

MEMORANDUM

TO: Alcoholic Beverage Control Board

DATE: December 24, 2020

FROM: Glen Klinkhart, Interim Director

RE: 3219 Mom & Pop's Grocery & Liquor

Requested Action: Review the facts and provide guidance to staff in accordance with statutes and regulations.

**Statutory &
Regulatory
Authority:**

AS 04.11.510(b)(1) "if an application is denied, the notice of denial shall be furnished the applicant immediately in writing stating the reason for the denial in clear and concise language; the notice of denial must inform the applicant that the applicant is entitled to an informal conference with either the director or the board, and that, if not satisfied by the informal conference, the applicant is then entitled to a formal hearing conducted by the office of administrative hearings (AS 44.64.010); if the applicant requests a formal hearing, the office of administrative hearings shall adhere to AS 44.62.330 – 44.62.630 (Administrative Procedure Act); all interested persons may be heard at the hearing and unless waived by the applicant and the board, the formal hearing shall be held in the area for which the application is requested"

3 AAC 304.145(h) "The board may uphold a protest of an application or continued operation with a single abeyance period not to exceed 180 days if the local governing body indicates that the protest is subject to rescission and that it will be withdrawn if the applicant meets conditions set by the local governing body. If the local governing body notifies the board within the period of the abeyance that the protest has been removed, the application or continued operation is approved when all other applicable requirements have been met. If the local governing body has not notified the board within the period of the abeyance that it has removed the protest, the application or continued operation is denied. The period of abeyance may not be extended or renewed."

Background:

On the 2020/2020 renewal application, the licensee updated their contact email. This information was not modified in AMCO's database in error and the notice of public hearing at the March 31 – April 1, 2020 ABC Board meeting to consider the protest was subsequently not received by the licensee. Therefore, the licensee was not present to defend his license against the protest by the Municipality of Anchorage and the Midtown Community Council.

At the March 31 – April 1, 2020 meeting, the Board voted to uphold the protest and deny the 2020/2021 renewal with a 180-day abeyance. The Board Action Letter was mailed on April 22, 2020 with the 180-day deadline of October 19, 2020.

The Municipality of Anchorage did not and has not lifted the protest to date. On October 23, 2020 a denial letter was mailed and emailed (to the incorrect email address) to the licensee with a blank Notice of Defense. Staff received the completed Notice of Defense in a timely manner and it was during the preparation of the OAH hearing, that the email error was discovered.

ORDER OF DISMISSAL

The second case planning conference in this matter convened today, with Administrative Law Judge Kennedy substituting for Judge Mandala. Ms. Wilson reported that due to concerns about possible errors in giving notice of the April 1, 2020 board meeting, the prior decision will be vacated and this matter will be taken up at the board's meeting on January 5, 2021. If there is another decision adverse to LeeFamily Corporation, there will be new appeal rights.

Mr. Lee has been encouraged to read the agency record that was circulated in this case (including the municipal protest at pages 284-290), to consider engaging an attorney, and to participate in the January 5 meeting.

The present appeal being moot, Mr. Lee withdrew his corporation's current request for a hearing. This matter is dismissed without prejudice.

Re: Renewal of Package Store License #3219

Dear Tseng Lee and Cheng Lee:

On April 22, 2020 you received a Board Action form the Alcoholic Beverage Control Board with the following information:

At the April 1, 2020, meeting of the Alcoholic Beverage Control Board in Anchorage, Alaska, the board upheld the protest of the new license applications by the Municipality of Anchorage and denied the applications with a 180-day abeyance. This means that the Municipality of Anchorage must withdraw its protest of your license application by October 19, 2020; otherwise the application is denied. The Municipality protested the renewal application due to violations to the conditions set forth by the Municipality.

To date, the Municipality of Anchorage has not withdrawn its protest. Therefore, your application for renewal of your license is denied under 3 AAC 304.145(h).

To contest this denial, you have the right to an informal conference with the director or the Board under AS 04.11.510(b)(1), which you may initiate in writing within 15 days of receiving this letter. You also have the right to forego an informal conference and proceed directly to hearing. As such, please consider this letter as a Statement of Issues as required by AS 44.62.370. If you intend to request a formal hearing, you must notify AMCO in writing, within 15 days of receiving this notice. If you request an informal conference, the 15 days to request a formal hearing will be paused until the informal conference is held. A Notice of Defense form is enclosed for this purpose; however, you may submit any written notice that meets the requirements of AS 44.62.390.

Your Notice of Defense must be sent to:

Administrative Officer
Alcohol and Marijuana Control Office
550 West 7th Ave, Suite 1600

Anchorage, AK 99501

Failure to request an informal conference or to request a hearing waives your right to further appeal.

You may contact the office with any questions or to request additional information. However, we cannot provide you with any legal advice.

Respectfully,

WHEREAS, the Assembly has provided the liquor licensee the opportunity to defend the renewal application, has considered the testimony and evidence relevant to this liquor license, and has considered the options of either protesting or waiving protest and requesting the ABC Board impose conditions;

NOW, THEREFORE, the Anchorage Assembly resolves:

Section 1. The Anchorage Assembly finds the applicant and the Midtown Community Council were given notice and a hearing was properly held February 25, 2020 for purposes stated herein with relevant evidence presented as indicated in the public records maintained by the Municipal Clerk.

