04.11.330 (3) and is therefore entitled to renew her license.

See Exhibit 1 attached.

In addition to the statute, there are two Regulations that address this situation: (13 AAC 104.170 subsection j) and (3 AAC 304.170). The provisions of both Regulations regarding proof that the license was operated are identical. See

Exhibit 2 attached.

There are seven (7) enumerated provisions in the Regulation that set out the documentation that a Licensee should submit as proof that the Licensee operated for thirty (30) days with each day being at least eight (8) hours. Of those seven (7) provisions, six (6) are applicable to this license. Item # 3 in the enumerated list applies to package stores.

## **PROOF OF COMPLIANCE WITH THE REGULATION**

### 1) Provide signage:

Exhibit 3 attached.

a) Photo of the old sign which was taken down last year in order to make repairs to the wind damaged roof.

See photo of building showing roof sign location.

See photo of the old sign

b) A new sign was ordered, but apparently lost in shipping. The manufacturer is re-shipping the new sign

See billing information attached

### 2) Offer a variety of malt beverages, wines and distilled spirits:

Exhibit 4 attached.

a) Photo of recently purchased of a variety of alcoholic beverages.

b) Photo of alcoholic beverages left over from earlier year purchases.

### 3) Not applicable – applies to package store licenses.

### 4) Seating for at least one-half of the maximum number allowed by the occupancy permit:

Exhibit 5 attached.

a) Floor plan drawn to scale. On file at ABC Board.

b) New floor plan diagram

### 5) Comply with all state or municipal health, fire and zoning laws:

Exhibits 6a & 6b attached.

a) State of Alaska Documents: Exhibit 6a

- i) Confirmation of Business License for 2017.  
State Department of Commerce
- ii) Alaska Food Code – 2016 Establishment Permit  
State Division of Environmental Health
- iii) Alaska Food Code – 2017 Establishment Permit  
State Division of Environmental Health

b) City of Cordova Documents: Exhibit 6b

- i) Business License 1-01-2016
- ii) Business License 1-01-2017
- iii) Sales Tax Return 12-31-2016
- iv) Sales Tax Return 12-31-2017

6) Record of all purchase of alcoholic beverages.

Exhibit 7 attached.

- a) Costco receipt for many items, one of which were alcohol beverage purchases totaling \$53.95.

The Board should understand that this establishment is located at the Cordova airport, 13 miles from downtown. It is not a busy location particularly in the winter months. Even in the summer and fall months, traffic is limited as most people coming into Cordova are going into town and only infrequently do they stop in for food or drink. This accounts for the low volume of alcohol purchases and sales.

7) Record sales with a cash register that retains a record of transactions.

The Licensee does not have a cash register that “retains a record of transactions”. The License accepts payment far more frequently by credit card. However, in the past, she has used the credit card machine for this and two other businesses. She has now changed

that practice so that her credit card machine records only purchases from the licensed premises.

Once her license is approved for renewal, she will work with staff to determine if the credit card machine allocated specifically to the operation of the bar will be sufficient to satisfy the 7<sup>th</sup> requirement.

Note that credit card sales are far more prevalent than cash transactions.

### **ADDITIONAL PROOF OF COMPLIANCE WITH OPERATING REQUIREMENTS**

In addition to the foregoing information, the Licensee also submits the following additional proof of that she has complied with the minimum operating requirements.

#### **Payroll Records – Exhibits 8a & 8b:**

##### **1 Payroll records for 2016.**

Note that the records themselves were keep in an annual calendar on a daily basis. Copies of the handwritten entries were made and are attached.

Also attached is a typed synopsis of the payroll prepared specifically for the Board at this meeting.

##### **2) Payroll records for 2017.**

Note that the records themselves were keep in an annual calendar on a daily basis. Copies of the handwritten entries were made and are attached.

Also attached is a typed synopsis of the payroll prepared specifically for the Board at this meeting.

