## **GENERAL PARTNERSHIP AGREEMENT**

This partnership agreement is made on February 20, 2017 between David A. Mullis, Kerri A. Mullis and Carol S Bolt, whom hereinafter are referred to as the "Partners", agree as follows:

### **1. Raven Buds**

The Partners voluntarily associate themselves together as general partners for the purpose of conducting the general business of Limited Grow Marijuana Company, and any other type of business that may from time to time be agreed on by the Partners. The parties hereby form a partnership under the name of Raven Buds. The principal place of business shall be at 2441 Lawlor Road Cabin C, Fairbanks, Alaska 99709 and any other place or places that may be mutually agreed upon by the Partners.

The three principal partners will have an interest in Raven Buds as following:

David A Mullis 45% - Managing Partner

Kerri A Mullis 30%

Carol S Bolt 25%

### **2. Term**

The partnership shall commence on February 20, 2017, and shall continue until terminated.

### **3. Capital**

The partners are contributing equal amounts of capital, whether time based or financial based. All monies were available at the time of starting the business. If the business does not get approved, any financial amounts will be paid back within a three (3) year timeframe.

### **4. Profits and Losses**

Any net profits will be divided as provided above in the percentages. There will be a time, if Carol

Bolt chooses to increase her investment (up to \$50,000) for the right to become a partner at 49%, with the Mullis family retaining the 51%.

## **5. Interest**

No interest shall be paid on the initial contributions to the capital of the partnership or on any subsequent contributions of capital.

## **6. Salaries**

The profits provided from this business will be divided as scheduled above.

## **7. Rent of Building/Reimbursement to Movinfree**

Raven Buds will be renting Cabin C, from Movinfree, at the sum of \$250 a month, in addition, the costs calculated from the amount of electricity involved in running Raven Buds will be paid monthly. Costs will vary depending on amount of electricity needed. Heating oil when necessary will be purchased by Movinfree (to defer delivery costs) and when provided with a receipt will be paid back. These costs will be started prior to the first harvest, and will be kept on the books until profits of the first grow, and thereafter, monthly.

## **8. Partnership Books**

The books will be managed, as required by the AMCO board, and reviewed monthly.

## **9. Management Duties**

David A Mullis: Marijuana Management

Kerri A Mullis: Compliance of Regulations/Money

Carol S Bolt: Excise Tax and Money

## **11. Death of a Partner**

AMCO states that upon the death of a partner, the Marijuana Company MUST stop all business, and contact them.

**13. Arbitration**

Any controversy or claim arising out of or relating to this Agreement, or the breach hereof, shall be settled by arbitration in accordance with the rules, then obtaining, of the American Arbitration Association, and judgment upon the award rendered may be entered in any court having jurisdiction thereof. In witness whereof the parties have signed this Agreement.

**14. Integration**

This Partnership Agreement contains the entire agreement of the parties with respect to the subject matter of this Agreement, and supersedes all prior negotiations, agreements and understandings with respect thereto. This Agreement may only be amended by a written document duly executed by all parties.

Executed this 8<sup>th</sup> day of May, 2017, in Fairbanks, Alaska

**Form MJ-01: Marijuana Establishment Operating Plan**

**What is this form?**

An operating plan is required for all marijuana establishment license applications. Applicants should review **Title 17.38 of Alaska Statutes** and **Chapter 306 of the Alaska Administrative Code**. This form will be used to document how an applicant intends to meet the requirements of those statutes and regulations. If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020(c).

**What must be covered in an operating plan?**

Applicants must identify how the proposed premises will comply with applicable statutes and regulations regarding the following:

- Security
- Inventory tracking of all marijuana and marijuana product on the premises
- Employee qualification and training
- Waste disposal
- Transportation and delivery of marijuana and marijuana products
- Signage and advertising
- Control plan for persons under the age of 21

Applicants must also complete the corresponding operating plan supplemental forms (**Form MJ-03, Form MJ-04, Form MJ-05, or Form MJ-06**) to meet the additional operating plan requirements for each license type.

### Section 2 – Security

Review the requirements under 3 AAC 306.710 – 3 AAC 306.720 and 3 AAC 306.755, and identify how the proposed premises will meet the listed requirements:

Describe how the proposed premises will comply with each of the following:

#### Restricted Access Areas (3 AAC 306.710):

Describe how you will prevent unescorted members of the public from entering restricted access areas:

In accordance with 3 ACC 306.710 there will be a sign posted on our entry door. The sign will say "Restricted Access Area. Visitors must be escorted." Since this is a small grow operation, we will not allow more than two visitors at a time, although there is an allowance of up to five, for each licensee, employee or agent of the licensee. There will be a sign in, of any visitor, providing an ID, we will document in the Book of Visitors, date, time, legal id, and time of departure. The video cameras will also show that the visitor will never be unattended by a licensee, employee or agent.

Describe your processes for admitting visitors into and escorting them through restricted access areas:

In accordance with the regulation, 3 ACC 306.710, all must provide us with their photo identification (3 ACC 306.750) to verify that they are over the age of 21. They will also be required to sign our book of visitors, put on protective gear (3 ACC 306.735), and wear a visitors badge. They will always be in attendance with a licensee, employee or agent.

**Alaska Marijuana Control Board**

**Form MJ-01: Marijuana Establishment Operating Plan**

Describe your recordkeeping of visitors who are escorted into restricted access areas:

In accordance with 3 ACC 306.715, there will be continuous camera security. This will record the facial features of any visitors, positioned in all areas to have clear view with no obstruction. We will also be having the visitor sign in, giving information of the photo identification (ADL), time, and date arriving to coincide with the recording of the security camera, and time of leaving.

