TO: Alcoholic Beverage Control Board

DATE: July 26, 2022

FROM: Kristina Serezhenkov, OLE

RE: #6036 Seward KOA

Statutory Authority:

Sec. 04.11.100. Restaurant or eating place license

- (a) A restaurant or eating place license authorizes a restaurant or eating place to sell beer and wine for consumption only on the licensed premises.
- (b) A license may be issued under this section only if the board determines that the premises to be licensed are a bona fide restaurant or eating place.
- (c) A license may be issued under this section only if the sale and service of food and alcoholic beverages and any other business conducted on the licensed premises of the restaurant or eating place is under the sole control of the licensee.
- (d) The biennial fee for a restaurant or eating place license is \$600.
- (e) A license may be renewed under this section only if the licensee provides evidence to the board's satisfaction that gross receipts from the sale of food upon the licensed premises constitute no less than 50 percent of the gross receipts of the licensed premises for each of the two preceding calendar years.
- (f) Notwithstanding the provisions of (b) of this section, upon written application and approval of the local governing body, the board may renew a restaurant or eating place license and exempt the licensee from the requirements of (b) of this section if the license was issued under the provisions of this subsection before October 1, 1996. The board may not
 - (1) renew a license as provided under this subsection if
 - (A) the renewal would result in more than one exempt restaurant or eating place license for every 10 restaurant or eating place licenses allowed under the provisions of AS 04.11.400(a)(2) or (3);
 - (B) the premises would be located in a building having a public entrance within 200 feet of the boundary line of a school or a church building in which religious services are being regularly conducted; for purposes of this subparagraph, the 200-foot prohibition is measured from the outer boundary line of the school or the public entrance of the church building by the shortest pedestrian route to the nearest public entrance of the restaurant or eating place; or
 - (2) transfer an exempt license issued under this subsection to another person.
- (g) A restaurant or eating place licensee
 - (1) operating under a license issued under (f) of this section shall offer a full-service menu of food items available to the public during all times that beer or wine is served or consumed; the menu must be approved by the board;
 - (2) may only provide entertainment on the licensed premises between the hours of 3:00 p.m. and 11:00 p.m. unless approved by the director after written request by the licensee for a specific occasion; in this paragraph, "entertainment" includes dancing, karaoke, live performances, or similar activities, but does not include recorded or broadcast performances without live participation.

3 AAC 304.305. Restaurant or eating place license

(a) In AS 04.11.100 and this section, a "bona fide restaurant or eating place" is an establishment, or portion of an establishment, where, during all times that beer or wine is served or consumed,

(1) the patron's principal activity is consumption of food; and

(2) a variety of types of food items appropriate for meals is available for sale as shown on a menu provided to patrons and filed with the board;

(3) repealed 9/11/98.

(b) In considering an application for issuance, transfer, or relocation of a restaurant or eating place license, the board will determine the portion of the premises or proposed premises that constitutes a restaurant or eating place, and will license only that portion for the sale and consumption of alcoholic beverages.

(c) Repealed 5/11/96.

(d) The board will, in its discretion, require the licensed premises to be separated from the unlicensed portion of the business in a manner acceptable to the board. Changes in the structure, layout, or use of any portion of the licensed premises must have the prior approval of the board.

(e) Gross receipts generated from business conducted on unlicensed portions of a licensed business are excluded from the calculation of gross receipts for purposes of this section and AS 04.11.100.

3 AAC 304.910. Restaurant definition

(a) The board will use the following guidelines when determining what qualifies as a bona fide restaurant or eating place:

(1) the applicant demonstrates minimum standards for a kitchen to prepare food onsite, in accordance with 18 AAC 31.040(c) or municipal ordinance;

(2) the applicant provides a menu of food items, including entrees, that are regularly sold and prepared by the licensee on the licensed premises;

(3) the establishment has tables or counters for consuming food in a dining area on the premises; and

(4) the applicant includes a detailed plan to

(A) prevent access to alcohol by minors; and

(B) ensure that introduction or removal of alcoholic beverages is in compliance with AS 04.16.120.