Section 2. Per Anchorage Municipal Code section 2.30.125, in the exercise of its powers and under AS 04.11.480 and 3 AAC 304.145 to protest issue, renewal and transfer of alcoholic beverage licenses within the Municipality, the Assembly shall consider whether the proposed license meets the factors and standards set forth in that section, and those potentially relevant, pending the public hearing, to the renewal application for license #3219 are listed below.

A. After review of the application and all relevant information, the Assembly finds that **(only check items that apply):**

- ☐ **Concentration and land use.** The transfer of location or issuance of the requested license will negatively impact the community through an increase in the concentration of uses involving the sale or service of alcoholic beverages within the area affected and will conform to the separate standards of section 21.03.080D.
- ☐ **Training.** The applicant cannot demonstrate prospective or continued compliance with a liquor server awareness training program approved by the state alcoholic beverage control board, such as or similar to the program for techniques in alcohol management (T.A.M.). Until such plan is approved, training by a licensee's employees in the T.A.M. shall constitute compliance with this section. (This subsection is effective December 1, 1985.)
- ☐ **Operations procedures.** The applicant cannot demonstrate prospective or continued compliance with operations procedures for licensed premises set forth in section 10.50.035.
- ☒ **Public safety.** The operator cannot demonstrate the ability to maintain order and prevent unlawful conduct in licensed premises. In determining the operator's demonstrated ability to maintain order and prevent unlawful conduct, the assembly has considered police reports, testimony presented before the assembly, written comments submitted prior to or during the public hearing, and other evidence deemed to be reliable and relevant to the purpose of this subsection and in the record for AR 2018-134, As Amended, and this resolution. For purposes of this section and section 10.50.035 the term "licensed premises" shall include any adjacent area under the control or management of the licensee.

1. Licensee acknowledged awareness of the conditions imposed on the license by the ABC Board in September of 2018, as requested by the Assembly in AR 2018-34, As Amended, and that licensee complied with the conditions for several months following their imposition. Licensee testified he consciously disregarded conditions after several months generally because he felt they were unfair since he learned other operators in the vicinity were not restricted by the same or similar restrictions and requirements. The Assembly finds that noncompliance for those reasons is not justified.

2. On many occasions throughout 2019, sales of products at Mom & Pop's Grocery & Liquor violated conditions imposed on the license. Credible photographic evidence and an attestation was provided by Timothy Potter showing shooter size liquor bottles with receipts sold for less than the minimum price required by ABC conditions, and in quantities to a person in a day exceeding the number allowed by conditions. Conditions were imposed by legal process and compliance is required by law. The Assembly acknowledges that the alleged violations have not been adjudicated, including an ABC Notice of Violation dated 2/8/2020, but the totality of the allegations and admission of the licensee to sales practices in violation make them trustworthy and reliable for purposes of a protest to license renewal.

3. The Anchorage Police Department Calls for Service report (AIM 32-2020) for calendar year 2019 are voluminous to the extent the licensed premises appear to be a magnet for unlawful conduct and the number of calls for police service are significant in relationship to other package stores in the Municipality. The Assembly recognizes that liquor licensees should not be discouraged from calling for police assistance when needed, but they also have a responsibility to implement operations and practices that mitigate the need for frequent police assistance. The conditions imposed on the license are one of the measures the licensee could have implemented but admitted in testimony he does not comply with. The Assembly finds the licensee's pattern of practices contributed to unlawful conduct and public safety concerns at the licensed premises.

☐ Payment of taxes and debts. Pursuant to AS 04.11.330, the applicant is delinquent in payment of taxes owed to the municipality for the payment of any debts or taxes, including any estimated taxes for the current year arising from the conduct of the licensed business.
- ☒ Public health. The operator has engaged in a pattern of practices injurious to public health or safety, such as providing alcohol to minors or intoxicated persons, committing serious violations of state law relevant to public health or safety, or other actions within the knowledge and control of the operator which place the public health or safety at risk. The assembly has considered criminal convictions, credible proof of illegal activity even if not prosecuted, police reports, testimony presented before the assembly, written comments submitted prior to or during the public hearing, and other evidence deemed to be reliable and relevant to the purpose of this subsection and this resolution.

42
43
44
45
1. The record of this location demonstrates to the Anchorage Assembly as a matter of general public policy there is a negative impact greater than that anticipated from permitted package stores generally, on the neighboring properties and parks, to the sense of safety and welfare to

1 nearby residents, and on health and safety of customers the licensee
2 caters to, as a result of the licensee's pattern of practices and
3 operations procedures.

