Attny. Jessica Brown- introduces herself as legal counsel and explains that the licensee has experienced some operational challenges but has entered into a purchase and sale agreement and wants to transfer the license immediately. Her understanding is that the licensee was under the impression that, when they closed, they thought they had to surrender the license as opposed to putting it into safekeeping. They did not consult council at that time.

Board Member Diane Thompson- asks how Holland America as the licensee didn't understand the decision, they made to not renew the license, which lead to the license being expired.

Attny. Jessica Brown- confirms that her understanding is that the licensee didn't understand their decision to surrender the license. AMCO staff did try their best to explain, but the licensee was focused on closing up shop and trying to minimize expenses and did not want to pay for the renewal at that time.

Program Coordinator Jane Sawyer- explains that the license expired in 2023 after at least two attempts to make the licensee understand that not renewing the license would essentially make the license evaporate. It wouldn't even become available. They made the decision not to renew the license and now they're requesting a reinstatement of the license including the necessary waivers.

Chair Dana Walukiewicz- states that what has changed is that the licensee has a buyer now.

Attny. Jessica Brown- offers a more charitable way to look at this is that in the aftermath of the earthquake and a lot of the operational problems that the hotel had, they were not as focused as they should have been on some of the privileges that were extended to them on behalf of the state.

The board enters a discussion regarding precedence on the matter involving other licenses (Table 6 and The Peppermill) where the board determined that licenses were surrendered, the office clearly communicated the ramifications that could follow those actions and then years later the licensee pursues reinstatement only after a perspective buyer shows interest in the license. The two instances discussed were denied.

Chair Dana Walukiewicz- adds that the board would only have considered reinstatements if there was something outside the control of the licensee with good cause and reason.

The board explores the possibility of other license types available for application highlighting Restaurant or Eating Place Licenses as well as Beverage Dispensary Tourism Licenses to operate.

Chair Dana Walukiewicz- states that he hates to see licenses disappear due to the population cap and acknowledges that every time a license goes away, it disappears forever. This really disappeared several years ago, and it was their decision to make it disappear. We don't have the facts and circumstances to grant reinstatement.

Motion to deny the reinstatement of license 847 Solstice Cafe by Doug Moore. Second by Diane Thompson. Unanimous affirmative vote. Motion carries.

■ License # 4326: Chico's Mexican Restaurant TAB 13

Licensee:	Catarino & Maria Patrocinio B. Robles

Premises address:	435 Dock St Ketchikan, AK 99901
Local governing body:	City of Ketchikan, Ketchikan Gateway Borough
Endorsements:	None
Consideration:	Reinstatement Request, 2025-2026 renewal application

Carolina Stewart (assisting Maria Robles) and Maria Robles, licensee- explains that they have always renewed their license through the mail and that the transition to an online licensing system created confusion for them this renewal cycle.

Chair Dana Walukiewicz- asks if the licensee was operating during the timeframe where the license was not renewed which amounted to an expiration.

Juan Robles, son of licensees- explains his mother was used to receiving the paper renewals in the mail. His mother doesn't utilize the internet and is learning to use the online licensing system now. The renewal slipped through their fingers and would now like to reinstate. They were out of the country when the renewal cycle began, which complicated the situation. They are currently operating but not serving alcohol.

Program Coordinator Jane Sawyer- explains that the license would become available if the reinstatement is not approved.

Board Member Doug Moore- states that this is a completely different circumstance than the one with Table 6. He could understand how this could transpire and is in favor of reinstating this license.

Board Member Jan Hill- agrees with Mr. Moore and is in favor of reinstating the license.

Vice Chair Diane Thompson- states that if you're running a business, you need to know when your license is up for renewal.

Juan Robles, son of licensees- agrees and says that this was a one-off mistake but now with the AK-ACCIS online licensing system it will be much easier for them to keep up with the maintenance of the license.

Motion to approve the reinstatement of license 4326 with the 2025-2026 renewal with delegation by Doug Moore. Second by Jan Hill. Unanimous affirmative vote. Motion carries.

Premises address:	109 W International Airport Road, Anchorage, AK, 99518	
Local governing body:	Municipality of Anchorage	
Consideration:	Licensee requests approval of areas such lobby and hallways to be licensed premises. See their memo.	

