

MEMORANDUM

TO: Alcoholic Beverage Control Board DATE: November 12, 2019
FROM: Erika McConnell, Director RE: 5845 Tent City Taphouse

Requested Action: New license application

Statutory Authority: AS 04.06.090(b): “The board shall review all applications for licenses made under this title and may order the director to issue, renew, revoke, transfer, or suspend licenses and permits authorized under this title.”

AS 04.11.480(a): “A local governing body may protest the issuance, renewal, relocation, or transfer to another person of a license by sending the board and the applicant a protest and the reasons for the protest within 60 days of receipt from the board of notice of filing of the application... The board shall consider a protest and testimony received at a hearing conducted under AS 04.11.510(b)(2) or (4) when it considers the application... If an application or continued operation is protested, the board shall deny the application or continued operation unless the board finds that the protest is arbitrary, capricious, and unreasonable.”

AS 04.11.510(b)(2): “The board may review an application for the issuance, renewal, transfer of location, or transfer to another person of a license without affording the applicant notice or hearing, except... (2) the board may, on its own initiative or in response to an objection or protest, hold a hearing to ascertain the reaction of the public or a local governing body to an application if a hearing is not required under this subsection;”

Staff Rec.: Reconsider the previous action; hold a public hearing on the protest; deny the application with a 180-day abeyance

Background: This application for a new restaurant or eating place license in Anchorage was approved on the delegated consent agenda at the last meeting. Subsequently, AMCO received a protest from the Municipality of Anchorage pending certification from the Fire Department.

In accordance with AS 04.11.480(a), the board should uphold the protest and deny the transfer with a 180-day abeyance, giving the applicant 180 days to resolve the issue with the municipality and have them lift the protest. The licensee should be notified that under 3 AAC 304.145(h), the abeyance period may not be extended or renewed.

Alaska Alcoholic Beverage Control Board Form AB-02: Premises Diagram

What is this form?

A detailed diagram of the proposed licensed premises is required for all liquor license applications, per AS 04.11.260 and 3 AAC 304.185. Your diagram must include dimensions and must show all entrances and boundaries of the premises, walls, bars, fixtures, and areas of storage, service, consumption, and manufacturing. If your proposed premises is located within a building or building complex that contains multiple businesses and/or tenants, please provide an additional page that clearly shows the location of your proposed premises within the building or building complex, along with the addresses and/or suite numbers of the other businesses and/or tenants within the building or building complex.

The second page of this form is not required. Blueprints, CAD drawings, or other clearly drawn and marked diagrams may be submitted in lieu of the second page of this form. The first page must still be completed, attached to, and submitted with any supplemental diagrams. An AMCO employee may require you to complete the second page of this form if additional documentation for your premises diagram is needed.

This form must be completed and submitted to AMCO's main office before any license application will be considered complete.

Yes No

I have attached blueprints, CAD drawings, or other supporting documents in addition to, or in lieu of, the second page of this form.

The food area plans submitted to AHD Environmental Health for **Tent City Taphouse [SR 605]**, 343 W 6th Ave, are hereby **approved** for those items with which the Anchorage Health Department is concerned. This approval is limited to eighteen months from the date of approval. If an extension is needed, please send a written request to this office. If no action has been taken by the applicant, new plans will need to be submitted along with the appropriate fees.

Items such as lighting (minimum 50 foot-candles in food prep and ware-washing areas, and 20 foot-candles in other areas) and surface finishes (non-absorbent, durable, smooth & easily cleanable) will be field checked during the opening inspection.

Seams and joints between counters and walls must be sealed. Verify all equipment meets ANSI/NSF or equivalent standards.

This approval is subject to provisions of Chapter 16.60 AMC and is based upon the plans and comments submitted. Please call concerning any changes or questions. Health Permits from AHD are required for opening. A food manager certificate is required for Risk type 2 & 3 facilities prior to opening.

Contact this office:

- if you plan any changes to the menu or the facility;
- to schedule construction inspections; and
- to schedule an opening inspection prior to bringing in food items.

Ensure that all permits required by Development Services, such as connections to electrical service or change of use permits, have been applied for and approved.

Ensure flooring in bar and restrooms (TBD) is smooth, durable, non-absorbent and easily cleanable. Ensure cove is installed at all floor-to-wall joins (kitchen, cookline, walk-in, etc.).

Respectfully,

Janine Nesheim