##### **3) Other Payroll records.**

Note that payroll records for 2009, 2010, 2011, 2012, 2013, 2014 and 2015 were also kept in this same fashion, but are not attached to this Memorandum. However, they will be available at the Board meeting should the Board wish to review them. The Licensee will

bring each and every one of these record books to the June 12<sup>th</sup> Board meeting.

## NEW RENEWAL AND REPORTING FORMS

The Licensee timely filed for renewal of her seasonal license using the new renewal Form AB-17 2018/2019 Renewal License Application.

See Exhibit 12.

The Board should be aware that this Renewal Form states that it was "revised" on October 16, 2017. In truth, this form is **an entirely new form** never used prior to 2018.

Unlike earlier renewal forms, this new Renewal Form asks Licensees three (3) question concerning operations. Previously, two questions concerning operations were asked.

See Exhibit 13.

On the Renewal Form for 2016-2017, page 2, there were two (2) questions that a Licensee was required to answer:

*Was your business open at least 30 days for 8 hours each day in 2014?*

*Was your business open at least 30 days for 8 hours in each day in 2015?*

This Licensee answered "yes" to both questions when she renewed her license for the years 2016 and 2017.

See Exhibit 14.

On the Renewal Form for 2014-2015, page 1, there were two (2) questions that a Licensee was required to answer:

*Was your business open at least 30 days for 8 hours each day in 2012?*

*Was your business open at least 30 days for 8 hours each day in 2012?*

This Licensee answered "yes" to both questions when she renewed her license for the years 2016 and 2017.

The questions concerning operation of a license business in the brand new five (5) page Renewal Form for the 2018-2019 found on page 4 are very different from previous renewal forms. Now, there are three (3) new and very different options related to minimum operating requirements.

The three (3) questions in the new Renewal Form are as follows:

1) *The license was regularly operated continuously throughout each year, for 8 or more hours each day.*

2) *The license was regularly operated during a specific season each year, for 8 or more hours each day.*

3) *the license was only operated to meet the minimum requirement of 30 days each year, 8 hours each day.*

Seeing these questions for the first time ever, the Licensee marked the second of the three (3) boxes on page 4. That box reads as follows:

*The license was regularly operated during a specific season each year, for 8 or more hours each day.*

As the Licensee understood the new form, her selection of the second of the three brand new options was appropriate since she had operated **more than** thirty (30) days each of the two (2) previous years. Since she had operated more than thirty (30) days, she thought it would be inappropriate to check the new third box.

Subsequently, once it was determined that the Licensee was operating to "meet the minimum requirement", the staff sent her form AB-30 Proof of Minimum Operation Checklist.

#### **FORM AB-30 PROOF OF MINIMUM OPERATION CHECKLIST**

Like the new Renewal Form AB-17, this new form was "revised 10/16/2017". Again, like Renewal Form AB-17, Form AB-30 was not revised. It is a brand new form.

See Exhibit 15

This brand new form contains the following statement (in bold type):

*Extra documentation may be provided in addition to all items listed below, but a license will not be found to have the requirements set forth in 3 AAC 304.170(j) unless all **mandatory documentation** required below has been submitted.*

The term mandatory documentation is not found in either the statutory or the regulatory provisions that deal with minimum operating requirements. Whoever wrote and approved the new form changed the language from the Regulation, "...at a minimum" to mandatory documentation. Staff has no authority to make such a change in the Regulation simply by preparing a new form.

The actual language of the two identical Regulations is as follows:

*... a licensee has the burden of proof to show that the license premises was operated in a similar fashion to other licensed premise of the same type and shall, at a minimum, [the regulation then set out the 7 requirements ]*

The Regulation DOES NOT require "**mandatory documentation**" but rather "proof to show that the licensed premises was operated in a similar fashion to other licensed premises of the same type..."