Catherine DeVane, representative for Crowne Plaza- expresses the desire to allow guests to buy a beverage and walk through the lobby to get to the elevator and take their beverages to their rooms.

Chair Dana Walukiewicz- speaks to the difference between the Hotel/Motel Endorsement vs the Large Resort Endorsement. He states that the privilege that is being requested aligns with a Large Resort Endorsement, not a Hotel/Motel Endorsement. If the lobby was licensed premises and a minor walks in there unaccompanied, you would then be non-compliant.

Catherine DeVane, representative for Crowne Plaza- explains that they are above board operators and would appreciate some allowance for latitude.

Chair Dana Walukiewicz- explains that to operate the license as described, a legislative change would need to take place, and the board doesn't have the power to do what is being asked.

Chair Dana Walukiewicz- asks if they would like to table the matter to modify the application.

Catherine DeVane, representative for Crowne Plaza- asks to table the application.

Chair Dana Walukiewicz- tables the application until the December 2nd meeting.

Consideration:	Transfer of Ownership and Relocation under AS 04.11.400(k). Matanuska Susitna Borough protests because in accordance with MSB 8.40.060, the Borough Assembly has not approved the relocation from the Borough into the City of Wasilla. An application according to MSB 8.40.070 was received on September 8, 2025, but remains incomplete.
Background:	This application was approved with delegation at the September 2025 board meeting. The City of Wasilla has approved this relocation application.
Recommendation:	Reconsider the application and deny with 180-day abeyance and delegation to the director to approve pending lift of MSB's

protest and explicit approval of relocation by MSB.

John Klapperich, transferee- introduces himself and opens with a compliment to the AMCO office. He states that he is a 50-year resident of Alaska and a 40-year businessperson. He continues to say that he has engaged with a lot of state agencies for over 40 years and the current AMCO staff is by far the most professional and accommodating organization he has dealt with. He states that he told the Governor that these people deserve a raise. Then transitions topics to explain how he is a compliant and a good businessman. What's concerning is the word "protest" because he is such a good licensee. Furthermore, the protest concerns him due to the possible negative perception of the community. The 180-day abeyance could put the purchase and sale agreement at risk.

Chair Dana Walukiewicz- offers clarification for Mr. Klapperich regarding the terminology to explain that the 180-day abeyance means that you have 180 days to resolve the matter in order to then pursue the issuance of the license. The office needs confirmation from the local government that the taxes have been satisfied.

A conversation regarding conditional protests commences.

Program Coordinator Jane Sawyer- suggests that the matter be tabled based on the protest stating that the application is incomplete but doesn't state pending assembly approval.

Motion to deny the transfer application for license 1240 with 180-day abeyance and delegation to the director to approve the license by Doug Moore. Second by Diane Thompson. Unanimous affirmative vote. Motion carries.

Alonso Romo, representative of Abraham Gallo, the transferee- states that they want to get the license transferred and inspected. It would take about a year or so to be operational.

Chair Dana Walukiewicz- responds to say that the board cannot approve a license transfer if the local government is protesting.

Alonso Romo, representative of Abraham Gallo, the transferee- expresses frustration because the license transfer was paid, the premises has been identified and they were hoping to get the license transferred, but that doesn't seem to be the way it works.

Chair Dana Walukiewicz- confirms that that is unfortunately not how it works. The concern now is that if the application gets denied with the 180-day period, the clock starts ticking and you will be denied if you don't complete everything in that time.

Motion to table the transfer application for license 3607 until the February 2026 Board Meeting by Jan Hill. Second by Diane Thompson. Unanimous vote to the affirmative. Motion carries.

Chair Dana Walukiewicz- explains the process of the 180-day abeyance.

Crystal Harvilla, representative from the Bristol Bay Borough- confirms that the licensee has been working on an agreement regarding this matter.

• License #4860:	Southern Glazer's of AK	<u>TAB 30</u>
Licensee:	Southern Glazer's Wine and Spirits of Alaska, LLC	
License type:	General Wholesale	
Type of application:	2025-2026 Renewal	
Premises address:	5152 Tom Stiles Road Bldg. B, Kodiak, AK, 99615	
Local governing body:	Kodiak Island Borough	
Endorsements:	n/a	
Consideration:	2025-2026 renewal was tabled at September 2025 meeting. Kodiak Island Borough, local government, protests and asks board to deny the renewal application. See LG's memo.	