Provide a copy of a sample identification badge to be displayed by each licensee, employee, or agent while on the premises:

**Security Alarm Systems and Lock Standards (3 AAC 306.715):**

**Exterior lighting is required to facilitate surveillance. Describe how the exterior lighting will meet this requirement:**

In accordance with 3 AAC 306.715, we will have an automatically operating 24/7 dusk to dawn lighting at the only entry door on our building. This will facilitate visual documentation of any approaching person. We will also have on the remaining walls of the building motion detector sensing lights.

**An alarm system is required for all license types. Describe the security alarm system for the proposed premises:**

In accordance with 3 AAC 306.715, our security will be a wireless security system. It will have an external 110 decibel horn alarm, glass breakage detection, window contacts, one panic alarm button, motion detector set offs, and door contacts. And in accordance with 3 ACC 306.720 continuous video monitoring. And warning signs on all windows and door. It also has an auto dialer in the case of attempted break in.

**The alarm system must be activated on all exterior doors and windows when the licensed premises is closed for business. Describe how the security alarm system meets this requirement:**

Our alarm system is designed to run 24/7. The window contacts, will be on continuously. We will go from night mode (instant alarm, motion detection) to day mode (no motion detection). This will keep all licensees, employees or agents as safe as possible, and deter any diversion of product.

**Alaska Marijuana Control Board**

---

**Describe your policies and procedures for preventing diversion of marijuana or marijuana product:**

In accordance with 3 AAC 306.715, the primary deterrent is use of cameras, and continuous video recording. At no time during the drying, harvesting process will any licensee, employee or agent be without another licensee. All plants over 8" will have a metric tag, and will be closely monitored. This is a small facility, with only 3 licensees, and no employees.

**Describe your policies and procedures for preventing loitering:**

Our facility is isolated off of any main roads, or surrounding properties. If a person is found to be at our facility, we will ask them to leave. If, for some reason, the request is not honored, we will be contacting the troopers to ask for them to be trespassed.

**Describe your policies and procedures regarding the use of any additional security device, such as a motion detector, pressure switch, and duress, panic, or hold-up alarm to enhance security of the proposed premises:**

We have one hold up alarm that is run concurrently with our alarm system. We also have two individual panic systems, to be worn by any licensee, employee or agent when in the restricted area. This will call one of the other licensees, and they in turn, will contact the AST.

Describe your policies and procedures regarding the actions to be taken by a licensee, employee, or agent when any automatic or electronic notification system alerts a local law enforcement agency of an unauthorized breach of security:

In the event of a breach of security, any licensee, employee or agent for the licensee will be in full cooperation with the local AST. Access is not a problem.

**Video Surveillance (3 AAC 306.720):**

All licensed marijuana establishments must meet minimum standards for surveillance equipment. Applicants should be able to answer "Yes" to all items below.

Video surveillance and camera recording system covers the following areas of the premises:	Yes	No
Each restricted access area and each entrance to a restricted access area	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Both the interior and exterior of each entrance to the facility	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Each point of sale area	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Each video surveillance recording:	Yes	No
Is preserved for a minimum of 40 days, in a format that can be easily accessed for viewing	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Clearly and accurately displays the time and date	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Is archived in a format that does not permit alteration of the recorded image, so that the images can readily be authenticated	<input checked="" type="checkbox"/>	<input type="checkbox"/>

**Alaska Marijuana Control Board**

**Form MJ-01: Marijuana Establishment Operating Plan**

**Describe how the video cameras will be placed to produce a clear view adequate to identify any individual inside the licensed premises, or within 20 feet of each entrance to the licensed premises:**

In accordance with 3 AAC 306.715 and 3 AAC 306.720, the cameras have night vision to 65 ft. and have motion sensing. The video system will notify us upon any movement on any camera through texting. This is in addition to our alarm system. The cameras inside the facility will be placed in such a way that there is not an obstruction of view. We only have one door, so one camera will be outside, and able to view up to 65ft. with night vision.

**Describe the locked and secure area where video surveillance recording equipment and records will be housed and stored and how you will ensure the area is accessible only to authorized personnel, law enforcement, or an agent of the board:**

The base recording unit will be in a secure, separate location close to the building. It will be in our living quarters, and will be accessible via pc or smart phone. This will allow quick retrieval from any location.

**Location of Surveillance Equipment and Video Surveillance Records:**

Yes No

Surveillance room or area is clearly defined on the premises diagram

Surveillance recording equipment and video surveillance records are housed in a designated, locked, and secure area or in a lock box, cabinet, closet or other secure area

Surveillance recording equipment access is limited to a marijuana establishment licensee or authorized employee, and to law enforcement personnel including an agent of the board

Video surveillance records are stored off-site

## Form MJ-01: Marijuana Establishment Operating Plan

A marijuana establishment is required to exercise due diligence in preserving and maintaining all required records.

Describe how you will prevent records and data, including electronically maintained records, from being lost or destroyed:

In accordance with 3 AAC 306.720, we will be storing our electronic videos offsite. We will also make a duplicate of all paper tracking (book of visitors), and implement a nightly backup of our computer. This will allow retrieval by other computers in the event of a major computer failure. Our copies of papers will be stored for three years, in a fire safe. The electronic backup will be stored on Carbonite (offsite) and flash drives, which will be stored in a fire safe.

In accordance with 3 AAC 306.755,(a) we will maintain all business records in a manner and format that is readily understood by a reasonably prudent business person.

