Host Chen ANC FB, LLC d/b/a Norton Sound Seafood House
Licenses #4988 and #5320

Global restaurateur Host International, Inc. ("Host"), managing member of Host Chen ANC FB, LLC, is a world leader in creating dining for travel venues. Host operates in more than 100 airports around the globe, including the 20 busiest airports in North America.

In order to encourage tourism, Host brings the freshest ingredients right from the local area, into Ted Stevens Anchorage International Airport with *Norton Sound Seafood House*, a Host original concept that was designed specifically for the airport with contributions to the menu from Alaska's celebrity chef, Al Levinson.

Norton Sound Seafood House serves up local seafood; it is your last chance for Alaskan salmon and halibut fresh in season, before boarding. It is located pre and post-security with a comfortable and contemporary atmosphere. Our pre-security location is ideal to have a farewell meal with visitors before they have to go through security. It is a great place for patrons to enjoy some Alaskan fare before their flight. Halibut and salmon can be ordered blackened or grilled. The most popular item on the menu is the Halibut and Chips. All are favorites with most tourists. Our location in the Ted Stevens Anchorage International Airport caters to tourist by the very nature of it being located in the busiest airport in Alaska.

Norton Sound Seafood House also embraces the finest in local brewing, and offers an array of top shelf and signature cocktails. *Norton Sound Seafood House* provides travelers a taste of what the region has to offer.

Marites Repuya is the HMSHost/Norton Sound Seafood House Operations Manager. We do not offer room rentals as we are located at the Airport. Currently, no additional amenities are offered, however, earlier this year, in order to attract more tourism, *Norton Sound Seafood House* and Alaska National Wildlife partnered together to hang a full size float plane above the restaurant.

The Norton Sound Economic Development Corporation (NSEDC) is a regional economic development organization representing 15 communities in northwest Alaska. These communities, while small, are rich in history and culture and provide some of the best seafood in the world.

The local fishing fleets are exclusively comprised of small vessels with local crews who brave the ever-changing conditions that the Bering Sea is so well known for.

Whether fishing in 18-foot open skiffs for halibut off of St. Lawrence Island, making 1-2 day trips to deliver a few thousand pounds of well-cared for king crab, or harvesting salmon from the same waters as their ancestors have done for thousands of years, Norton Sound fishermen are a dedicated group that take pride in their work and their resource.
