

MEMORANDUM

TO: Chair Mlynarik and Members of the
Board

DATE: November 14, 2017

FROM: Erika McConnell, Director

RE: Einstein Labs #10082
Product Manufacturing Facility

This product manufacturing facility was approved by the board at the September 2016 meeting and the license became effective on February 6, 2017.

The licensee is seeking approval for changes to the internal layout of the premises and for more flexibility in camera type and mounting

The licensee is requesting to add optional new ingredients to three approved products. Does the board consider this to create new products?

Additionally, the licensee has requested that the following documents be designated as confidential under 3 AAC 306.905:

- Approved MJ-05: Product Manufacturing Facility Operating Plan Supplemental
- All approved and future MJ-16: Proposed New Marijuana Product
- All approved and future MJ-15: Operating Plan Change

What is this form?

This licensed premises diagram change form is required for all marijuana establishment licensees seeking to alter the functional floor plan or reduce or expand the area of the establishment's existing licensed premises, under 3 AAC 306.100 and 3 AAC 306.705. **The required \$250 change fee may be made by credit card online (VISA, MasterCard, or Discover), or by check or money order.**

Your diagram must show all entrances and boundaries of the premises, restricted access areas, and storage areas, and dimensions. If your proposed premises is located within a building or building complex that contains multiple businesses and/or tenants, please provide an additional page that clearly shows the location of your proposed premises within the building or building complex, along with the addresses and/or suite numbers of the other businesses and/or tenants within the building or building complex. Limited marijuana cultivation licensees must clearly delineate the proposed area(s) for cultivation.

The second page of this form is not required. Blueprints, CAD drawings, or other clearly drawn and marked diagrams may be submitted in lieu of the second page of this form, as long as it meets the requirements listed on this form. The first and third pages must still be completed, attached to, and submitted with any supplemental diagrams. An AMCO employee may require you to complete the second page of this form if additional documentation for your premises diagram is needed.

This form must be signed by the licensee and by the local government having jurisdiction over the location of the premises before it is submitted to AMCO staff for review.

This form must be completed and submitted to AMCO's main office prior to altering the existing floor plan. The licensed premises may not be altered unless and until the AMCO Director has given written approval on this form. Please note that licensees seeking to change licensed premises diagrams for multiple licenses must submit a separate completed copy of this form for each license.

Yes No

I have attached blueprints, CAD drawings, or other supporting documents in addition to, or in lieu of, the second page of this form.

What is this form?

This operating plan change form is required for all marijuana establishment licensees seeking to change a licensed marijuana establishment's existing operating plan, under 3 AAC 306.100. With this form, a licensee may request changes to as much or as little as desired of Form MJ-01 and/or the corresponding operating plan supplemental for the establishment's license type.

The required \$250 change fee may be made by credit card online (VISA, MasterCard, or Discover), or by check or money order.

Please download, complete, and submit with this form **only the pages** of Form MJ-01 and/or the corresponding operating plan supplemental that contain sections that you are requesting to change. All fields that are left blank will be considered unchanged from the existing operating plan. All fields that are completed and submitted with this form will be considered as changes to the existing operating plan and are subject to board approval. **Please do not submit any wholly unchanged pages of an operating plan.**

The form(s) that I am requesting board approval to change is:

- ☒ **Form MJ-01:** Marijuana Establishment Operating Plan
- ☐ **Form MJ-03:** Retail Marijuana Store Operating Plan Supplemental
- ☐ **Form MJ-04:** Marijuana Cultivation Facility Operating Plan Supplemental
- ☒ **Form MJ-05:** Marijuana Product Manufacturing Facility Operating Plan Supplemental
- ☐ **Form MJ-06:** Marijuana Testing Facility Operating Plan Supplemental

This form must be completed and submitted to AMCO's main office prior to changing existing operations. The licensed establishment's operations may not be altered unless and until the Marijuana Control Board has approved of the changes. Please note that licensees seeking to change operating plans for multiple licenses must submit a separate completed copy of this form for each license.

Describe how the video cameras will be placed to produce a clear view adequate to identify any individual inside the licensed premises, or within 20 feet of each entrance to the licensed premises:

Video cameras will have a full view of the premises, entrance & exit of all interior and exterior doors, as well as will be placed strategically in Restricted Access Areas in order to identify individuals and provide a clear view of regular activity. Regular activities consist of areas where marijuana is produced, refined or cooked (edibles), where marijuana product is stored or stockpiled, where marijuana waste is destroyed (3 AAC 306.535), intake and general areas.

Security cameras will consist of Vivotek USA Inc FD-8169 Dome Network Cameras and Vivotek USA Inc FE8181/81V Fisheye Network Cameras (or comparable).

See Attachment K for Continued Information

Describe the locked and secure area where video surveillance recording equipment and records will be housed and stored and how you will ensure the area is accessible only to authorized personnel, law enforcement, or an agent of the board:

Pursuant to 3AAC 306.720(b) Video surveillance recording equipment and records must be housed in a locked and secure area or in a lock box, cabinet, closet or other secure area that is accessible only to a marijuana establishment licensee or authorized employee, and to law enforcement personnel including an agent of the board. The establishment may also use an off-site monitoring service and off-site storage of surveillance records as long as security requirements at the off-site facility are at least as strict as on-site security requirements, as described in this section. Access to video surveillance records by authorized personnel will be logged by name, date, record accessed and time.