- 4
- 5 2. The licensee's practices and catering to chronic inebriate customers,
6 including selling shooter size bottles of hard alcohol for low prices that
7 are below the \$1.70 minimum price condition for shooters, evidenced by
8 pictures and testimony of at least two individuals, substantially
9 contributed to negative impacts on the area, including,
10 a. increased costs to nearby property owners in damages and loss, and
11 increased costs for security and security improvements, particularly
12 Mallory Place apartments, and concerns for safety of tenants and
13 security of their buildings. Denali Commercial Property Management
14 provided credible photographic evidence and testimony of empty
15 liquor containers littered on its properties on various dates, persons
16 incapacitated on its property and inside its laundry facilities and a
17 vacant apartment unit. While each instance cannot demonstrate
18 conclusively the customers or product litter was purchased at
19 licensee's store, in the totality of the circumstances it is sufficient to
20 show many product purchases from the licensee significantly
21 contributed to these impacts to the area.
22 b. being a significant contributing factor to chronic inebriates littering,
23 trespassing and becoming publicly incapacitated (passing out) in the
24 area.
- 25
- 26 3. The licensee failed to mark containers as a litter prevention and
27 identification measure. Photos provided the Assembly credibly
28 demonstrate shooters purchased at licensee's store were not marked or
29 labeled as required so they could be identified as originating from that
30 store when discovered as litter. Compliance with that condition could have
31 exonerated or implicated licensee of responsibility of litter of empty
32 shooter bottles in the area.
- 33
- 34 4. The practices have continued after the State ABC Board imposed
35 conditions on the license September 4, 2018. The Assembly finds by a
36 preponderance of the evidence submitted that such practices violating
37 conditions imposed on the license occurred in June, July, August,
38 November, December of 2019, and January of 2020. The Assembly
39 concludes the foregoing practices and violations of conditions are known

1 to the licensee and under its control, and continue to place the public
2 health and safety at risk.

- 3
4 B. The Midtown Community Council has requested a hearing and provided a resolution,
5 which is attached, recommending non-renewal of package store license #3219 and to
6 revoke the conditional use permit for alcohol for 601 W 36th Ave., Ste 3 & 4, due to
7 significant non-compliance with restrictions as agreed to in the signed Memorandum
8 of Understanding, which is included in AR 2018-134, As Amended, as well as non-
9 compliance with conditions placed on the license by the State of Alaska.
10
11 C. The Anchorage Assembly, based on the evidence and information provided and its
12 findings as stated in this resolution, hereby **protests** the renewal of liquor license
13 #3219.
14
15 D. Should AMCO uphold the protest, the Assembly recommends that the licensee
16 be allowed to transfer the license to another licensee. The Assembly further
17 recommends that a package store license will not be allowed at this location by
18 this operator.
19

20 **Section 3.** The Municipal Clerk shall provide a copy of this Assembly Resolution to
21 AMCO as proof that the Anchorage Assembly, as the local governing body, has stated its
22 **protest** of the renewal of package store liquor license, #3219.

Re: Mom & Pops Grocery & Liquor #3219

Dear Licensee:

At the April 1, 2020, meeting of the Alcoholic Beverage Control Board in Anchorage, Alaska, the board upheld the protest of the license renewal application by the Municipality of Anchorage and denied the application with a 180-day abeyance. This means that the Municipality of Anchorage must withdraw its protest of your license application by October 19, 2020; otherwise the application is denied. The Municipality protested the renewal application due to violations to the conditions set forth by the Municipality.

If the protest is lifted by the deadline, your license application is approved with delegation, meaning the it can be effectuated as soon as all outstanding approvals are received.

Please contact alcohol.licensing@alaska.gov with any questions.

Hello my name is Edward and I've sent a letter on 2/24. I can send you it again on here for the response.

Our sniki-tinki was a broken down 12 pack can and was sold at 2.49\$ and the 4 shooters that was sold was a judgmental call. We have fix this issue by inspecting every customer such as;to see if they been intoxicated, to see if they are driving or walking by looking at our cameras that are facing the parking lot and checking valid I.D. We also put a sign up to our customer saying "limit of 2 shooters". I just want to say it's unfair that we have to price these items high and limit people while they can go right across the street or anywhere else and buy whatever they want. My prices are still higher than everyone around me. I'm the only one who got this moa out of the 9 Liquor store within walking distance.

Re: Mom & Pops Grocery & Liquor, License #3219

Dear LeeFamily Corporation:

At the August 14, 2018, meeting of the Alcoholic Beverage Control Board in Denali, Alaska, the board renewed your package store license with conditions requested by the Municipality of Anchorage. The conditions imposed are as follows:

1. No single-serving container of beer or malt beverage may be sold or offered for sale that has an alcohol content equal to or greater than 8.0% for less than \$2.49 per container.
2. Glass bottles of products shall not be sold if plastic container options for the same product are available locally.
3. No single-serving of an alcoholic beverage other than beer or wine may be sold or offered for sale in a container having a capacity of approximately 50 ml or 1.6 oz, more or less, commonly known as miniatures, shooters, or airplane serving size bottles, for a price less than \$1.70 per container.
4. Licensee shall not sell more than two "shooters" to any one customer, per day.
5. All shooters and single-serving containers of beer or malt beverage in containers of 16 ounces or less shall be labeled with a sticker or other identifying mark to identify the location of the point of sale.
6. The conditions recommended by the Assembly herein shall only be applicable to license #3219 while it is located at 601 W 36th Ave., Suites 3 and 4, in Anchorage. If the license is transferred to a different location all conditions shall be lifted from license #3219; however this does not prevent the Anchorage Assembly from recommending the same or other conditions be imposed on the license at the time it reviews an application to transfer the location of license #3219.
7. The licensee shall, in good faith, execute and comply with a Memorandum of Understanding (MOU) between Midtown Community Council (MCC) and LEEFAMILY CORPORATION DBA MOM AND POP'S GROCERY AND LIQUOR, regarding licensee's operations, practices, and effect on the area. The MOU conditions shall have no binding effect on the Assembly or the Municipality of Anchorage.