Also found in these same two Regulations is the phrase "[the board will, in its discretion....]" This phrase is used four (4) times in this Regulation. Admittedly, this phrase is not stated directly in subsection (j), but clearly the Board has discretion to determine, **on all of the facts**, whether the Licensee "has [met] the burden of proof to show that the licensed premises was operated in a similar fashion to other licensed premises of the same type..."

As this Licensee has clearly demonstrated, she complied with 5 of the 6 items in the Regulations. She has also submitted additional information demonstrating that she operated for the minimum required number of days and hours. Her only failure was to not to own or operate a specific type of cash register that could "record sales ... that retains a record of transactions".

Never having been questioned in her numerous earlier renewal filings where no proof of operating was ever required of her and never having to deal with subsection (j) of the regulation in any of her previous renewal filings, the License did not fully comply with all six of the applicable provisions of the Regulations. She complied with 5 of the 6 applicable provision. However, she did not have a cash register that "retains a record of transactions".

One wonders how many other licensed business likewise do not have such a cash register. Having said that, as the numerous submitted documents show,

the Licensee made an honest effort to do what she believed was necessary to lawfully operate and to protect her license.

### **BOARD'S DELIBERATIONS**

In its deliberations, the questions for the Board are of the following nature:

Has the Licensee demonstrated that she operated for the minimum required days and hours?

Does the documentary evidence submitted prove she has met these requirements?

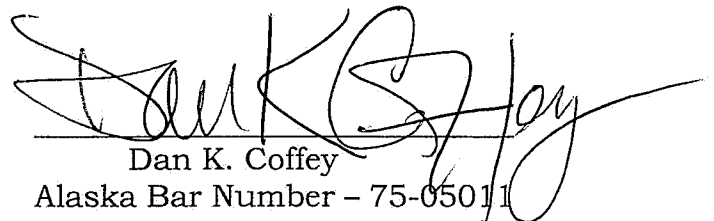

Has the Licensee shown regard for the requirements as she understood them?

Has the Licensee made efforts to remain in compliance? Has the corrective actions she has taken demonstrate that she will comply in the future?

Finally, and perhaps most importantly, is the lack of a "cash register that retains a record of transactions" an error of such grievous proportions that the license should not be renewed and that the Licensee should lose her liquor license?

The Board, after answering these and any other questions it may have, should use its **discretionary authority** and based, on the materials provided in this Memo and decide that the Licensee has met the minimum operating requirements and grant renewal of her license.

RESPECTFULLY SUBMITTED, this 25<sup>th</sup> day of May, 2018.

## **MEMO TO ABC BOARD**

TO: Alcohol Beverage Control Board  
CC: Board Staff  
FROM: Dan Coffey  
RE: Gandy Dancer  
Board Consideration: Item H  
DATE: 6-10-18

This Memo addresses the issues raised in the staff Memorandum dated June 12, 2018.

### **General Information**

The Board should understand that this licensed establishment is located 13 miles from downtown Cordova at the Cordova airport. Traffic in and out of Cordova in the winter months is minimal at best. There is not much business at an airport bar in Cordova 13 miles out of town.

In addition, this license has been operated as a seasonal license during the period of the Licensee's ownership. In addition to the seasonal nature of her license, since she has also operated for the minimum required days and hours, it is easy to understand why some people might think that the business is closed. That is a mistaken belief.

In addition to the licensed business, my client operates a car rental business and a shuttle business providing airline travelers with transportation into Cordova from the airport and back to the airport on their departure. My client will testify that "when anyone asks if there's food or drink available, I tell them yes!" and serve them one or both as they request.

## **Staff Report**

According to staff's report (page 1-Background), there was "a rumor in Cordova" that even though the business was open "there was no food or alcohol available for sale". Note that the acknowledgement that "the business was open". Photos of the alcohol on site were submitted with the initial Memo to the Board. (Exhibit 4).

Should the Board be making decisions based on "rumors"? We think not.

