Staff Rec.: Approve with delegation

Background: This application is for a new restaurant or eating place – public convenience license in Haines. 3 AAC 304.335 requires approval of the local governing body and community support as expressed by a petition signed by a majority of the residents 21 years of age or older who live within one mile of the proposed licensed premises.

The applicant determined the number of signatures required by identifying the number of residences within a mile of the proposed licensed premises through the Haines Borough office. The number of occupied residences, the average number of people per household, and the number of people 21 and over were determined from the Alaska Community Database and the US Census.

Using these methods, it was determined that the number of required signatures is 276. Staff verified the petition signatures and determined that at least 276 valid signatures were provided.

Compliance Letter Determining Population Narrative

The population was determined by referring to several different sources. According to information given to us by the Haines Borough office (aerial photographs and property tax records) the total number of residential homes within the one mile radius of Raevyn's Café located at The Klondike building (296 Fair Dr, #100 White Fang Way) is 462. According to the Alaska Community Database, on Alaska.gov, 70% of residential homes are occupied with year round residents (minus vacant homes, vacation rentals, etc) within the Haines Borough. This gives us a total of 323 homes being occupied year round.

According to census.gov there are 2.18 people per household giving us a total of 705 year round residents within our one mile radius. We also found on census.gov and suburbanstats.org that 22% of the population is 20 years old or younger. This brings the total residents 21 years old and older within our one mile radius to 550 people. We will need to get 281 signatures to achieve the 51% support of the 21 and older population.

In order to collect signatures we went door to door with a map of our one mile radius to assure we were within our boundaries.