Your license will be sent to you shortly.

Please contact alcohol.licensing@alaska.gov with any questions.

Sincerely,

Mom & Pops Grocery and Liquor is before the assembly for an alcohol license renewal. This is an old, prior to conditional use approval license. However, the State of Alaska Alcohol Beverage Control Board issued a letter on September 4th, 2018 imposing five conditions on the license at the request of the municipality. The five conditions were 1) No single serving container of beer or malt liquor may be sold or offered for sale that has an alcohol content equal to or greater than 8.0% for less than \$2.49 per container. 2) Glass bottles of products shall not be sold if plastic container options for the same product are available locally. 3) No single serving of an alcoholic beverage other than beer or wine may be sold or offered for sale in a container having capacity of approximately 50ml or 1.6 oz, more or less, commonly known as miniatures, shooters, or airplane serving size bottles for a price less than \$1.70 per container. 4) Licensee shall not sell more than two "shooters" to any one customer per day. 5) All shooters and single serving containers of beer or malt beverage in containers of 16 ounces or less shall be labeled with a with a sticker or other identifying mark to identify the location of the point of sale. A complaint was passed to Land Use Enforcement from the Assembly Chair that some of these provisions were being violated.

On 2/13/2020 at about 1030 hours, Officer Elaine Quiboloy-Reid and I inspected Mom and Pops Grocery a Liquor for compliance with their conditional use. We met the manager Eddy Lee. Below are the five criteria that we inspected along with the results.

1. No single-serving container of beer or malt beverage may be sold or offered for sale that has an alcohol content equal to or greater than 8.0% for less than \$2.49 per container.
Result: We found single-serve 16 oz. cans of Sniki-Tiki flavored beer, 9.9% alcohol, for \$1.99 per can. Lee immediately changed the amount to \$2.49 per can. He scanned a can to show the change.
1. Glass bottles of products shall not be sold if plastic container options for the same product are available locally.
Result: Lee said he orders plastic if available
1. No single-serving of an alcoholic beverage other than beer or wine may be sold or offered for sale in a container having capacity of approximately 50 ml or 1.6 oz, more or less, commonly known as miniatures, shooters, or airplane serving size bottles, for a price less than \$1.70 per container.
Result: Their shooters are \$1.99 each.
1. Licensee shall not sell more than two "shooters" to any one customer, per day.
Result: Lee said they will sell one or two to a customer in a day.
1. All shooters and single-serving containers of beer or malt beverage in containers of 16 ounces or less shall be labeled with a sticker or other identifying mark to identify the location of the point of sale.
Result: None of the single-servings were marked. Lee said they mark the bottom of the container with a check mark or initials with a sharpie before the customer leaves the store.

Service Request & Case Summary Report

Report Date: 2/14/2020 1:29 PM

After conferring with Officers Quiboloy-Reid and Larson that they had confirmed a violation of the first condition that beer or malt liquor with an alcohol content of 8% or greater not be offered for less than \$2.49 per container, although corrected on site at the time of inspection, I conducted a follow up visit to the store on 2-13-20 at approximately 340 PM and behaved as a regular paring customer. I approached the counter with a 16 oz. can of Sniki Tiki Punch Cocktail that has an alcohol content of 9.9%. and asked for "shooters" of vodka. The counter attendant, an Asian male in his approximately late twenties, offered selections from a bottle rack to the customer's left side of the counter. I selected four "shooter" bottles of Burnetts vodka. The counter attendant then said he was only supposed to allow two shooters but said that I looked "ok" and proceeded with the sale in violation of condition four of the September 4, 2018 conditions letter. He then proceeded to use a sharpie type pen to make a mark on the bottom of all five containers. The total of the sale was \$10.45 with the canned cocktail at \$2.49 and the "shooters" at \$1.99 each which was in accordance with the conditions letter. A copy of the receipt is attached but the time listed is incorrect reading 4:22 pm. A photo of the marked containers is also attached.

38 license, and has considered the options of either protesting or waiving protest and

40
41 **NOW, THEREFORE**, the Anchorage Assembly resolves:

42
43 **Section 1.** The Anchorage Assembly finds the applicant and the Midtown Community
44 Council were given notice and a hearing was properly held February 25, 2020 for
45 purposes stated herein with relevant evidence presented as indicated in the public
46 records maintained by the Municipal Clerk.

Section 2. Per Anchorage Municipal Code section 2.30.125, in the exercise of its powers and under AS 04.11.480 and 3 AAC 304.145 to protest issue, renewal and transfer of alcoholic beverage licenses within the Municipality, the Assembly shall consider whether the proposed license meets the factors and standards set forth in that section, and those potentially relevant, pending the public hearing, to the renewal application for license #3219 are listed below.

