ADVISORY

April 8, 2020

To: All alcohol licensees

Reference: ADVISORY NO CURBSIDE PICK-UP PERMITTED

The Alcoholic Beverage Control Board met on April 8th, 2020 to specifically discuss options around the ongoing COVID-19 pandemic and the Board's ability to affect change regarding alcohol regulations.

Although the board passed a motion to approve emergency regulations to permit curbside pickup, **NO CURBSIDE PICK-UP OF ALCOHOLIC BEVERAGES IS CURRENTLY PERMITTED.**

The Board's motion is one-step in a multi-step process. AMCO will work with the Governor's Office and the Department of Law to make the Board's decisions effective. We are aware this is a priority for the industry and the measures are intended to protect the public, licensees, and their employees from COVID-19 spread. Therefore, our efforts will be diligent.

Until you receive official correspondence from the AMCO office, please do not provide curbside or any other type of alcohol delivery outside of your current licensed premise. Your patience with this process is greatly appreciated.

Sincerely,

Glen Klinkhart
Interim Director
Alcohol and Marijuana Control Office