Chair Dana Walukiewicz- introduces tab 30. This is a general wholesale license, 4860 for Southern Glazers of Alaska in Kodiak. Kodiak Island Borough is protesting the renewal of the license for several reasons. They state that there is not active business property or real property accounts of record, incorrect listing of location, there are no employees or physical storefronts, it is unclear whether or not they're actively wholesaling in Kodiak, and the physical address is actually Anchorage, not Kodiak.

Jeff Lightfoot, general manager of Southern Glazer's- introduces himself and reads a letter from legal counsel. He asks for clarification whether AMCO would classify the operations of Southern Glazer Wine and Spirits in Kodiak as their distribution point. And if so, confirm that the wholesale license is required in Kodiak. If AMCO determines that these activities do constitute a distribution point, we respectfully request the protests file by Kodiak be denied. Southern Glazer's and the Odom Corporation work collaboratively to distribute alcohol beverages throughout Alaska, including Kodiak. Odom provides the on-the-ground operational support. Its employees perform fulfillment services for retailers by packing and shipping alcoholic beverages to retailers in Alaska and Kodiak. Odom then invoices Southern Glazer's for the work performed by its employees. In effect, the distribution of alcohol beverages to retailers in Kodiak is conducted on behalf of Southern Glazer's but carried out through an agency-type relationship with Odom. Our question is whether AMCO considers these activities to rise to the level of distribution point, subject to AS 04.11.060. It is our belief that AMCO requires the license, and therefore Southern Glazer's wholesaler license in Kodiak must be maintained.

Chair Dana Walukiewicz- asks if Attny. Andrew Bocanumenth had an opportunity to look into the issue.

Attny. Andrew Bocanumenth- states that he received something this morning but has not had a chance to review it due to being in the meeting.

Chair Dana Walukiewicz- shares that this is more complicated issue than a simple renewal and simple protest. It could set a precedence and questions regarding whether, essentially, a subcontractor/sister company is doing work on behalf of another wholesaler. The letter alluded to an agreement between Southern Glazer's and Odom, is there an agreement?

Jeff Lightfoot, general manager of Southern Glazer's- confirms that there is a shared services agreement.

Program Coordinator Jane Sawyer- mentions that this is an old license and that kind of research wasn't allocated to it at this juncture.

Chair Dana Walukiewicz- asks if the licensee will share that agreement with the office.

Jeff Lightfoot, general manager of Southern Glazer's- responds by saying that legal counsel will send it over.

Discussion about how the business operates takes place. The board and Mr. Lightfoot would like the state's legal team to work with Southern Glazer's counsel to reach some clarity on the situation.

Motion to table tab 30 for license 4860 until February 2026 to allow time for legal counsel to review the matter by Diane Thompson. Second by Doug Moore. Unanimous affirmative vote. Motion carries.

Consideration:	City of Kodiak protests the 2025-2026 renewal application because the location is not up to code with the fire marshal. See their memo for complete explanation from City of Kodiak.	

Antonia Bravo, daughter of licensees and transferee- speaks to the status of the renewal and the transfer. She states that she has been in contact with the fire marshal and the current owner for the 402 location who requires that Taylor Fire be used to complete the repairs. Taylor Fire is not located on Kodiak Island, and this is making the process more difficult. At the 202 location there are small immediate things being addressed, but not a lot of progress is being made with either location. Neither owners are very responsive.

Discussion of what fixes need to be made for each location.

Chair Dana Walukiewicz- recommends that working with the landlord and fire inspector is the best option. Due to not getting a schedule from the contractor he mentions that tabling the matter might be the best course of action.

Motion to table the 2025-2026 renewal of license 3299 as well as the transfer until February 2026 by Diane Thompson. Second by Jan Hill. Unanimous affirmative vote. Motion carries.

▪ License # 4531:	Tri-Grill	<u>TAB 33</u>
Licensee:	Robert Alexander, Sole Proprietor	
License type:	Beverage Dispensary	
Type of Applications:	2024-2025 Renewal Application, 3 rd Waiver of Operations, Letter asking Board to refund fees paid for 2 nd & 3 rd Waivers	
Premises address:	901 W 6 th Ave, Anchorage, AK 99501	
License status:	Temporarily Surrendered	
Local governing body:	Municipality of Anchorage	
Endorsements:	None	
Consideration:	Municipality of Anchorage protests until certifications of past inspections have been received from Land Use Enforcement, the Anchorage Fire Department, the Building Safety Official, the Anchorage Police Department, and the Anchorage Health Department as well as a	

deemed Complete transfer of ownership/location application has been received from AMCO.