Staff also alleges that the enforcement staff was told by certain individuals that the bar has not been open for several years (page 2 of the staff report at bottom of the page).<sup>1</sup>

Unlike the three (3) employee sworn and notarized affidavits that the Licensee has submitted (Exhibit 9) or the records of employee hours worked which have been kept for several years (Exhibits 8a and 8b)<sup>2</sup>, there are no sworn affidavits from any of these individuals to support the allegations made by staff.

Should the Board be making decisions on "hearsay statements"? Or, should sworn affidavits be the more credible evidence as to what really happened. Hearsay is not credible. Courts of law refuse to allow hearsay testimony for good reason. Sworn statements taken under oath are credible.

Should the Board do less than a Court of Law? We think not, particularly when a Licensee's liquor license is on the line.

What is perhaps most disturbing about the Staff Memo to the Board, is staff's accusation that the Licensee is lying about her operation. On page 4 of the staff Memorandum in the next to the last paragraph, staff alleges that "the licensee has falsified her renewal application" and on that basis, staff recommends "that the Board denial renewal of this license."

On what basis does staff conclude that the licensee has falsified her renewal application? Is the conclusion based on unsworn statements? Is it based on

---

<sup>1</sup> According to staff, Kanji Christian, an employee of the Licensee stated that the business hasn't "been open in like a decade if not longer". However, Kanji signed a sworn affidavit on May 11, 2018 where he swears under oath that the "Time sheets she keeps are true and accurate for the hours I spent working at the bar." (Exhibit 9 to initial Memo).

<sup>2</sup> Attached to this Memorandum are additional time records for 2014 and 2015 which likewise demonstrate that the bar was open for more than the requisite days and hours. Time records for 2016 and 2017 were submitted with the initial Memo (Exhibits 8a and 8b).

hearsay and rumor? That is what it appears to be the case and that unsupported assumption should not be sustained.

Licensee's Memo to the Board setting Forth Proof of Operating the Required Days and Hours

On May 25 (filling deadline for submissions to the Board for this meeting)<sup>3</sup>, the Licensee provided a written Memo to the Board with 15 Exhibits attached. Those 15 exhibits addressed 5 of the 6 items set out in Regulation 3 AAC 304.170. See Memo to ABC Board, pages 2 and 3.

The only item not successfully addressed was item 7, which asks for cash register tapes showing alcohol sales. The Licensee could not supply cash register tapes. The issue for the Board is whether or not this failure to have cash register tapes means that the license should not be renewed.

If the Board determines that the failure to satisfy all 6 criteria precludes renewal, shouldn't the Licensee be afforded the right to make application for a waiver the operating requirement which has been offered to other Licensees at this Board meeting?

We think, at a minimum she should be given that opportunity.

**Proposed Regulatory Change to 3 AAC 304.170(j)**

Finally, staff has proposed that Regulation 3 AAC 304.170(j) (See Tab 75 – Regulation-Operating Requirements) be amended stating that “.... with certain licenses on this agenda, a licensee is unable to provide all the requirement documents....”. In short, staff acknowledges the that regulation needs to be changed.

If the regulation needs to be changed than why apply a deficient regulation to this Licensee? We think you should not require strict compliance with this regulation. The Board should apply its discretion<sup>4</sup> and approve the renewal of this license

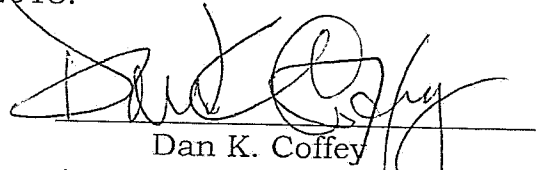

---

<sup>3</sup> Staff makes much of its “deadlines” and its resulting NOV. Staff has no authority to establish artificial deadlines and then to file NOVs when a License is files the day after the artificial deadline.

<sup>4</sup> Regulation 3AAC 304.170 uses the term “discretion” 4 times. It is clear that the Board has great discretion and that this tool which gives the Board great flexibility should be applied in this case.

