

Alaska Alcoholic Beverage Control Board

Form AB-29: Waiver of Operation Application

What is this form?

This form is the means by which a licensee may request that the Alcoholic Beverage Control (ABC) Board waive the operating requirement of AS 04.11.330(a)(3) or (d). If a recreational site license has not been operated at least once in a calendar year, or if a license of any other type has not been operated for at least 240 hours in a calendar year, then a complete copy of this form and the corresponding fees must be submitted for that calendar year, per 3 AAC 304.170.

This application must be accompanied by a non-refundable waiver application fee of:

- for a 1st request, an amount equal to ½ the applicable biennial license fee; or
- for a 2nd or subsequent request, double the amount of the fee paid for the previous waiver application.

The ABC Board will determine whether, through no fault of the licensee or because the premises are under construction, the licensed premises could not be operated for the required time during the calendar year. The ABC Board may impose conditions along with the approval of an application for waiver, and it may deny a third or subsequent application for waiver. If an application for waiver is denied, an application for license renewal for the succeeding license period will be denied by the Board. In addition to the waiver application fee, the applicant must pay a late fee of \$1,000 for an application that is received too late for Board consideration at its meeting before November 30 of the year for which the waiver is requested. Please check AMCO's website for meeting agenda deadlines.

Please note that a licensee must submit a separate completed copy of this form and pay a separate corresponding fee for each license and for each calendar year during which a license was not operated in compliance with AS 04.11.330.

Section 3 – Reason for Non-operation

Provide an explanation as to why the licensed premises were not operated:

With our recent sprinkler inspection the current space used for the operation of the Liquor store is in need of sprinkler relocation, ceiling repair and electrical work before it can be reopened. Due to the uncertain time frame of the remaining repairs being completed and the time it will take to set up and reopen the store the minimum required 240 hours will not be met for the 2018 calendar year.

Section 4 – Certifications

The following must be completed for establishments located within the boundaries of a local governing body:

Read the line below, and then sign your initials in the box to the right of the statement:
