

MEMORANDUM

TO: Bob Klein, Chair, and Members of the
Alcoholic Beverage Control Board

DATE: February 19, 2019

FROM: Erika McConnell, Director

RE: Denial of Catering Permits applied
for by Bobby's Downtown (#4763)
for Fairbanks Drama Association

**Requested
Action:** Appeal

**Statutory
Authority:** AS 04.11.560(a): "An action of an officer, employee, or agent of the board relating to the administration or enforcement of this title may be appealed to the board by the aggrieved party."

Background: On January 17, 2019, AMCO received six applications for caterer's permits from Delta Epsilon, Inc DBA Bobby's Downtown #4763, to cater six performances of The Crucible at the Hap Ryder Riverfront Theater in Fairbanks. The performances were scheduled for February 1, 2, 8, 9, 15, and 16. The individual designated as the licensee or specified employee or agent of the licensee who is required to be present during all permit hours under 3 AAC 304.685 was identified as Stephen W. Mitchell, Vice President of the Fairbanks Drama Association.

The applications were sent to the Fairbanks enforcement staff for review. Investigator Chiesa noted that the permit applications were all marked "no" for the question, "Are you anticipating, or in the process of applying for a liquor license for the event location?" However, he was aware that AMCO received an application on January 7, 2019, for a theater license at the Hap Ryder Riverfront Theater. Note that the licensee declares "under penalty of perjury...that I have examined this application, including all accompanying schedules and statements, and to the best of my knowledge and belief find them to be true, correct, and complete" when he signs the permit application. AS 04.11.320(b)(2) states that a permit shall be denied if "the board finds that any of the statements made in the application are untrue."

Investigator Chiesa noticed that on the diagram for the premises to be permitted, there was an area labeled "Locked Liquor Storage" that was not shown as part of the permitted premises. Investigator Chiesa sent an inquiry about this to Bobby's Downtown, requesting clarification. He received a reply from Stephen Mitchell of the Fairbanks Drama Association. Mr. Mitchell stated that alcohol is stored in a locked closet between and during productions.

Further investigation revealed the following:

- Bobby's Downtown does not have a permit to warehouse alcoholic beverages in a place elsewhere than the licensed premises under AS 04.21.060.
- The Fairbanks Drama Association is purchasing alcohol at cost from Bobby's Downtown and storing it at the Hap Ryder Riverfront Theater.
- The Fairbanks Drama Association is selling alcohol to customers during their events, after arranging for Bobby's Downtown to sign a caterer's permit application.
- The Fairbanks Drama Association reports their sales back to Bobby's Downtown for calculation of city sales taxes owed.

The caterer's permit, at AS 04.11.230, "authorizes the holder of a beverage dispensary license to sell or dispense alcoholic beverages at conventions, picnics, social gatherings, sporting events, or similar affairs held off the holder's licensed premises." By selling alcohol to Fairbanks Drama Association, the holder of the BDL is not selling/dispensing the alcohol at the permitted event. In fact, an unlicensed and unpermitted entity, Fairbanks Drama Association, is selling/dispensing the alcohol.

The six permits were denied for multiple violations of Title 4:

- Fairbanks Drama Association selling/dispensing alcohol without a license/permit, as they purchase the alcohol from Bobby's Downtown and then resell it to event attendees.
- Unauthorized storage of alcohol at the Hap Ryder Riverfront Theater.
- A false statement on each permit application.

Mr. Mitchell asserts that this arrangement has been going on for a long time and that Investigator Finney, a Fairbanks-based investigator for the ABC Board who retired around 2015, did not have a problem with the operation. There is no way to know how much Mr. Finney knew about the arrangement, or why/if he allowed operations that were not compliant with statute. For this particular situation, AMCO staff found violations of Title 4 that could not be overlooked.

Mr. Mitchell appealed the denial of the permits to the board under AS 04.11.560(a).

Dear Ms. Nikolaides,

I have been assigned the Form AB-04 Caterer's Permit Applications you submitted for events being held at the AAP Ryder Riverfront, 1852 2nd Ave., Fairbanks, AK.

I specifically have a question about the attached diagram you submitted pertaining to the "LOCKED LIQUOR STORAGE." Please clarify where this locked liquor storage is, what liquor is being stored there, who the liquor belongs to and how long it is being stored there. If this is a closet where you will be storing alcohol at for the duration of the event then the storage area needs to also be delineated in the red as indicated on the diagram instructions.

If you have any questions, please do not hesitate to contact me.

Respectfully,

Dear Mr. Chiesa- Responding to your email of 1/24/19, attached please find another corrected premises diagram showing your requested red border for the locked liquor storage closet.

First of all, our location is the Hap Ryder Riverfront Theatre, not the AAP Ryder Riverfront Theatre as you refer to it.

The locked liquor storage closet is exactly what it sounds like. It is a locked closet behind the lobby area where liquor and other supplies are stored. Liquor in this area is in locked refrigerators and a cabinet. Material in this area is kept there between and during productions.

Over the past 25 years, the focus of ABC's concerns with me was delineating designated liquor consumption area. I am sorry that I did not outline in red the locked storage area. No one ever seemed confused about what a locked storage closet was and what its purpose would be.

Attached also find a photo of that closet.

FDA has conscientiously attempted to comply with every ABC regulation over the last 46 years It has never been my intent to misrepresent or obfuscate our activities here at the theatre. It is a modest attempt to raise funds and offer an audience amenity. Please process our permit applications for our upcoming production of "The Crucible."

Yes. We want to appeal. I will be happy to attend your board meeting. I have a fully credible and honest explanation of why I mistakenly checked the wrong box on the 42 pages of paperwork we file for each production. In no way could this error be described as a false statement. Any reasonable agent or investigator could have alerted me to this error. There was clearly no intent to misrepresent, falsify, or mislead AMCO.

I also maintain that sales at the FDA Theatre are generated and supervised by me as the onsite representative of the licensee, whose generous support of our theatre should be applauded. AMCO should also recognize that it has the responsibility to respect the decisions of previous investigators and not dismiss their judgment with the convenient excuse that they no longer work for AMCO anymore.

AMCO has the institutional obligation to respect its historic protocols, and to not arbitrarily change those protocols at the whim of enforcement investigators who clearly seem to have an agenda or axe to grind of their own.

I will inform our governor, mayors, police department, and legislature of FDA's perspective of this situation, and solicit their input in resolving this situation.

-Steve Mitchell

RE: FDA Caterer's Permits through Delta Epsilon Denied

Mr. Mitchell,

In summary, the permits were denied because the licensee is storing alcohol off of their licensed premises in an unapproved location, because an investigation shows that a non-licensee (FDA) is selling alcohol to consumers in violation of AS 04.11.010 and AS 04.16.170, and because there was a false statement made on the permit applications.

AS 0411.560(a) allows you, as an aggrieved party, to appeal the decision of an employee of the board to the board. Please let me know within 15 days if you wish to appeal to the board. If you let me know by close-of-business on Tuesday, I will put your appeal on the agenda for the February 19-20 meeting. After that, your appeal would be heard at the following meeting, April 29-30.

So, basically you are saying that the infraction necessitating the denial of these permits is that Bobby's had not obtained an off-site storage permit?

Finney's approval was a de facto if not de jure approval of our storage and practices.

Bobby's is selling beverages at FDA. I, as the onsite representative of Delta Epsilon, am facilitating those sales. The net profits of those sales are donated to FDA. FDA pays for the product, as it should.

What sort of scenario could possibly be constructed otherwise?

It is difficult to comprehend what point AMCO is trying to make, considering the great problems facing our State. The Fairbanks Drama Association and Fairbanks Children's Theatre, Inc. is not part of the problem

If policy and interpretation of regulations is going to be made by arbitrarily by over-zealous investigators, AMCO has a responsibility to inform the clientele clearly and in a timely fashion.

P.S. Why did Sarah Oates not inform me of these problems when I met with her twice in November?

RE: FDA Caterer's Permits through Delta Epsilon Denied

Mr. Mitchell,

My apologies that the denials were not sent to you. I have attached them to this email.

