

Alaska Marijuana Control Board

Form MJ-22b: Request to Transfer Failed Test Material

Why is this form needed?

Use this form if you wish to request that a batch of marijuana that failed a required test be used to make a carbon dioxide- or solvent-based extract in accordance with 3 AAC 306.660(b). Use one form for each request. When complete, email to the director and amco.enforcement@alaska.gov. **Transferring to a product manufacturer is not permitted until the approved form is returned to you.**