Background: On April 12, 2022 the Board approved with delegation a new liquor license application for a Restaurant/Eating Place license. On July 12, 2022 the license was effectuated by AMCO and sent to Enforcement. The Enforcement Unit brought to AMCO management's team's attention that the business model may not meet the definition of a Restaurant/Eating place license in Alaska statutes and regulations.

RE: New Liquor License #6036 DBA Seward KOA

Dear Exit Glacier RV Park LLC,

Your new liquor license renewal application was approved with delegation at the April 12, 2022 ABC board meeting. It was brought to the AMCO management team's attention this business model may not meet the definition of a restaurant/eating place license in Alaska statutes and regulations (see below). It appears that the business model is a convenience store where customers can purchase snacks and frozen food items to be microwaved with a sitting area for onsite consumption.

Sec. 04.11.100. Restaurant or eating place license

- (a) A restaurant or eating place license authorizes a restaurant or eating place to sell beer and wine for consumption only on the licensed premises.
- (b) A license may be issued under this section only if the board determines that the premises to be licensed are a bona fide restaurant or eating place.
- (c) A license may be issued under this section only if the sale and service of food and alcoholic beverages and any other business conducted on the licensed premises of the restaurant or eating place is under the sole control of the licensee.

3 AAC 304.305. Restaurant or eating place license

- (a) In AS 04.11.100 and this section, a "bona fide restaurant or eating place" is an establishment, or portion of an establishment, where, during all times that beer or wine is served or consumed,
 - (1) the patron's principal activity is consumption of food; and
 - (2) a variety of types of food items appropriate for meals is available for sale as shown on a menu provided to patrons and filed with the board
- (b) In considering an application for issuance, transfer, or relocation of a restaurant or eating place license, the board will determine the portion of the premises or proposed premises that constitutes a restaurant or eating place, and will license only that portion for the sale and consumption of alcoholic beverages.
- (c) Repealed 5/11/96.
- (d) The board will, in its discretion, require the licensed premises to be separated from the unlicensed portion of the business in a manner acceptable to the board. Changes in the structure, layout, or use of any portion of the licensed premises must have the prior approval of the board.

- (e) Gross receipts generated from business conducted on unlicensed portions of a licensed business are excluded from the calculation of gross receipts for purposes of this section and AS 04.11.100.

3 AAC 304.910. Restaurant definition

(a) The board will use the following guidelines when determining what qualifies as a bona fide restaurant or eating place:

- (1) the applicant demonstrates minimum standards for a kitchen to prepare food onsite, in accordance with 18 AAC 31.040(c) or municipal ordinance;
 - (2) the applicant provides a menu of food items, including entrees, that are regularly sold and prepared by the licensee on the licensed premises;
 - (3) the establishment has tables or counters for consuming food in a dining area on the premises;
- and
- (4) the applicant includes a detailed plan to
 - (A) prevent access to alcohol by minors; and
 - (B) ensure that introduction or removal of alcoholic beverages is in compliance with AS 04.16.120.

To summarize, a bona fide restaurant is place where customers come specifically for the purposes of dining, where the meals/entrees that are regularly sold are prepared by the licensee, and the kitchen must meet the minimum standards set forth in 18 AAC 31.040(c).

Please consider this notice that your application has been scheduled for reconsideration by the Alcoholic Beverage Control Board at their September 20, 2022 meeting in Fairbanks, Alaska and on Zoom.

It is strongly encouraged that you be present either in person or on Zoom to discuss your application with the board. The agenda will be posted on the Alcohol and Marijuana Control Office website approximately one (1) week before the meeting occurs and information regarding attendance is currently available on our homepage.

If you have questions please direct them to alcohol.licensing@alaska.gov

Carrie Craig