We also think, as argued in our May 25<sup>th</sup> Memo, that this Licensee has provided sufficient evidence that she operated for at least the minimum 30 days of 8 hours and her license should be renewed. Alternatively, she should be allowed to file for operating waivers as is being afforded to other licensees.

Respectfully Submitted this 12 day of June, 2018.

THE STATE  
of **ALASKA**  
GOVERNOR BILL WALKER

and Economic Development

ALCOHOL AND MARIJUANA CONTROL OFFICE

550 West 7th Ave, Suite 1600  
Anchorage, AK 99501  
Main: 907.269.0350

**MEMORANDUM**

TO: Bob Klein, Chair, and Members of the  
Alcoholic Beverage Control Board

DATE: June 12, 2018

FROM: Erika McConnell, Director

RE: Potential Regulations Change:  
Operating Requirements

**Statutory Authority:** AS 04.06.100(a): "The board shall adopt regulations governing the manufacture, barter, sale, consumption, and possession of alcoholic beverages in the state that are consistent with this title and necessary to carry out the purpose of this title in a manner that will protect the public health, safety, and welfare."

**Status:** No draft proposed as yet

**Background:** 3 AAC 304.170(j) states:

(j) If a license is exercised only to satisfy the minimum operating requirement under AS 04.11.330(a)(3) or 3 AAC 304.107(c)(1), a licensee has the burden of proof to show that the licensed premises was operated in a similar fashion to other licensed premises of the same type and shall, at a minimum,

- (1) provide signage, of sufficient size and visibility to show that the premises is open for business, stating business name and hours of operations;
- (2) offer for sale at the licensed premises, as appropriate to the type of license, a variety of malt beverages, wines, and distilled spirits;
- (3) visibly display the alcoholic beverages stock in a licensed package store premises;
- (4) provide seating in beverage dispensary licensed premises for at least one-half of the maximum number allowed by the occupancy permit;
- (5) comply with all state or municipal health, fire, and zoning laws or ordinances required for the operation of business;
- (6) maintain a record of all purchases of alcoholic beverages for resale on the licensed premises; and
- (7) record sales with a cash register that retains a record of transactions.

At times, as with certain licenses on this agenda, a licensee is unable to provide all the required documents of 3 AAC 304.170(j), but the documents that are provided give sufficient evidence that the licensee has met minimum operating requirements.

Staff proposes to amend this regulation to give more flexibility to what is provided for proof of minimum operations, and to consider whether any changes are needed due to the likely upcoming statutory amendment (SB 45) that changes minimum operating requirements from 30 eight-hour days to 240 hours per year.

In addition, staff proposes to change the regulation at 3 AAC 304.170(h) to require waivers to be submitted for the last board meeting of the year, rather than the last meeting before November 30. Depending on the meeting schedule, this can require (as it would for this year) waiver applications to be submitted in September for an October meeting. (3 AAC 304.170(h): "In addition to the application fee under (c) of this section, the applicant shall pay \$1,000 for an application that is received too late for board consideration at its meeting before November 30 of the year for which waiver is requested.")

If the board is amenable to these ideas, staff will bring a draft to the next meeting.

To whom it may concern,

I have been made aware by my boss Becky Chapek that an enforcement investigator came to Cordova and raised an issue with Becky's liquor license for the Moose Caboose Diner and the Gandydancer Bar at 13 mile where the Chinook Auto Rental office is. I understand that Becky's attempts to meet the minimum requirements to maintain her liquor license are in question. Well, I am a Christian who knows that lying is a sin against God and myself, and I have already signed an affidavit that was properly notarized in my testimony that Becky and her employees, including myself, have diligently maintained the legal minimum requirements of keeping an alcohol selling bar open for the thirty days, eight hours a day each year that I have worked for her.