(1) We will also have business records that will account for each business transaction for the current year, and three preceding calendar years. We understand that the records for the last six months must be on the premises, while older transactions may be archived either on site or off site. (2) We will have a current employee list, setting out the full name, and marijuana handler permit number of each licensee, employee or agent who works at the marijuana establishment. (3) The business contact information of the vendors that maintain video surveillance systems and security alarm systems for the marijuana establishment. (4) We will also maintain all the records for advertising and marketing. (5) There will be a current diagram of the licensed premises including each restricted area. (6) We will also maintain a log recording the name, date, and time of entry of each visitor permitted in a restricted area. (7) We will maintain all records for tax purposes. (8) We will maintain accurate and comprehensive inventory tracking that accounts for all marijuana activity from seed or immature plant stage until the retail marijuana or retail marijuana product is sold to a consumer, another marijuana establishment or destroyed. (9) We will maintain transportation for marijuana and marijuana products as required under 3 AAC 306.750(f).

(b) We will provide any record required to be kept on the licensed premises to an employee of the board upon request. Any record kept off premises must be provided to the boards employees no later than three (3) business days after a request for the record.

(c) We will exercise due diligence in preserving and maintaining all required records. Loss of records or data (including electronically retained records), does not excuse a violation of this section. The board may determine a failure to maintain records required under this section to be a license violation affecting public safety.

**Section 3 – Inventory Tracking of All Marijuana and Marijuana Product**

Review the requirements under 3 AAC 306.730, and identify how the proposed establishment will meet the listed requirements.

All licensed marijuana establishments must use a marijuana inventory tracking system capable of sharing information with the system the board implements to ensure all marijuana cultivated and sold in the state, and each marijuana product processed and sold in the state, is identified and tracked from the time the marijuana propagated from seed or cutting, through transfer to another licensed marijuana establishment, or use in manufacturing a product, to a completed sale of marijuana or marijuana product, or disposal of the harvest batch of marijuana or production lot of marijuana product.

Applicants should be able to answer "Yes" to all items below.

**Marijuana Tracking and Weighing:**

Yes No

A marijuana inventory tracking system, capable of sharing information with the system the board implements to ensure tracking for the reasons listed above, will be used

All marijuana delivered to a marijuana establishment will be weighed on a scale certified in compliance with 3 AAC 306.745

**Describe the marijuana tracking system that you plan to use and how you will ensure that it is capable of sharing information with the system the board implements:**

We will be implementing Franwell's Metro. It looks like a comprehensive, well functioning record keeping method. We can download and email to board, when necessary. Or in the event of computer failure, the backup from Carbonite will be retrievable. Metro seems to be working well for Colorado and California.

**Alaska Marijuana Control Board**

**Form MJ-01: Marijuana Establishment Operating Plan**

**Section 4 - Employee Qualification and Training**

Review the requirements under 3 AAC 306.700, and identify how the proposed establishment will meet the listed requirements.

A marijuana establishment and each licensee, employee, or agent of the marijuana establishment who sells, cultivates, manufactures, tests, or transports marijuana or a marijuana product, or who checks the identification of a consumer or visitor, shall obtain a marijuana handler permit from the board before being licensed or beginning employment at a marijuana establishment.

Applicants should be able to answer "Yes" to all items below.

**Marijuana Handler Permit:**

Yes No

Each licensee, employee, or agent of the marijuana establishment who sells, cultivates, manufactures, tests, or transports marijuana or marijuana product, or who checks the identification of a consumer or visitor, shall obtain a marijuana handler permit from the board before being licensed or beginning employment at the marijuana establishment

Each licensee, employee, or agent who is required to have a marijuana handler permit shall keep that person's marijuana handler permit card in that person's immediate possession (or a valid copy on file on the premises of a retail marijuana store, marijuana cultivation facility, or marijuana product manufacturing facility) when on the licensed premises

Each licensee, employee, or agent who is required to have a marijuana handler permit shall ensure that that person's marijuana handler permit card is valid and has not expired

**Describe how your establishment will meet the requirements for employee qualifications and training:**

In accordance to 3 AAC 306.700 we will be implementing for any licensee, employee or agent for licensee to take an approved Marijuana Handler Permit class. They will be required before entry of the facility to show their Marijuana Handler Permit card. We understand that it is good for 3 years, and before the end of the 3 years, we will require licensee, employee or agent for licensee to take another Marijuana Handler Permit Class. At not time, will anyone without their current card be allowed in the facility.

## Section 5 – Waste Disposal

Review the requirements under 3 AAC 306.740, and identify how the proposed establishment will meet the listed requirements.

Applicants should be able to answer “Yes” to the statement below.

**Marijuana Waste Disposal:**

Yes

No

The marijuana establishment shall give the board at least 3 days notice in the marijuana inventory tracking system required under 3 AAC 306.730 before making the waste unusable and disposing of it

Describe how you will store, manage, and dispose of any solid or liquid waste, including wastewater generated during marijuana cultivation, production, process, testing, or retail sales, in compliance with applicable federal, state, and local laws and regulations:

In accordance with 3 AAC 306.740, we will contact the board 3 days through the metric tracking system before making our marijuana waste unusable. We plan on storing in our disposal area of our facility, in a secure, sealed waste container. We are using dirt, for our growing medium, and no chemicals, and do not anticipate any wastewater. Any waste will be mixed with vegetable oil and manure, after being thoroughly shredded, including root balls, stalks, etc. It will then be composted.

Describe what material or materials you will mix with the ground marijuana waste to make it unusable:

We plan on using vegetable oil and horse manure, to make the compost hot and totally unusable.

