Hello MCB members and staff,

First I would like to thank you for continueing the hard work to expand and change 3 AAC 306 to be regulations that promote smart business While addressing the fears and safety of the general public as we adapt and change in this industry. I support this requirement with a very minor change to clarify.  
3 AAC 306.365

The structure of these regulations need to be more defined. As written it does not define whether(a)(1)(2)(3)(4) each are required to be displayed on a notice that is 11x14 inches or they are combined on an 11x14inch notice. (Bold underline are suggested change)

- (a) a retail marijuana store must post, in a conspicuous location visible to customers, the following **notice**
- (b) Notification **sign** required under (a) of this section must be at least 11 inches. By 14 inches in size. Lettering must be at least one-half inch in height and in contrasting colors.

Thank you for your consideration,