A. After review of the application and all relevant information, the Assembly finds that **(only check items that apply):**

- ☐ **Concentration and land use.** The transfer of location or issuance of the requested license will negatively impact the community through an increase in the concentration of uses involving the sale or service of alcoholic beverages within the area affected and will conform to the separate standards of section 21.03.080D.
- ☐ **Training.** The applicant cannot demonstrate prospective or continued compliance with a liquor server awareness training program approved by the state alcoholic beverage control board, such as or similar to the program for techniques in alcohol management (T.A.M.). Until such plan is approved, training by a licensee's employees in the T.A.M. shall constitute compliance with this section. (This subsection is effective December 1, 1985.)
- ☐ **Operations procedures.** The applicant cannot demonstrate prospective or continued compliance with operations procedures for licensed premises set forth in section 10.50.035.
- ☒ **Public safety.** The operator cannot demonstrate the ability to maintain order and prevent unlawful conduct in licensed premises. In determining the operator's demonstrated ability to maintain order and prevent unlawful conduct, the assembly has considered police reports, testimony presented before the assembly, written comments submitted prior to or during the public hearing, and other evidence deemed to be reliable and relevant to the purpose of this subsection and in the record for AR 2018-134, As Amended, and this resolution. For purposes of this section and section 10.50.035 the term "licensed premises" shall include any adjacent area under the control or management of the licensee.

1. Licensee acknowledged awareness of the conditions imposed on the license by the ABC Board in September of 2018, as requested by the Assembly in AR 2018-134, As Amended, and that licensee complied with the conditions for several months following their imposition. Licensee testified he consciously disregarded conditions after several months generally because he felt they were unfair since he learned other operators in the vicinity were not restricted by the same or similar restrictions and requirements. The Assembly finds that noncompliance for those reasons is not justified.

2. On many occasions throughout 2019, sales of products at Mom & Pop's Grocery & Liquor violated conditions imposed on the license. Credible photographic evidence and an attestation was provided by Timothy Potter showing shooter size liquor bottles with receipts sold for less than the minimum price required by ABC conditions, and in quantities to a person in a day exceeding the number allowed by conditions. Conditions were imposed by legal process and compliance is required by law. The Assembly acknowledges that the alleged violations have not been adjudicated, including an ABC Notice of Violation dated 2/8/2020, but the totality of the allegations and admission of the licensee to sales practices in violation make them trustworthy and reliable for purposes of a protest to license renewal.

3. The Anchorage Police Department Calls for Service report (AIM 32-2020) for calendar year 2019 are voluminous to the extent the licensed premises appear to be a magnet for unlawful conduct and the number of calls for police service are significant in relationship to other package stores in the Municipality. The Assembly recognizes that liquor licensees should not be discouraged from calling for police assistance when needed, but they also have a responsibility to implement operations and practices that mitigate the need for frequent police assistance. The conditions imposed on the license are one of the measures the licensee could have implemented but admitted in testimony he does not comply with. The Assembly finds the licensee's pattern of practices contributed to unlawful conduct and public safety concerns at the licensed premises.

☐ Payment of taxes and debts. Pursuant to AS 04.11.330, the applicant is delinquent in payment of taxes owed to the municipality for the payment of any debts or taxes, including any estimated taxes for the current year arising from the conduct of the licensed business.

☒ Public health. The operator has engaged in a pattern of practices injurious to public health or safety, such as providing alcohol to minors or intoxicated persons, committing serious violations of state law relevant to public health or safety, or other actions within the knowledge and control of the operator which place the public health or safety at risk. The assembly has considered criminal convictions, credible proof of illegal activity even if not prosecuted, police reports, testimony presented before the assembly, written comments submitted prior to or during the public hearing, and other evidence deemed to be reliable and relevant to the purpose of this subsection and this resolution.

1. The record of this location demonstrates to the Anchorage Assembly as a matter of general public policy there is a negative impact greater than that anticipated from permitted package stores generally, on the neighboring properties and parks, to the sense of safety and welfare to

1 nearby residents, and on health and safety of customers the licensee
2 caters to, as a result of the licensee's pattern of practices and operations
3 procedures.