## Form MJ-01: Marijuana Establishment Operating Plan

---

**Marijuana waste must be rendered unusable for any purpose for which it was grown or produced before it leaves the marijuana establishment. Describe the process or processes that you will use to make the marijuana plant waste unusable:**

In accordance with 3 AAC 306.730, we will be tracking the marijuana plant until harvest. At that time, we will contact the board in accordance with 3 AAC 306.740 to alert them that we will be disposing of marijuana waste, including leaves. During that time, it will be stored in our disposal area (inside the facility), in a sealed container. After the 3 days of notification to the board, we will proceed with shredding the waste (including samples from any testing facility or retail store). After shredding the product thoroughly, we will mix in vegetable oil and manure, and then place in a composting area on the property. Any paper, plastic or other non compostable waste will be taken to a proper solid waste facility here in the FNSB area. We will keep a record of the final destination of both the marijuana waste, and non compostable waste.

**Section 6 – Transportation and Delivery of Marijuana and Marijuana Products**

Review the requirements under 3 AAC 306.750, and identify how the proposed establishment will meet the listed requirements.

Applicants should be able to answer “Yes” to all items below.

Marijuana Transportation:	Yes	No
The marijuana establishment from which a shipment of marijuana or marijuana product originates will ensure that any individual transporting marijuana shall have a marijuana handler permit required under 3 AAC 306.700	<input checked="" type="checkbox"/>	<input type="checkbox"/>
The marijuana establishment that originates the transport of any marijuana or marijuana product will use the marijuana inventory tracking system to record the type, amount, and weight of marijuana or marijuana product being transported, the name of the transporter, the time of departure and expected delivery, and the make, model, and license plate number of the transporting vehicle	<input checked="" type="checkbox"/>	<input type="checkbox"/>
The marijuana establishment that originates the transport of any marijuana or marijuana product will ensure that a complete printed transport manifest on a form prescribed by the board must be kept with the marijuana or marijuana product at all times during transport	<input checked="" type="checkbox"/>	<input type="checkbox"/>
During transport, any marijuana or marijuana product will be in a sealed package or container in a locked, safe, and secure storage compartment in the vehicle transporting the marijuana or marijuana product, and the sealed package will not be opened during transport	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Any vehicle transporting marijuana or marijuana product will travel directly from the shipping marijuana establishment to the receiving marijuana establishment, and will not make any unnecessary stops in between except to deliver or pick up marijuana or marijuana product at any other licensed marijuana establishment	<input checked="" type="checkbox"/>	<input type="checkbox"/>
When the marijuana establishment receives marijuana or marijuana product from another licensed marijuana establishment, the recipient of the shipment will use the marijuana inventory tracking system to report the type, amount, and weight of marijuana or marijuana product received	<input checked="" type="checkbox"/>	<input type="checkbox"/>
The marijuana establishment will refuse to accept any shipment of marijuana or marijuana product that is not accompanied by the transport manifest	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Describe how marijuana or marijuana product will be prepared, packaged, and secured for shipment:

In accordance with 3 AAC 306.470, when we package the product, we will either place in a package of 1 ounce or less, in approved packaging for the retail store to sell individually. In accordance with 3 AAC 306.475, the packaging shall have these 5 statements to be on the packaging: 1. Marijuana has intoxicating effects, and may be habit forming or addictive. 2. Marijuana impairs concentration, coordination and judgement. Do not operate a vehicle or machinery under the influence. 3. There are health risks associated with consumption of marijuana. 4. Marijuana should not be used by women who are pregnant or breastfeeding. 5. For use by adults 21 or older, keep out of the reach of children. Or in a bulk packaging, no more than 5 pounds, for retail store to repack. It will be packaged using sanitary techniques, to prevent any marijuana product from being contaminated in our processing area. We can also deliver to a marijuana manufacturing facility in a package no greater than 5 pounds. They can be a mixture of strains, or a single strain, but must be identified as such on the label. When we sell in prepackaged, ready for sale items, the bag may not contain any printed items, including cartoon type characters to prevent enticing children under the age of 21. The packaging will be food grade, so as not to introduce any toxic or foreign substance to the marijuana, and to protect it from contamination during CONT.

Describe the type of locked, safe, and secure storage compartments that will be used in any vehicles transporting marijuana or marijuana product:

Once our marijuana has been packaged properly, with all the required information on the outside of the package (3 AAC 306.470) there will be a record made in the Metrc marijuana tracking system. This will produce a Marijuana Transport Manifest. This form will be prescribed by the board. This printed manifest will remain with the package the remainder of time, until received by the testing facility, retail store, a marijuana manufacturing facility or another marijuana cultivation facility. We will record this type, amount and weight being transported. The name of the transporter, the time of departure and expected delivery time will be recorded. Also, recorded will be the make, model and license plate number of the vehicle the marijuana handler will be delivering in. The package will be placed in a box, designed to be closed in a tamper proof box with a seal on it. Then it will be placed in a small, lockable fireproof safe, in the trunk of the delivery vehicle, to deter access, until delivered to the facility receiving the product. The vehicle will not make any undo stops, but go directly to the facility the product is to be delivered to. The recipient will use the marijuana tracking system (Metrc) to record receiving said product. Without a transport manifest, the product will be refused. As required in 3 AAC 306.755. We will keep records of receiving or shipping any marijuana for the current year, and three previous years.

