## **Alcohol Policies for serving and security purposes**

The following policies are effective as of 4/16/20 and may be updated or modified as needed in the future.

### **Servers**

All servers of alcoholic beverages, their supervisors, and persons providing security must be 21 years of age or older and provide Pizza Express with proof of receiving an approved alcohol server training (TAPS) either before or within the first thirty days of employment. Each server, supervisor, or security person must renew their TAPS training certification every three years and provide Pizza Express with a copy the renewed certificate. You must have your current TAPS card on your person when working and or a copy of your current TAPS card needs to be on file at Pizza Express while you are working.

Employees ages 16-20 MAY NOT serve alcohol, they may however clear tables of and wash dishes of empty or partially emptied alcoholic containers; provided any remaining alcohol is immediately dumped into a waste drain or waste container. Employees ages 16-20 when performing these duties must also be supervised by an employee that is 21 years or older and TAPS certified.

Employees must physically check the ID of anyone ordering an alcoholic beverage that does not appear to be well over the age of 21.

No minor or intoxicated person shall be served alcoholic beverages. Employees who willfully violate this policy will be terminated immediately. Serving under aged and intoxicated persons is unlawful and can have criminal penalties.

Furthermore, if an intoxicated person, after leaving our establishment, should be involved in an accident the injured parties may file a lawsuit against the company and YOU.

AMCO

FEB 25 2021

Despite all your good efforts, a customer may become intoxicated and should not be served additional alcohol. If this occurs, every effort should be made to stop alcohol service. Here are some suggestions to use when “cutting off” a customer.

- Avoid a confrontation.
- Do not attempt any physical confrontation.
- Make the manager and all personnel aware of the problem.
- Bring menus to the table or casually suggest an appetizer.
- Suggest an alternative form of transportation. If the patron insists on driving report this to your supervisor at once.

Always remember-there is no reason over service should occur. Use your own “common sense” as well as what you have learned in your TAP Server Certification course and the above helpful hints, and there should never be a problem

## **SECURITY**

**Boundaries** - No alcohol is permitted outside of the “red line”, the red line area is that area inside of the walls and doors of the establishment. *Please see attached drawing with red line location.* It is every employee’s responsibility watch for and if needed, inform patrons that they cannot take alcohol outside of the red line.

There is one outside exception to the “walls and doors” red line boundary. Seasonally or during good weather, we may (when decided by management) put up additional seating outside where alcohol service may occur. This area is also outlined in an attached redline drawing, look it over so you are familiar with all the boundaries. The outdoor seating area, when open, shall be clearly marked with roped off boundaries approximately 3’ high and signage stating no alcohol beyond this point. It is every employee’s responsibility watch for and, if needed, inform patrons that they cannot take alcohol outside of this red line area as well when open.

**Cameras**- several security cameras are placed throughout establishment and record continuously, 24 x 7. Copies of the recordings are backed up, in the office, if management, law enforcement or other authorities should need to review them.