The way a catering permit is meant to work is that Bobby's Downtown caters the event—sells/serves the alcohol to the consumers. What was reported to the investigators was that FDA purchases the alcohol from Bobby's Downtown at cost, takes it to the theater storage, and then reports sales after events back to Bobby's Downtown so they can calculate sales tax owed.

As Mr. Finney left AMCO prior to the start of my tenure, I can offer no explanation as to why he did not enforce a particular statutory

requirement. AS 04.21.060 clearly states that the premises used for storage must be approved by the board. I have attached the form to apply for off-site warehouse storage, which must be submitted by the licensee who plans to store their alcohol in a location off of their licensed premises. There is no fee.

I never recieved a denial. by phone or email. I called AMCO twice. Our Admin Asst. called, received the decision and informed me. I called AMCO a third time. That person could not explain to me the decision.

Surely, the error in reporting that we have applied for a Theatre License was a very minor clerical error. Could not this have been addressed to me by your enforcement investigators? i had already submitted two corrections to the premises diagram at their behest

Yes, it is true. FDA pays for the product it purchases from Bobby's, although that transaction occurs several weeks after events. As the onsite representative of the licensee I count the bar sales money and report the sales to Bobby's How else could this work?

There was no mention of a storage permit over the last twenty years. Prior ABC investigator, Mr. Finney had no problem with our operation. Where does it say Bobby's needs to buy this storage permit.? How much does that cost?

We are mystified by your decision, and so disappointed. The whole town just can't believe it, including members of the Fairbanks Police Department. Why are you doing this to us?

RE: FDA Caterer's Permits through Delta Epsilon Denied

Mr. Mitchell,

There are several issues with the permit applications:

1. As noted on the denial, the permit request was not accurate. In answer to the question, "Are you anticipating, or in the process of applying for a liquor license for the event location," the "no" box was checked, when in fact an application for a theater license at this location was submitted a couple of weeks before the permit application.
2. Warehousing of alcohol on the theater premises. AS 0421.060 requires approval of the ABC Board before an off-premises area can be used for warehousing alcohol. There is

a permit for this, which the board has delegated the authority to the staff to approve. Does Bobby's Downtown have an approved warehousing permit for the area in your theater? We have no record of an approved warehousing permit for Bobby's Downtown at your theater.

3. Sale of alcohol by a non-licensee/non-permittee. It came to our attention that the Fairbanks Drama Association is purchasing alcohol from Bobby's Downtown and then selling that alcohol to consumers during permitted events. AS 04.11.230(a) authorizes "the holder of a beverage dispensary license to sell or dispense alcohol" at an event. The Fairbanks Drama Association does not hold a beverage dispensary license.

The fact that current AMCO staff has not been aware of these violations in the past does not mean that they should be allowed to continue. The enforcement staff discussed the situation with me before denying the permits and I am supportive of their determination.

We submitted caterer's permit applications in a timely fashion two weeks

ago for our production of The Crucible which opens this evening. We have conscientiously met our obligations re ABC for 46 years. I would wager FDA has probably paid for such permits as long or longer for those 46 years as any facility in Fairbanks

On Wednesday two armed AMCO investigators inspected our theatre and communicated with me via phone. The crux of their concerns seems to be related to the locked storage area we have for alcoholic beverages. This is the same area we have used for 20 years. It was never a problem for ABC/AMCO in all that time.

This morning I am informed that our permits have been denied.

We have never presented a problem to public safety in all that time.

This impacts the money we had invested for product, disappoints our public, and has wasted many volunteers time.

Is there any way you can overrule or at least stay this decision. I am willing to fly to Anchorage for a third time to discuss the problems you have with our community theatre, the oldest such organization in the State of Alaska.

Our board member, attorney Barbara Schuhmann, has researched Alaska Statutes and Alaska Administrative Code. Could you please refer to AS.0421.060 , AS 04.11.630, and 3AAC304415? Clearly, the spirit and intent of these regulations has been met for all these years.

Please issue these permits. You have the power to do this.

Sincerely,

Steve Mitchell