Background: Tabled on September 9, 2025, Special Board Meeting.

"Dana Walukiewicz introduces tab 29, license 4531 Tri-Grill which was tabled at the previous June meeting. The Municipality of Anchorage protested the certifications of past inspections, land use enforcement, fire department, and building safety official. He asks for a little more history.

Sonya Irwin informs the board that there are 3 waivers of operation for the license and what is being considered here is the 2024-2025 renewal. The licensee has provided a statement; in the statement the licensee has requested the waiver fees be refunded. In this statement the licensee mentions a denial letter; this denial letter was sent October 3, 2022. The office has received a transfer application for this license that was entered into the queue as of August 28, 2025.

Dana Walukiewicz summarizes to say that the AMCO office hasn't had an opportunity to process the transfer application and so the community has not received the transfer application, and we need a little more time to process that application and get it to the municipality, at which point they may or may not waive the protest.

Motion to table tab 29 until December 2, 2025, meeting or the meeting prior to the December meeting by Diane Thompson. Second by Jan Hill. All vote yes. Motion carries."

Chair Dana Walukiewicz- introduces tab 33, a previously tabled consideration regarding license 4531.

Program Coordinator Jane Sawyer- points out that the 2024-2025 renewal has been protested.

Mandy Honest, representative for the Municipality of Anchorage- states that the protest lift for the renewal will be sent shortly based on receiving notice of a complete transfer the previous day. She did note that there are taxes owed on the business and that would necessitate a protest of the transfer.

Robert Alexander, licensee- asks why the corrections were holding up the transfer application.

Licensing Supervisor Sonya Irwin- explains that the corrections to the affidavit were not delaying the application from getting on the agenda, but it does postpone the notice to the local government. Having a copy of the publisher's affidavit and a sample of the advertisement is a necessity to ensure that the proper language was used to notify the public. That is what held up the notification to the municipality.

Program Coordinator Jane Sawyer- points out that the board must first consider the 2024-2025 renewal, with the third and fourth waiver, which has not been paid, because he's here to ask the board to waive the fees, and then you can consider the transfer. She goes on to explain that the considerations for the 2024-2025 renewal application with a third and fourth waiver and Mr. Alexander has requested some of the fees be refunded, and then the fourth waiver, has not paid.

Motion to deny the 2024-2025 renewal for license 4531 with 180-day abeyance with 180-day abeyance and delegation to the director to approve the license once protest has been lifted by Diane Thompson. Second by Jan Hill. Unanimous affirmative vote. Motion carries.

Motion to approve 3rd waiver of operations for license 4531 by Jan Hill. Second by Diane Thompson. Unanimous affirmative vote. Motion carries.

Robert Alexander, licensee- explains how the delay of the transfer application was a factor in needing the fourth waiver and gives background on the history of license 4531. He says he doesn't want to go further in debt for something that is out of his control. Mr. Gallo, the one that is buying the license, didn't get the paperwork complete and so the office had to postpone it.

Chair Dana Walukiewicz- states that he is inclined to waive the 4th waiver fees.

Vice Chair Diane Thompson- states that she is inclined to waive the 4th waiver fees but not refund the 3rd waiver fees.

Discussion about the previous transfer that got denied.

Motion to waive the fees for the 4th waiver of operations for calendar year 2025 by Diane Thompson. Second by Doug Moore. Unanimous affirmative vote. Motion carries.

Chair Dana Walukiewicz- introduces the topic of Administrative Order 360, which is an ongoing project that the governor has implemented. The goal of the order is to reduce as much of the regulations that are on the books in the state of Alaska to make life easier for citizens and businesses alike to operate. The AMCO office has been tasked with looking at all of our regulations. The office has gone through and listed all of our regulations to identify which ones are statutory requirements and which ones are discretionary. There will also be stakeholder meetings with the next one taking place on December 9th. These are opportunities for the public to weigh in as well as industry members to weigh in on what they think should change within our regulations. The overall goal is to reduce the amount of regulations by 15% by the end of 2026 and 25% by the end of 2027.
