

MEMORANDUM

TO: Alcoholic Beverage Control Board DATE: November 12, 2019
FROM: Jane P. Sawyer, Regulations Specialist RE: Regulations Project – Combined Tasting Rooms

The board opened this regulations project at the September 2019 meeting to clarify the limits on quantity sold of an alcoholic beverage when there are combined manufacturing tasting rooms at the same location.

A new section was created in 3 AAC 304 under Article 4, General Provisions Regarding Licensees and Licensed Premises.

The new section will make it clear that when a licensee holds two or more manufacturing licenses at the same location, not more than three drinks total may be sold each day to a person for consumption on the licensed premises. Furthermore, it defines what a drink is for the purpose of the regulation.

Attached is the draft.