the packaging. All packages to be delivered to either the retail store, marijuana manufacturing facility or testing facility will have on each package, an inventory tracking label. In accordance with 3 AAC 306.700, any licensee, or employee will have a Marijuana Handlers permit, with them at all times, for preparing, packaging or securing marijuana for shipments. The products will be handled, with proper attire so as not to contaminate product. We will use registered scales, in compliance with AS 45.75.00, maintaining registration, and inspection (17 AAC 920-17 AAC 90.925). Then, once packaged properly, there will be a record made in the Metrc Marijuana tracking system. Once the product is in the sealed, tamper evident container, there will be a label placed on the container, in accordance with 3 AAC 306.475. With each harvest batch sold, we will attach a label with the following information: each soil amendment, fertilizer and crop production aid, applied to the growing medium or marijuana plant, applied to the batch, including pesticides, fungicide or herbicide. And, in addition, the name of the licensed testing facility, and the results of each required laboratory tests. The tests shall include, a cannabinoid potency profile, expressed in a range of percentages. From the previous 3 months, the range from lowest to highest, of that strain of marijuana. A statement listing the results of microbial testing. A statement listing any residual solvent (we don't plan on using solvents). And a statement listing any contaminants, mold, mildew, filth, herbicides, pesticides, fungicides, or harmful chemicals. If we wholesale marijuana to another facility, from a harvest batch that has not been tested, it must include a statement of identifying each contaminant listed above, that has not been tested in that batch. We will not label the marijuana as organic. Each package sold to another marijuana establishment, the name of the cultivation facility, and the license number of said facility, the harvest batch number assigned to the marijuana in the package. The net weight of the marijuana, shall be on the label, not including the weight of the shipping container. We will be using a standard of measure, with our marijuana tracking system. (Metrc).

**Section 7 – Signage and Advertising**

Describe any signs that you intend to post on your establishment with your business name, including quantity and dimensions:

Since we are on a pretty secluded property, we prefer not to put any signs up. If we are required to have any sign, it will be small and indiscrete.

If you are not applying for a retail marijuana store license, you do not need to complete the rest of Section 7, including Page 17.

**Restriction on advertising of marijuana and marijuana products (3 AAC 306.360):**

All licensed retail marijuana stores must meet minimum standards for signage and advertising.

Applicants should be able to answer “Agree” to all items below.

**Section 8 – Control Plan for Persons Under the Age of 21**

Describe how the marijuana establishment will prevent persons under the age of 21 from gaining access to any portion of the licensed premises and marijuana items:

In accordance with 3 AAC 306.710, we will have posted signs on the door "Restricted Access Area. Visitors must be escorted." Everyone must provide us with photo id, and to sign our Book of Visitors-once providing the photo id, that provides us with the age of the visitor. They will not be allowed to enter, once ascertained they are under 21. Since we are not a retail facility, we do not anticipate many visitors. All licensees, employees, and agents of licensees know all of the regulations, and a book of these answers will be kept on the premises at all times.

**Form MJ-02: Premises Diagram**

**What is this form?**

A detailed diagram of the proposed licensed premises is required for all marijuana establishment license applications, per 3 AAC 306.020(b)(8). Your diagram must show all entrances and boundaries of the premises, restricted access areas, and storage areas, and dimensions. If your proposed premises is located within a building or building complex that contains multiple businesses and/or tenants, please provide an additional page that clearly shows the location of your proposed premises within the building or building complex, along with the addresses and/or suite numbers of the other businesses and/or tenants within the building or building complex. For those applying for a limited marijuana cultivation license, the proposed area(s) for cultivation must be clearly delineated.

The second page of this form is not required. Blueprints, CAD drawings, or other clearly drawn and marked diagrams may be submitted in lieu of the second page of this form. The first page must still be completed, attached to, and submitted with any supplemental diagrams. An AMCO employee may require you to complete the second page of this form if additional documentation for your premises diagram is needed.

This form must be completed and submitted to AMCO's main office before any license application will be considered complete.

**Section 2 – Prohibitions**

Applicants should review 3 AAC 306.405 – 3 AAC 306.410 and be able to answer "Agree" to all items below.

The marijuana cultivation facility will not:

Agree Disagree

Sell, distribute, or transfer any marijuana or marijuana product to a consumer, with or without compensation

Allow any person, including a licensee, employee, or agent, to consume marijuana or marijuana product on its licenses premises or within 20 feet of the exterior of any building or outdoor cultivation facility

Treat or otherwise adulterate marijuana with any organic or nonorganic chemical or compound to alter the color, appearance, weight, or odor of the marijuana

**Section 3 – Cultivation Plan**

Review the requirements under 3 AAC 306.420, and identify how the proposed premises will meet the listed requirements.

Describe the size of the space(s) the marijuana cultivation facility intends to be under cultivation, including dimensions and overall square footage. Provide your calculations below:

Our total cabin is a little over 600 sq. ft in size. 26' x 26'. That being said, the interior wall is 12' thick. So, our grow areas are:

- 11' x 10'8" (118.8 sq. ft)-vegetative room (with camera #3)
- 10'8" x 9'4" (101.5 sq. ft) blooming room (with camera #5)
- 11'6" x 9'4" (109.4 sq. ft) blooming room (with camera #6)
- 3' x 3' (9') seed sprouting/cloning table (with camera #4)

Total growing area, 338.7 sq. ft.

**Describe the marijuana cultivation facility's growing medium(s) to be used:**

Pro-mix commercial soil, coco medium and maybe sand or additional perlite (I had it wrong-I said vermiculite and meant perlite).

**Describe the marijuana cultivation facility's fertilizers, chemicals, gases, and delivery systems, including carbon dioxide management, to be used:**

So we plan to take a very conservative approach. Right now we are leaning towards Humboldts or Floranova products, Diatomaceous Earth (for pest control in medium). Safer soap and Sierra Natural Science products (for pests in and around plants). Earth Juice, Growmore Seaweed extract, and Super Thrive. For rooting clones, a root stimulant (cloning powder). No gases, no carbon dioxide. We are more into natural, not chemical.

**Describe the marijuana cultivation facility's irrigation and waste water systems to be used:**

We will be hand watering and misting (with a mister bottle). Underneath the grow pots we will have plastic water catchers. The water will be re-absorbed into the dirt or evaporate. We will not have waste water.

