Hello ABC Board Members -

No doubt you are very aware of how arts organizations have been impacted by the pandemic. As a trustee of such an organization, I have been very impressed with how staff of the organization has tried to keep the lights on and the bills paid despite the huge limitations imposed by the pandemic.

A wine raffle is one way we can help raise funds to keep our organization viable during this challenging time. I strongly urge the ABC Board to allow us access to this option.

Thank you for considering my request.

Sue Schrader
