**MEMORANDUM**

Supervisor

DATE: Wednesday, September 14, 2022

FROM: Joe Hamilton, Special Investigator 1

RE: 360 Training "Tips Course"

I have reviewed 360 Training's written and audio materials as well as the video presentation for their Tips Course and found that it meets the requirements of 3AAC 304.465(c)(1-16) to be held in person.

The course does not currently meet the requirements to be taken on-line, as there is no instructor present.

At this time, I recommend it be approved for in-house training with an instructor present.

Sincerely,

A handwritten signature in cursive script that reads "J. P. Hamilton".