- 4
- 5 2. The licensee's practices and catering to chronic inebriate customers,
6 including selling shooter size bottles of hard alcohol for low prices that
7 are below the \$1.70 minimum price condition for shooters, evidenced by
8 pictures and testimony of at least two individuals, substantially
9 contributed to negative impacts on the area, including,
- 10 a. increased costs to nearby property owners in damages and loss, and
11 increased costs for security and security improvements, particularly
12 Mallory Place apartments, and concerns for safety of tenants and
13 security of their buildings. Denali Commercial Property Management
14 provided credible photographic evidence and testimony of empty
15 liquor containers littered on its properties on various dates, persons
16 incapacitated on its property and inside its laundry facilities and a
17 vacant apartment unit. While each instance cannot demonstrate
18 conclusively the customers or product litter was purchased at
19 licensee's store, in the totality of the circumstances it is sufficient to
20 show many product purchases from the licensee significantly
21 contributed to these impacts to the area.
- 22 b. being a significant contributing factor to chronic inebriates littering,
23 trespassing and becoming publicly incapacitated (passing out) in the
24 area.
- 25
- 26 3. The licensee failed to mark containers as a litter prevention and identification
27 measure. Photos provided the Assembly credibly demonstrate shooters
28 purchased at licensee's store were not marked or labeled as required so they
29 could be identified as originating from that store when discovered as litter.
30 Compliance with that condition could have exonerated or implicated
31 licensee of responsibility of litter of empty shooter bottles in the area.
- 32
- 33 4. The practices have continued after the State ABC Board imposed conditions
34 on the license September 4, 2018. The Assembly finds by a preponderance
35 of the evidence submitted that such practices violating conditions imposed
36 on the license occurred in June, July, August, November, December of 2019,
37 and January of 2020. The Assembly concludes the foregoing practices and
38 violations of conditions are known to the licensee and under its control, and
39 continue to place the public health and safety at risk.
- 40

1 B. The Midtown Community Council has requested a hearing and provided a resolution,
2 which is attached, recommending non-renewal of package store license #3219 and to
3 revoke the conditional use permit for alcohol for 601 W 36th Ave., Ste 3 & 4, due to
4 significant non-compliance with restrictions as agreed to in the signed Memorandum
5 of Understanding, which is included in AR 2018-134, As Amended, as well as non-
6 compliance with conditions placed on the license by the State of Alaska.

7
8 C. The Anchorage Assembly, based on the evidence and information provided and its
9 findings as stated in this resolution, hereby **protests** the renewal of liquor license
10 #3219.

11
12 D. Should AMCO uphold the protest, the Assembly recommends that the licensee
13 be allowed to transfer the license to another licensee. The Assembly further
14 recommends that a package store license will not be allowed at this location by
15 this operator.

16
17 **Section 3.** The Municipal Clerk shall provide a copy of this Assembly Resolution to
18 AMCO as proof that the Anchorage Assembly, as the local governing body, has stated its
19 **protest** of the renewal of package store liquor license, #3219.

Good Morning,

I write this with some reserve. I do believe that the Mom and Pop's needs to be looked at and perhaps regulated more but why do we have a right to tell them what they can and can not sell. Have they broken a law? If so, then the city should step in. Are they serving to minors? If so, they should be shut down and or fined.

I run the Pull-tab store next door to the Mom and Pop's and we do see the clientele they bring in. They are loud and messy and rude. We have customers that will wait in their cars until they feel safe to come see us. So, having Mom and Pop's lose their liquor license would probably help this area, but so would not having so many homeless people in the area.

I don't know how Mom and Pop's run their store. I do know that I have bought out of date products. We hear stories of how they will sell to anybody of age whether they are intoxicated or not. But if that's how they want to run their business, isn't that up to them?

Thank you for taking the time to read this. I'm sorry I can't make the worksession on Friday. Please let me know what transpires.

Thank you,

Randy Hughes

Subject: Mom & Pop's Grocery and Liquor, Package License Renewal

Dear Ms. Jones:

As the Midtown Community Council (MTCC) Alcohol and Marijuana Licensing Committee Chair, and a Midtown business person, I am submitting the following information for the Assembly's and AMCO's consideration.

The first attachments are related to the MTCC's position on this package license going back to 2017. Mom & Pop's Grocery and Liquor was already causing impacts on the surrounding properties. As you can see, the MTCC took up the issue on its August, September, and October 2017 agendas. On October 11, 2017, a vote of the MTCC 19 in favor and 0 against, approved a resolution requesting "Non-Renewal" of this license unless sale of 50-milliliter (ml) "shooter bottles" was prohibited, as well as the sale of all single bottles or cans of beers.

Following the passage of this resolution by the MTCC, the owner of the license and his attorney requested that they be given the opportunity to work with the MTCC to try and resolve the concerns by negotiating in "good faith", a "Memorandum of Agreement" defining how the licensee would operate to attempt to make his business "compatible" with the adjacent and surrounding properties.

In "good faith", the MTCC supported the renewal, subject to the "conditions and restrictions" being placed on the package license.

Now as the record of submitted photographs, testimonials, narratives, affidavits, work sessions, and resolutions of the MTCC and this current "Renewal Application," the "good faith" agreement with the licensee was not respected. As pointed out in my August 20, 2019 correspondence, virtually every restriction and/or condition of the package license has been broken, not once or twice, but on a regular and ongoing basis, having predictable and dramatic deleterious impacts on adjacent and surrounding properties, their owners, and their tenants.

This specific licensee is unwilling to operate in a responsible manner, where as the MTCC has informed, educated, and worked with three package license holders in Midtown over the last few months to successfully establish "Memorandums of Understanding," that have similar restrictions and these licensees Carrs/Safeway, Brown Jug, and Walmart have already introduced operational protocol changes that are showing improvements. These operators have also attended MTCC meetings and have extended new protocol to their other outlets, outside of the MTCC, recognizing the community concerns and benefits to their operations.