Describe the marijuana cultivation facility's waste disposal arrangements:

We will have a trash container labeled "Marijuana Waste-must be processed". That will be in the disposal area, inside the larger room (as the diagram shows). Once we have contacted the board, three days after, we will shred, and then add vegetable oil and horse manure, mix thoroughly and put into compost pile.

#### Section 4 – Odor Control

Review the requirements under 3 AAC 306.430, and identify how the proposed premises will meet the listed requirement.

*Describe the odor control method(s) to be used and how the marijuana cultivation facility will ensure that any marijuana at the facility does not emit an odor that is detectable by the public from outside the facility:*

We plan on using an Activated Charcoal Carbon Filter (carbon scrubber). We will make sure it is large enough for our little grow area.

### Section 5 – Testing Procedure and Protocols

Review the requirements under 3 AAC 306.455 and 3 AAC 306.465, and identify how the proposed premises will meet the listed requirements.

Applicants should be able to answer "Agree" to the item below.

I understand and agree that:

Agree Disagree

The board will or the director shall from time to time require the marijuana cultivation facility to provide samples of the growing medium, soil amendments, fertilizers, crop production aids, pesticides, or water for random compliance checks

Describe the testing procedure and protocols the marijuana cultivation facility will follow:

In accordance with 3 AAC 306.455 Raven Buds will (a) Provide a sample of each harvest batch of marijuana produced at the facility to a marijuana testing facility and may not transport or sell any marijuana until all laboratory testing required under 3 AAC 306.645 has been completed. (b) To comply with (a) of this section a marijuana cultivation facility shall (1) collect a homogenous random sample for testing by segregating harvested marijuana into batches of individual strains of bud and flower, then selecting a random sample from each batch in an amount required by the marijuana testing facility; (2) designate an individual responsible for collecting each sample; that individual shall (A) Prepare a signed statement showing that each sample has been randomly selected for testing; (B) provide a signed statement to the marijuana testing facility; and (C) maintain a copy as a business record under 3 AAC 306.755; and (3) transport the sample to the marijuana testing facility's licensed premises in compliance with 3 AAC 306.750. (c) a marijuana cultivation facility shall segregate an entire batch from which the testing sample was selected until the marijuana testing facility reports the results from its tests. During this period of segregation, the marijuana cultivation facility that provided the sample shall maintain the batch in a secure, cool, and dry to prevent the marijuana from becoming contaminated. The marijuana cultivation facility that provided the sample may not sell or transport any marijuana from the segregated batch until the marijuana testing facility has completed its testing and provided the results, in writing, to the marijuana cultivation facility that provided the sample. The marijuana cultivation facility shall maintain the results as part of its business books and records.

In accordance with 3 AAC 306.465, we understand that, at our cost, we may be required to provide samples to a testing facility, at the boards request, and at a testing facility of their choice. This includes, growing medium, soil amendments, fertilizers, crop production aids, pesticides, or water for compliance checks.

**Section 6 – Security**

Review the requirements under 3 AAC 306.430 and 3 AAC 306.470 – 3 AAC 306.475, and identify how the proposed premises will meet the listed requirements:

Applicants should be able to answer “Agree” to the two items below.

The marijuana cultivation facility applicant has:	Agree	Disagree
Read and understands and agrees to the packaging of marijuana requirements under 3 AAC 306.470	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Read and understands and agrees to the labeling of marijuana requirements under 3 AAC 306.475	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Restricted Access Area (3 AAC 306.430):	Yes	No
Will the marijuana cultivation facility include outdoor production?	<input type="checkbox"/>	<input checked="" type="checkbox"/>

If “Yes”, describe the outdoor structure(s) or the expanse of open or clear ground fully enclosed by a physical barrier:

Describe the method(s) used to ensure that any marijuana at the marijuana cultivation facility cannot be observed by the public from outside the facility:

This building has 5 small windows, these windows will be covered, probably with mylar or some selective product. The door is to be solid metal, so no visual ability there. That's it, pretty simple. We also live in a fairly remote area, surrounded by hay fields and trees.

I certify that as a marijuana cultivation facility, I will submit monthly reports to the Department of Revenue and pay the excise tax required under AS 43.61.010 and 43.61.020 on all marijuana sold or provided as a sample to a marijuana establishment, as required under 3 AAC 306.480.

We understand that you have received an objection to our Limited Grow Marijuana application. We are forming a rebuttal, and have numerous letters, from boarders, business people, and people that have been around Movin'free almost as long as I have owned it, which has been almost 25 years. Basically the letters will provide information on the adjacent field, aka the cross country course field that Movin'free was using way before I owned this facility.

We also understand the regulations and buffers required for BOTH state and FNSB. We are within our buffers, and will send a letter with documentation to prove these buffers are correct very soon.

Thank you,

Re: Objection to Marijuana Cultivation License Application by  
Raven Buds License #12289

Dear Board:

Because drugs should not be manufactured next to a drug treatment center for troubled youth undergoing substance abuse treatment, Tanana Chiefs Conference and Fairbanks Native Association jointly object to Raven Buds' proposed marijuana cultivation facility at 2441 Lawlor Road.

The Fairbanks Native Association operates a youth rehabilitation facility on the property immediately adjacent to the proposed cultivation facility. Graf Rheeneerhaanjii ("Graf Center") is a residential treatment facility for American Indian and Alaska Native youth who are struggling with substance abuse issues. These children represent some of Alaska's most vulnerable residents, nearly all of whom have suffered significant trauma, abuse, and hardship as a direct result of substance abuse by others, and have themselves developed substance abuse issues.

