

Proposed Regulations Project

Advertising – Required notices / disclaimers

Submitted by: Schulte

Proposal to review / update regulations pertaining to advertising guidelines / restrictions

Goals:

- 1) Compare current marketing regulations to standards in other industries (alcohol / tobacco / pharmaceuticals)
- 2) Update / revise regulations as appropriate.

Proposed Regulations Project

Testing – procedures, methods, and standards

Submitted by: Schulte

Proposal to review / update regulations pertaining to testing of marijuana and marijuana products.

Goals:

- 1) Compare current regulations to national standards, best practices, equipment limitations, health standards in other industries, and regulation trends in other states.
- 2) Update / revise regulations to bring into line with methods and standards.
- 3) Revise testing tolerances in keeping with testing equipment limitations and standards in other industries.
- 4) Consider provisions for proficiency testing

Proposed Regulations Project

Submitted by: Brandon Emmett

It is hereby requested that the SOA MCB open a new regulations project pertaining to marijuana business licenses, ownership, and participation of outside entities in the Alaskan marijuana industry.

It is the intent of this regulations project to address the following;

- Ownership in a marijuana business by a person or entity other than a licensee from within Alaska.
- Ownership in a marijuana business by a person or entity other than a licensee from outside Alaska.
- Clarification on direct and indirect financial interest in a marijuana business and the ability for marijuana businesses to acquire loans.
- Participation by outside entities in assisting marijuana testing facilities develop policy, procedure and best practices.