MEMORANDUM

TO: Ms. Barbara Jones, Municipal Clerk
FROM: Midtown Community Council *Tim Peter*
DATE: October 12, 2017
SUBJECT: Conditional Use Permit/Package Liquor Store License Renewal for Mom & Pop's Grocery & Liquor (#3219) Located at 601 West 36th Avenue Suite 3 and 4

The Midtown Community Council passed and approved the attached Resolution 2017-4 at our regularly scheduled meeting on October 11, 2017, by a unanimous vote of 19-0, with no abstentions.

The attached Resolution 2017-4, letter dated April 25, 2016, and official agendas for the Midtown Community Councils meetings of August and September 2017, are submitted to support our request to have the Assembly hold a public hearing on this license renewal, take public testimony, and consider the Midtown Community Council's request to prohibit the sale of 50 ml containers of hard liquor or single cans or bottles of beer, including fortified alcohol percentage beers.

The Midtown Community Council has invited the owner/operator of this package store to make presentations to our Council on multiple occasions. The owner/operator has not seized these opportunities, so we remain hopeful that they will attend an Assembly Public Hearing on this issue.

If you need any additional information, in support of this request, please contact us.

Thank you.

Midtown Community Council Resolution 2017 – 4

A Resolution Protesting the Renewal of the Conditional Use Permit for Mom & Pop's Grocery and Liquor (#3219) located at 601 West 36th Avenue, Suite 3 and 4 unless certain limitations are placed on the Conditional Use Permit. This is to help resolve the life safety, public health, and littering issues that are prevalent near this package liquor store.

Whereas, the Midtown Community Council supports legal business; and

Whereas, the Midtown Community Council supports and encourages residential development within its boundaries; and

Whereas, the Midtown Community Council prescribes to and promotes a "good neighbor" policy in which all parties consider and mitigate impacts on their neighbors property, public safety, and quality of life; and

Whereas, the Midtown Community Council is very concerned with continuing and seemingly surging levels of public drunkenness, with inebriates in and around our residences, businesses, and parks; and

Whereas, these issues impact our quality of life, safety of our children and employees, and are forcing us to incur significantly higher costs for provision of independent security and increased maintenance; and

Whereas, the sale of 50 ml bottles of hard liquor, referred to "shooters", and sale of single beers (regular or fortified) contributes directly to the problems being experienced in proximity to Mom & Pop's Grocery & Liquor, as evidenced by the 41 "empties" picked up along Bering Street, between 32nd Avenue and 36th Avenue on September 30, 2017; and

Whereas, a personal inspection by one of our members, noted that the brands of containers were almost all available at Mom & Pop's. and the STEEL Reserve 8.1% beer is the brand sold as singles at Mom & Pop's and not sold at the nearby In & Out Liquor; and

Whereas, the problems associated with the availability of very inexpensive alcohol have significantly affected the surrounding residential and business neighborhoods and local parks such as Arctic Benson Park at 32nd and Bering Street, creating a clear non-compatibility with this specific package license; and

Whereas, similar concerns were expressed (with no effect) by our current Midtown Community Council President on April 25, 2016 in a letter to Assembly members Traini and Gray-Jackson, as well as the owner Don Kang of In & Out Liquor and Eddy Lee of Mom & Pop's Grocery and Liquor, respectively; and

Whereas, the Midtown Community Council president invited the owner of Mom & Pop's Grocery and Liquor to their August and September 2017 meetings to which he did not attend nor communicate that he would not attend; and

Whereas, the most "basic principle" of a Conditional Use, is that the use "is or can be made compatible" with the surrounding area and uses; and

Whereas, it is the responsibility of the Municipal Assembly, to ensure the Conditional Use Permit, for a package liquor store, is and continues to be compatible with the surrounding area and uses, thus the bi-annual renewal process; and

Whereas, it is the Midtown Community Council's assertion, that the continued practice of selling 50 ml "shooters" of hard liquor as well as single cans or bottles of beer, regular or at a fortified percentage of alcohol, is not compatible with the surrounding area and uses, and in fact contributes negatively to public safety and quality of life, for residents, businesses, property owners, tenants and park users alike.

Therefore, Be It Resolved, that the Midtown Community Council protests the renewal of the Conditional Use Permit for Mom & Pop's Grocery and Liquor, located at 601 West 36th Avenue, Suite 3 and 4, unless all sales of 50 ml "shooters" bottles of hard liquor, and sale of single beers (bottles or cans) regular or fortified alcohol content are prohibited.

Approved on October 11, 2017 by a vote of 19 ayes and 0 nays.