The facility is situated on 160 acres congressionally delegated for use as a youth center. Every inch of the property is utilized as part of a treatment plan designed to bring these children back into touch with our land, our culture, our traditions, and their true selves. We utilize the trails, the woods, the plants, and the open space. It is a critical element of our cultural and spiritual practice as well as the treatment received at the Graf Center. The facility and treatment theory were designed to take these vulnerable kids away from any chance of incidental exposure to mind-altering substances, whether legal or illegal, and allow children to exist in an environment free of such temptations. Openly growing commercial amounts of marijuana adjacent to the Graf Center would be hugely detrimental to the efficacy of the program and would present a direct risk to the children. Such an operation in close proximity to our youth treatment facility would have a devastating impact to our treatment program and the children in our care.

Alaska's marijuana license restrictions prohibit Raven Buds' proposed cultivation facility because of its proximity to our youth center. Specifically, the restrictions state:

(a) The board will not issue a marijuana establishment license if the licensed premises will be located **within 500 feet** of a school ground, **a recreation or youth center**, a building in which religious services are regularly conducted, or a correctional facility. **The distance specified in this subsection must be measured by the shortest pedestrian route from the public entrance of the building in which the licensed premises would be located to the outer boundaries of the school ground, the outer boundaries of the recreation or youth center, the main public entrance of the building in which religious services are regularly conducted, or the main public entrance of the correctional facility.**<sup>1</sup>

The "outer boundaries of the recreation or youth center" obviously refer to the property line and not the actual building because youth centers inherently have activities that occur beyond the walls of any buildings. Kids play and learn in the woods, trails, and other outdoor areas in a youth center like the Graf Center. The regulation that seeks to limit kids' exposure to nearby drug production facilities would not fulfill its purpose if distance was calculated from the front door of the main building instead of its property line.

The administrative regulation clearly recognizes that youth need to be protected by a 500-foot buffer across the entire property as evidenced by the different distance requirements between youth centers and buildings where religious activities take place. Unlike youth center activities that often occur outside, church activities occur solely in the building, and the regulation mandates that the distance between a marijuana facility and a church be measured from "the main public entrance of the [church] building." A youth center, meanwhile, is measured from "the outer boundaries of the... youth center." Such a difference indicates the regulation's intention of using property lines for distance measurements.

The Graf Center shares two boundaries with the property in question.<sup>2</sup> Raven Buds submitted its proposed cultivation site in a site plan to the Fairbanks North Star Borough Planning and Zoning department, and the 26x26 cabin in which it intends to produce drugs is well within 500 feet of the Graf Center's property line.<sup>3</sup> Specifically, the cabin sits 152 feet from our youth center's

property line. Also, the access road to the drug facility runs through our property and has only been used with our permission for horse farm related purposes. We will not permit drugs to be transported across our property. Because growing marijuana produces a very pungent and distinct aroma that carries far, it is highly likely that our kids will follow their noses from our main building into the surrounding woods and down to the pot-growing cabin. Lack of impulse control and a history of poor choices is what brought them here in the first place. Once in treatment, they should not be tempted by the smell of pot growing next door.

Because this proposed drug manufacturing facility violates Alaska's marijuana license regulations, we respectfully request that the board deny Raven Buds' application.

Very truly yours,

**Square Footage of Limited Grow**

Our old storage shed is to be utilized for our Limited Marijuana Grow. The building is 667 sq. ft. We are going to be using just 500 sq. ft in cultivation. The remainder of the building will be used for storage of products (fertilizer, bug control, equipment). The building is existing, built in the 1940's. It is going to be in 3 separate areas to grow, and as stated earlier, the remainder of square footage for storage, drying, processing, and disposal area.

Since this is a Limited Marijuana Grow application there will be no outside land in cultivation.

## How to Object to a Marijuana License Application

3 AAC 306.065 provides that a person may submit in writing an objection to an application for a marijuana establishment license. To perfect an objection, the person objecting must submit a statement of reasons for the objection within 30 days after public notice is posted, but no later than the deadline for objections stated in a posted or published notice of application. The objection must be served upon the following parties:

1. Alcohol and Marijuana Control Office (by email to [marijuana.licensing@alaska.gov](mailto:marijuana.licensing@alaska.gov))
  - Place "Objection to Specific Application" in subject line of email
  - Refer to application by license number and DBA (found on public notice of application)
  - Include contact email for person lodging objection so that we can contact you
  - Copy the applicant's email here so that our staff can see that you provided them the notice required by the regulation or include a statement that the applicant has been served with the objection by mail.
2. The individual or entity applying for the marijuana license at the mailing address or email address provided by the applicant in the public notice of application

AMCO staff must track objections to specific applications in order to bring them to the attention of the board. If you submit a statement that appears to be a general objection or complaint about the application process, it will not be treated as an objection unless the requirements of 3 AAC 306.065 are met, and the objection is submitted in the manner outlined above.

Re: Limited Marijuana Cultivation Facility #12289

Dear applicant,

The AMCO Office is reviewing the documents submitted for the proposed marijuana establishment license referenced above. The following items need to be corrected and/or resubmitted.

- **Online Application**
  - Please sort out the matter under Proof of Possession for Proposed Premises. If you are going to submit a lease where only the cabin is the very specific building being leased to all three of you, I need to know immediately so that I can update the record and you can print out updated documents as outlined on sections below.
- **MJ-00 Application Certifications**
  - The premises address on page 1 might need to be corrected. You need to sort out the proof of possession for proposed premises first.
  - Page 3 of Carol's MJ-00 was not initialed. Carol needs to initial the appropriate box on page 3.
- **MJ-01 Operating Plan**
  - The premises address on page 1 might need to be corrected. You need to sort out the proof of possession for proposed premises first.
  - Page 3-the sample ID: please provide a copy of a sample identification that shows the licensee, employee, or agent's photo and name.
  - Page 9: just want to clarify that the "book of visitors" is not the only business record that you should be diligently preserving and maintaining. Please re-review 3 AAC 306.755 for all the business records that a marijuana establishment shall maintained and preserved, and expand upon your answer to this box showing a clear understanding of the regulation.
  - Page 15-first box: on the third line you state "*...the packaging shall have one or more statements..*" it is actually required for all 5 complete statements to be on the packaging. Please correct this section.
- **MJ-02 Premises Diagram**
  - The premises address on page 1 might need to be corrected. You need to sort out the proof of possession for proposed premises first.

