

MEMORANDUM

TO: Bob Klein, Chair, and Members of the
Alcoholic Beverage Control Board

DATE: October 15, 2018

FROM: Erika McConnell, Director

RE: #5712 Addie Camp

Requested Action: Approve new Restaurant or Eating Place – Public Convenience license

Statutory and Regulatory Authority: AS 04.06.090(b): “The board shall review all applications for licenses made under this title and may order the director to issue, renew, revoke, transfer, or suspend licenses and permits authorized under this title.”

AS 04.11.400(g): “The board may approve the issuance or transfer of ownership of a restaurant or eating place license in a municipality without regard to (a) [population limits] of this section if the board finds that issuance or transfer of the license is necessary for the public convenience.”

3 AAC 304.335: “(a) The board may issue a restaurant or eating place license under AS 04.11.400(g) upon a showing that

(1) repealed 8/24/2001;

(2) there is community support, which must be shown by a petition signed by a majority of the residents 21 years of age or over who reside within one mile of the proposed premises; and

(3) the governing body of the municipality in which the licensed premises are to be located approves the application.

(b) Renewal of a license issued under AS 04.11.400(g) will, in the board's discretion, be denied if the license ceases to be necessary to the public convenience.”

3 AAC 304.115(a): “...Petition signatures must be obtained within the 90-day period immediately preceding the submission of the application. After an application has been filed, no additional signatures may be added to the petition, and no signatures may be withdrawn.”

Staff Rec.: Approve with delegation

Background: This application is for a new restaurant or eating place – public convenience license in Soldotna. 3 AAC 304.335 requires approval of the local governing body and community support as expressed by a petition signed by a majority of the residents 21 years of age or older who live within one mile of the proposed licensed premises.

The applicant determined the number of signatures required by identifying the number of residences within a mile of the proposed licensed premises through the 2012 projection from the 2000 US Census MCDC Demographic profile. The number of occupied residences, the average number of people per household, and the number of people 21 and over were determined from the 2000 US Census.

Using these methods, it was determined that the number of required signatures is 68. Staff verified the petition signatures and determined that at least 74 valid signatures were provided.

Alaska Alcoholic Beverage Control Board Form AB-02: Premises Diagram

What is this form?

A detailed diagram of the proposed licensed premises is required for all liquor license applications, per AS 04.11.260 and 3 AAC 304.185. Your diagram must include dimensions and must show all entrances and boundaries of the premises, walls, bars, fixtures, and areas of storage, service, consumption, and manufacturing. If your proposed premises is located within a building or building complex that contains multiple businesses and/or tenants, please provide an additional page that clearly shows the location of your proposed premises within the building or building complex, along with the addresses and/or suite numbers of the other businesses and/or tenants within the building or building complex.

The **second page** of this form is not required. Blueprints, CAD drawings, or other clearly drawn and marked diagrams may be submitted in lieu of the second page of this form. The first page must still be completed, attached to, and submitted with any supplemental diagrams. An AMCO employee may require you to complete the second page of this form if additional documentation for your premises diagram is needed.

This form must be completed and submitted to AMCO's main office before any license application will be considered complete.

Yes No

I have attached blueprints, CAD drawings, or other supporting documents in addition to, or in lieu of, the second page of this form.

SECURITY PLAN STATEMENT

Addie Camp

Addie Camp Dining Car will have 2 outdoor seating areas:

The FIRST FLOOR deck will only be accessible from the inside lobby through a door between the train car and the kitchen. A hostess or manager will seat customers on the deck only after they check-in at the main entrance to the building.

The first floor deck has a second emergency exit behind the kitchen in order to meet fire code. This exit will have a lockable gate, and will NOT be a public entrance/exit. The deck is elevated above ground level, and enclosed with a railing system constructed with "pig fence" which also meets building code.