Re: Alcohol litter in my neighborhood

Dear Assembly Members Dick Traini and Elvi Gray-Jackson, Owners Don Kang and Eddy Lee:

This morning I walked down Bering Street from 32nd to 36th Avenue, adjacent to my condo in the Mount Vernon Commons Condominiums. I picked up the following:

- 22 "shooters" – 50 ML bottles of vodka, whiskey, and rum
- 10 Steel Reserve beer cans - 24 ounces, with 8.1 percent alcohol
- 3 other 24 ounce beer cans, including a Gold FourLoko with 14 percent alcohol

This short stretch of Bering Street leads from the intersection of 36th and Arctic and 2 liquor stores to Arctic Benson Park: the In & Out Liquor at 3601 Arctic Blvd. and Mom & Pop's Grocery and Liquor at 601 W. 36th Ave. #3. They appear to cater to the street alcoholics, as they have shooters prominently displayed by the entry, including some that are on sale at \$1 per bottle. They also have with tubs with this cheap, fortified beer sold as singles. The current price at Mom & Pops is \$1 and \$1.99 per can, while In and Out had them for \$1.99 and up. (I visited both stores today and checked their display and prices.) Also, at In and Out, the clerk did not check my identification for the red stripe. They also have their cashiers set up so they cannot not easily see outside to see any "straw buying" taking place, which I know happens.

I must say that after we made an issue with Walmart a year ago, they do not sell singles or shooters, and their high alcohol beer is only in 12 ounce 6 packs.

My intent of this letter is to try to work with these owners to either limit their sales to people who are going to toss their empties on our local streets or to assist us in picking up after them. I frequent one of these stores as a customer and do not want to put them out of business, but I do want them to be responsible neighbors.

Please, no shooters, especially not on sale, and no cheap high alcohol single beers!

Sincerely,

Peggy Robinson

AMCO Case #: 20-0221

This is a notice to you as licensee that an alleged violation has occurred. If the Alcoholic Beverage Control Board decides to act against your license, under the provisions of AS 44.62.330 - AS 44.62.630 (Administrative Procedures Act) you will receive an Accusation and Notice of your right to an Administrative Hearing.

Note: This is not an accusation or a criminal complaint.

On 2-18-20, Anchorage Code Enforcement notified this office that they had completed an inspection of your premises on 2-13-20. Noted were two violations of conditions that the Alcohol Control Board placed on the license on 9-4-18. Specifically, your selling single serve flavored beer called "Sniki-Tiki", which contains 9.9% alcohol, for \$1.99 each, when they should be sold for \$2.49 each. Later that day, an enforcement officer went back to your establishment and selected the Sniki-Tiki beverage and asked for four shooters of Burnett's vodka. The clerk acknowledged that he was only allowed to sell two but stated she looked okay and sold her four.

Your attention is directed to AS 04.11.330(a)(6): Denial of license or permit renewal, AS 04.11.370 (a)(3) & (11) and AS 04.16.150: Licensee responsible for violations

You are directed to respond in writing to this Notice of Violation within 10 days of receipt to explain what action you have taken to prevent a re-occurrence of this violation. FAILURE TO RESPOND TO THIS NOTICE OF VIOLATION WITHIN 10 DAYS WILL RESULT IN YOUR APPEARANCE, EITHER IN PERSON OR TELEPHONICALLY, BEFORE THE ABC BOARD AT THEIR NEXT REGULARLY SCHEDULED BOARD MEETING.

***Please send your response to the address below and include your alcohol license number in your response.**

3 AAC 304.525 (B) provides that upon receipt of a Notice of Violation, a licensee may request to appear before the Director and be heard regarding the Notice of Violation. The request must be made within ten days after receipt of the Notice and the Director must grant an appearance within ten days after receipt of a request. Subject: Protest of renewal of Liquor License #3219

Dear ABC Board:

I am writing to add additional, very current information to the Anchorage Municipal Assembly's Protest of the renewal of Liquor License #3219 for Mom & Pop's Grocery & Liquor. I am copying this email to the Manager of the family business, Eddy Lee. I understand that this renewal will be on your next meeting agenda, March 31 and April 1, 2020 in Anchorage.

I have been talking with Mr. Lee since 2016, attempting to get him to operate his business in a responsible manner by being a good neighbor to those of us who live within a few blocks of his store. We contend with many empty shooters and fortified and cheap beer containers tossed on the street and our property between his store and Arctic Benson Park, where public drinking happens daily through the warmer months of the year. Working through Midtown Community Council, we developed an MOU that he agreed to in 2018, which limited the

number of shooters to sell to two per day per person and to mark his store initials, MP, on the bottom of these targeted containers, among other restrictions. These restrictions were also imposed by your body at the September 2018 meeting. At Assembly testimony regarding this renewal last month, multiple instances of violations of this agreement were reported. At the Assembly Meeting on March 10, 2020, Mr. Lee admitted that he did not abide by the two shooter limit if the person didn't appear to be drunk. He did say, though, that they always marked the bottoms of the containers with MP.

On March 11, a friend of mine stopped by the store and purchased four shooters, which were not marked with MP on their bottoms. Below is a photo of them and the receipt.

So, not only is Mr. Lee's store in violation of the MOU and conditions placed upon his license, he also lied directly to the Assembly about the marking of the containers.

This operator has shown his intent over the last years to not follow conditions he agreed to, that were placed on him by the ABC Board, to lie about his business practices regarding these conditions, and to not be concerned about the impact of his business practices on the neighborhood. For those reasons, I urge you to not renew this license, but allow the owners to sell it to a responsible operator.

Sincerely,

Peggy (Margaret) Robinson
