You are cordially invited to a listening session with AMCO's Director and Licensing Team where you are the speaker and we at AMCO are the audience. We want to hear your concerns about the licensing application process and queue length. All creative ideas for addressing and improving our processes are encouraged and welcomed. We are also receptive to any and all criticisms, because you deserve the best services we can provide.

The listening session will take place August 29, 2022, via Zoom starting at 2pm with an end time of approximately 4pm.