The SECOND FLOOR deck is a wrap-around six foot wide walkway with 2 doors, and an exterior staircase to the lower deck. A hostess or manager will also seat customers upstairs only after they check-in at the main entrance to the building. The exterior stairs meet fire code for emergency exit off the second floor, and will also be secured with a lockable gate. The exterior stairs will NOT be a public entrance/exit to the second floor. Access to the second floor dining area and outside walkway will be up the staircase located just inside the main entrance, or by using the elevator on the main floor.

SECURITY PLAN STATEMENT

Addie Camp

Addie Camp Dining Car will have 2 outdoor seating areas:

The FIRST FLOOR deck will only be accessible from the inside lobby through a door between the train car and the kitchen. A hostess or manager will seat customers on the deck only after they check-in at the main entrance to the building.

The first floor deck has a second emergency exit behind the kitchen in order to meet fire code. This exit will have a lockable gate, and will NOT be a public entrance/exit. The deck is elevated above ground level, and enclosed with a railing system constructed with "pig fence" which also meets building code.

The SECOND FLOOR deck is a wrap-around six foot wide walkway with 2 doors, and an exterior staircase to the lower deck. A hostess or manager will also seat customers upstairs only after they check-in at the main entrance to the building. The exterior stairs meet fire code for emergency exit off the second floor, and will also be secured with a lockable gate. The exterior stairs will NOT be a public entrance/exit to the second floor. Access to the second floor dining area and outside walkway will be up the staircase located just inside the main entrance, or by using the elevator on the main floor.

Using a 2000 census as a demographic profile, we determined that the total population *projected* for 2012 that live within a 1 mile radius of Addie Camp would be **205 persons**. This is the same census information that was used in a 2015 application for the Acapulco restaurant, which is located immediately across the Sterling Highway from Addie Camp. Of 205 persons we estimate that **65.4%** are 21 years or older, which equates to **135 persons**. **50%** of 135 is approximately **68 persons**. Therefore, our goal was to collect **68 signatures** in order to meet the requirements for a “Restaurant/Eating Place—Public Convenience” license.

We collected a total of **92 signatures** by going door-to-door within the 1 mile radius, as illustrated on the accompanying map. Signatures were also obtained by placing the petition in brew@602, which is a coffee house adjacent to Addie Camp and also owned by the applicant, Mary Krull.

Required Signatures = 50% X (Population 21 or older within 1 mile radius)

Required Signatures = 50% X (135 persons)

Sarah Oates
Program Coordinator
Alcohol and Marijuana Control Office (AMCO)
550 West 7th Ave., Ste. 1600
Anchorage, AK 99501

Dear Ms. Oates:

It is my understanding that Mary Krull, owner of Addie Camp restaurant and located at 43540 Kleeb Loop in Soldotna, has re-applied for a Restaurant/Eating Place designation and public convenience license. The purpose of this letter is to provide you with our concurrence of the applicant's population estimate of the number of residents, 21 years of age or older, living within a 1-mile radius of the restaurant.

The applicant has selected a site for her restaurant outside of our traditional downtown, but still within city limits. This part of the city is much lower in population density, and therefore the number of required signatures is also low.

The most recent and similar application for a public convenience license occurred in 2015 for the Acapulco Restaurant. Coincidentally, the Acapulco is located immediately across the street from Addie Camp. The methodology used by the Acapulco to calculate the population within the 1 mile radius is the same as that used by Mary Krull for Addie Camp.

Ms. Krull has provided this office with a copy of her AMCO application materials and population estimates. The provided estimate suggests that there are approximately 205 residents within the one-mile radius of the restaurant. Of these, I estimate that 65.4% are 21 years of age or older.

I would therefore estimate that the number of residents 21 years of age or over, who reside within a one-mile radius of 43540 Kleeb Loop, is 135

persons. Consequently, 68 signatures would be required to achieve the requirements of 3AAC 304.335.

Please feel free to contact me if you have any questions, and thank you for an opportunity to provide input.

Sincerely,

John Czarnetzki
City of Soldotna
Director of Economic Development + Planning
