MY COMMISSION EXPIRES AUG. 28, 2022

This narrative is in support of Form AB-12, regarding the application of Firebrand, LLC for a beer and wine license. The applicant's physical address is 1101 3rd Avenue, Seward, Alaska ("the premises").

Pursuant to the census data obtained online at www.worldpopulationreview.com (attached), the population density is 195.67 people per square mile. Also attached is a map and correspondence from the City of Seward, stating that there shows to be approximately 552 "residential" listed properties in the 1 mile radius.

Seward is predominantly a resort town and a portion of the residential properties are only used during the summer months and are subsequently vacant. Additionally, in the 1 mile radius of the premises, applicants have located approximately 127 properties that are exclusively AirBNB or VRBO. Attached are printouts from VRBO and AirBNB showing the area searched and the listing number of rental properties.

Based upon the above information regarding the vacation rentals, we note that there are approximately 425 residential properties in our area that are used for residencies. Additionally, we know that there are residents who leave town after the summer season and maintain residencies elsewhere in the state or out of state entirely. Based on the 425 residential properties, a majority would be 213 signatures obtained. Combined with the knowledge that there are residents that do leave town after the summer season, we feel that 200 signatures is an appropriate majority of year-round permanent residents who have approved our petition.

Applicants have gone door to door within the 1 mile radius of the premises speaking to residents and obtaining the required signatures. A map is attached showing the area canvassed.

Additionally, we had a less than 1% negative reaction to the petition, which was neither based on our business or business practices, but rather religious beliefs or opposition to alcohol in general.

Stephanie,

The attached maps were generated by our GIS mapping software and highlights individual parcels in a one mile radius of your business location at 1101 Third Avenue, in Seward. Within that radius, there are 552 properties that are classified as residential. I got that number by exporting the selected parcel data from our GIS software and filtering to select for private property that has a residential classification. This data comes to us from the Kenai Peninsula Borough assessing department, and the codes that they assign to differentiate residential from commercial or other uses.