I understand that said enforcement investigator has made the claim that I said the bar has not been open for ten years, and also that I would be willing to testify to the ABC Board to that. As a Christian I study the importance of context and the error of conflating information in misunderstanding. If I ever referenced the bar not being open for ten years, what I meant was that we have not had a normal functioning for-profit bar open to serve the public on a daily basis as a regular year-round business. Not that we have not opened for thirty days in late fall/early winter to meet our liquor license minimum requirements in order for Becky to maintain one of her legal assets.

So it appears to me that all of the people asked to testify for this investigation of Becky's license are painfully unaware of the reality involved with a generally closed business that is opened enough to simply maintain all proper licenses of an asset that may be used as a full-time business in the future. And so I don't appreciate my comments being conflated in such an unprofessional error and a legal false claim that I somehow agreed to testify to the Board against my previous professional testimony. Those allegations of the so-called enforcement investigator are what would fail in front of the Board.

This situation is simply one of a small, bare minimum bar being opened to meet the minimum requirements to maintain a liquor license thirteen miles outside of a small town in the off season when your average citizen would not even be aware of the fact that we were open for business. If we are required to advertise or meet some minimum requirement to notify the public of our opening, or educate the residents of Cordova on how the minimum requirements to maintain a liquor license work, then please notify us of those minimum requirements and we will abide by them.

On a personal note, I'm a Christian who hates alcohol and would rather there were no liquor licenses at all; but, I respect my bosses right to maintain her legal businesses and licenses without being interfered with by people who don't understand the reality of the laws required for those businesses. It's really not complicated. That is why I will testify to the ABC Board that we have opened the bar annually to meet the minimum requirements of the license and that Becky Chapek has been diligent to see that it was done as properly as she knew how.

To Whom it may Concern:

I spoke with Joe Campbell during his visit to Cordova and told him the Bar at the Airport had not been open for several years. In the past The Diner and Bar were run in a traditional manner, but now the building is mainly known as an office for used for a Chinook Auto Rentals.

Although the statement I made was true to the best of my knowledge, at the time I made this statement, I was not aware there was an option for the bar to be open for 30, eight-hour days to keep a license active. During the time it's open, I did not realize that no liquor needed to be sold, nor did any public promotional advertising need to be done. While it is true that the bar and restaurant have not been aggressively operated in a traditional manner for many years, it is possible that efforts were made for the Bar to remain in compliance by opening for the 30 eight-hour days were completed without my knowledge of it happening.

In the future, Ms. Chapek has informed me that she or someone in her employ will be calling the Cordova Police Dept. when the bar opens & again when it closes. This should clear up any misunderstandings about her operation in the future, but with this new knowledge, I would not be able to testify with absolute certainty that the required 30 eight-hour days were not completed by Ms. Chapek and her employees.

Thank you,

 William Clayton 6/11/18

On this 27<sup>th</sup> day of July, 2018, I received a packet of information pertaining to License #2587. This license is operated by Becky Chapek at the Merle K. "Mudhole" Smith Airport 13 miles from Cordova, Alaska.

I have accepted the delivery on behalf of Erika McConnell so it can be included in the packet going to the members of the ABC board for their meeting in Denali Alaska on August 14, 2018.

If we're in agreement as to the issuance of a waiver, it will not be necessary to include this information in the board packets for their meeting in August.

Although the statement I made was true to the best of my knowledge, at the time I made this statement, I was not aware there was an option for the bar to be open for 30, eight-hour days to keep a license active. During the time it's open, I did not realize that no liquor needed to be sold, nor did any public promotional advertising need to be done. While it is true that the bar and restaurant have not been aggressively operated in a traditional manner for many years, it is possible that efforts were made for the Bar to remain in compliance by opening for the 30 eight-hour days were completed without my knowledge of it happening.

In the future, Ms. Chapek has informed me that she or someone in her employ will be calling the Cordova Police Dept. when the bar opens & again when it closes. This should clear up any misunderstandings about her operation in the future, but with this new knowledge, I would not be able to testify with absolute certainty that the required 30 eight-hour days were not completed by Ms. Chapek and her employees.

