To J. Hamilton or to whom it may concern,

Although not currently offering alcohol on our menu, we have located licensee Carri A. Thurman's tap card on the premises, and licensee Sharon T. Roufa will be completing the online charr course to update her tap card. No alcohol will be served until this has been completed. Warning signs and the copy of the license have been returned to places of visibility from the entrance as advised. This is our first violation, and we expect to be up to date on all codes at any future inspection.

Thank you for your time,

Can you attach this to their NOV also. Originally the licensee sent me a TAP card belonging to Kyung OK Kang, date of birth 3-18-80. I didn't see anyone at the time of the inspection that had that date of birth working. However, I pointed directly at Kyung Kang, DOB 6-8-63, and learned from CHARR that her card had expired 4-4-18. The licensee has also sent a certificate from CHARR with Kyung OK Kang's name on it stating he completed the class 9-25-21. I believe this supports the NOV as being correct, she was expired during the time of the inspection and that the mix up with dates the licensee speaks of is a ruse to confuse the issue.

Hi J. Hamilton,

We recently received your notice of violation for Milano's Pizzeria. It says that I have to respond in writing – is it okay to respond over email? Further, I had called Alaska Charr and the reason that there was an expired TAP card on file for 4/4/18 is because there was a mistake on my current TAP card where the birthday was incorrect, so the accounts did not match. I called them recently to remediate this and have attached my current TAP card to show that my current TAP card is valid. What further actions should I take or what else can I provide to remediate this. Thank you.

Alcohol License Number: 1450.  
AMCO Case #21-0993.

Best,  
Kyung

P.s. I am sending hard copy via usps mail today also.  
Would you please let me know when you receive this email and if case is dismissed?  
Thank you.

We do not have any record of Kyung renewing the TAP card since then. Let me know what other info you need 😊

On 9-15-21 AMCO received a complaint regarding an individual receiving a to go Lime-aid beverage order which tasted remarkably like a margarita. Licensee Morisath-Luce recalled the incident and stated she and her staff would never do such a thing. She stated they didn't even have hard alcohol on the premises; it was possible that the beverage had been sitting around a couple a days and may have begun to ferment. Licensee Morisath-Luce consented to a search behind the counter and in the first cabinet looked into, two opened and partially used bottles of tequila were found. When asked if she cooked with the alcohol, she said no. Licensee Morisath-Luce stated one of her attorney patrons had brought the tequila in for a private party on May 5th, 2021. She stated she would dispose of the rest of the tequila.

Re: Alcohol & Marijuana Control Office  
AMCO Case # 21-1027

To Whom it May Concern,

I, Biphonh Morisath-Luce responding to Notice of Violation issued to Pho Lena East LLC DBA Pho Lena East. I have checked with all my employees and can assure that no alcohol was added to the limeade. Our fresh squeezed limeade is one of the popular drinks on the menu. We have been doing business serving our community for over ten years. This complaint is very shocking and upsetting.

My waitress told me a customer called upset and was yelling at her. The customer said we put alcohol in the limeade and his young daughter drank it. We asked them to bring back the drink and apologized that it didn't taste right. We assured him there was no alcohol added to the beverage. The young girl came in with cups that were half empty. We made a new pitcher of the limeade and asked if she would like to get them replaced or refunded. She wanted new limeades and also brought a third cup. If there was any alcohol in those drinks, I believe they may have been added after they left our premises.

A couple of half empty alcoholic bottles were found in the back cabinet of our restaurant. I apologized this was my mistake. We had a family/friend gathering for my dad's 75<sup>th</sup> birthday. This was after our business closed for the night. A friend brought alcohol over to make margaritas since it was also Cinco De Mayo.

I had thought the alcohol was already removed. I did not know that I couldn't have hard alcohol on site even after hours. All bottles have been removed and this will never happen again.

We are a small family-owned business and have been serving our community going twelve years. Our customers have become like family and friends to us. We would never do such a thing that would not only harm our customers, but also our license to do business.