Thank you,

To Whom it may Concern:

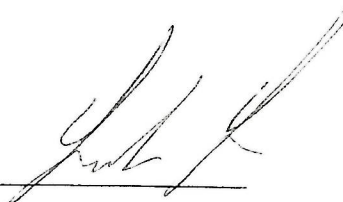

I spoke with Joe Campbell during his visit to Cordova and told him the Bar at the Airport had not been open for several years. In the past The Diner and Bar were run in a traditional manner, but now the building is mainly known as an office for used for a Chinook Auto Rentals.

NRRA - Applies to Nonadmitted Business Only

The Nonadmitted and Reinsurance Reform Act (NRRA) was enacted into law in July 2010 as part of the Dodd-Frank Wall Street Reform and Consumer Protection Act. Most of the NRRA provisions went into effect July 21, 2011 with some states laws not necessarily matching the federal standards. Regardless of whether a state has taken action, the NRRA standards apply. As the surplus line broker, we are required to look at both NRRA and the home state laws of the insured to determine compliance with all applicable rules. The NRRA establishes a single-state compliance regime for surplus line insurance transactions. Only the "home state of the insured" is permitted to require the payment of surplus line premium tax and to regulate the replacement of a surplus line policy. This requires the broker to comply with the regulatory requirements of the insured's home state regarding diligent search, disclosure language, eligibility requirements, filings, licensing and premium tax requirements.

**FRAUD WARNING (APPLICABLE IN TENNESSEE AND WASHINGTON):**

It is a crime to knowingly provide false, incomplete, or misleading information to an insurance company for the purpose of defrauding the company. Penalties include imprisonment, fines, and denial of insurance benefits.

A telephone auditor from Wilkinson Insurance Services Inc will be calling to review the information with you.

Please submit the following information, or have it available at the time of our call:

- **You can use the web address & login info at the top of your audit form (under the bar code) to submit the info online.**
- **The accompanying General Liability audit forms are to report your ALCOHOL SALES (beer, wine, liquor) revenue, excluding all sales tax collected. Record the alcohol revenue received in the Sales Section of the audit forms.**
- **In addition to your alcohol sales information, provide a complete description of your operations and your FEIN in the appropriate spaces designated on the audit forms.**

FROM: Dan Coffey  
RE: Becky Chapek  
d/b/a Gandydancer  
DATE: 5-7-18

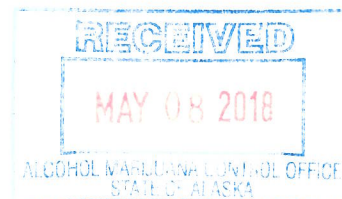

I have been retained by the Gandydancer in Cordova to address the issue of compliance with the annual operating requirements..

In completing the renewal application for 2018-19, the Licensee checked the box on page 4 which states that the license "was operated during a specific season each year for 8 or more hours a day".

The Licensee DID NOT check the "minimum requirement" box. The Licensee never filed form AB-30 - Proof of Minimum Operation Checklist because she did not know that it was required.

My client is now submitting what she has in the way of proof of operating for the minimum thirty (30) days of eight (8) hours per day requirement. This proof in the form of a list of hours operated for the years 2016 and 2017. The lists consist of hours worked each day by various employees in the months of November and December of each year.

These lists were complied by the Licensee based on her employee records which were maintained in a series of note books. Copies of the hand written note books are attached for the years

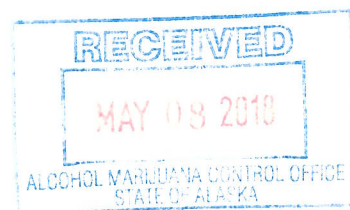

My client and I will be in attendance at the June 12 Board meeting to meet with the Board. Between now and then, I will come to your office to review my client's license file.

If you have questions or comments, please advise.