- Please provide a diagram that is going to coincide with what you will be asking the board to consider as your proposed licensed premises and describing on page 2 of MJ-04 (the diagram you submitted is not bad, so if you make a new one make sure you put all the detail you put into the current one).
- **MJ-04 Cultivation Supplemental**
  - The premises address on page 1 might need to be corrected. You need to sort out the proof of possession for proposed premises first.
  - Page 2: what are you asking the MCB to consider? Your 390 sq. ft. plan or your 416 sq. ft. plan? Please make it very clear on this page. Please note that your diagram must coincide with what you describe on this page.
  - Page 5: please expand upon your answer and describe how you will meet the testing requirements under 3 AAC 306.455.
- **MJ-07 Public Notice Posting Affidavit**
  - Please sort out the matter under Proof of Possession for Proposed Premises. If you are going to submit a lease where only the cabin is the very specific building being leased to all three of you, you will need to re-post the Public Notice for five (5) days, and submit a new, completely filled out, MJ-07. I need to know so that I can update the record and you can print out an updated Public Notice.
- **MJ-08 Local Government Notice Affidavit**
  - Please sort out the matter under Proof of Possession for Proposed Premises. If you are going to submit a lease where only the cabin is the very specific building being leased to all three of you, you will need to re-notify the local government and submit a new, completely filled out, MJ-08. I need to know so that I can update the record and you can print out an updated Public Notice.
- **MJ-09 Statement of Financial Interest**
  - The premises address on page 1 might need to be corrected. You need to sort out the proof of possession for proposed premises first.
- **Publisher's Affidavit**
  - Please sort out the matter under Proof of Possession for Proposed Premises. If you are going to submit a lease where only the cabin is the very specific building being leased to all three of you, you will need to re-do the newspaper ad one time to show that as part of the location address. I need to know so that I can update the record and you can print out an updated advertisement template.
- **Proof of Possession for Proposed Premises**
  - The property information paperwork you submitted is inadequate to prove that all three of you, Carol, Dave, and Kerri (the applicants) have right to possession of the cabin which is the very specific building being licensed for as the cultivation facility according to Kerri.

Kerri, asked me if you should add Carol to the property at which time I said I cannot give her advice on what to do nor am I an attorney. What I can say is that if you submit a deed

where all three of your names are on there, I need a recorded copy of that deed and it must clearly have the physical location of the premises, not just the legal description.

If a lease is going to be submitted, the lease needs to be a legally binding lease and all of you as individuals must be the tenants. The lease should specifically say that the cabin is the leased portion of the property, if that is the case, which it sounds like it is.

I cannot stress enough that I am not at liberty to give you any sort of advice when it comes to these legal matters. Please consult an attorney if you need assistance.

- **Entity Documents**

- Please provide the partnership agreement among all three of you. Please consult an attorney if you need assistance.

If we do not receive your completions within 90 days, per 3 AAC 306.025(f), you must file a new application and pay a new fee.

Sincerely,

Re: Application Status for License #12289

Dear Applicant:

AMCO has received your application for a limited marijuana cultivation facility. Our staff has reviewed your application after receiving your application and required fees. Your application documents appear to be in order, and it has been determined that your application is complete for purposes of 3 AAC 306.025(d).

Your application will now be sent electronically, in its entirety, to your local government, your community council if your proposed premises is in Anchorage or certain locations in the Mat-Su Borough, and to any non-profit agencies who have requested notification of applications. The local government has 60 days to protest the issuance of your license or waive protest.

If you have not yet received all necessary approvals, such as a local license, conditional use permit, site plan review, Fire Marshal approval, or Department of Environmental Conservation approval, you should continue to work with those local or state agencies to get the requirements completed. We must also wait for the criminal history check for each individual licensee based on your fingerprint card(s). Your application status in the application database will be changed to "Complete" today.

Your application may be considered by the board while some approvals are still pending. However, your license will not be finally issued and ready to operate until all necessary approvals are received and a preliminary inspection of your premises by AMCO enforcement staff is completed.

Your application will be scheduled for the July 12-14 2017 board meeting for Marijuana Control Board consideration. The meeting agenda gets posted on our website 7 days before the board meeting. **Your appearance at the meeting, either in-person or telephonic, is mandatory.** The telephone number is 1-800-315-6338 code 69176# (subject to change). Please feel free to contact us through the [marijuana.licensing@alaska.gov](mailto:marijuana.licensing@alaska.gov) email address if you have any questions.

**New Application**     **Transfer of Ownership Application**     **Onsite Consumption Endorsement**  
AMCO has received a completed application for the above listed license (see attached application documents) within your jurisdiction. This is the notice required under 3 AAC 306.025(d)(2).

To protest the approval of this application(s) pursuant to 3 AAC 306.060, you must furnish the director **and** the applicant with a clear and concise written statement of reasons for the protest within 60 days of the date of this notice, and provide AMCO proof of service of the protest upon the applicant.

3 AAC 306.010, 3 AAC 306.080, and 3 AAC 306.250 provide that the board will deny an application for a new license if the board finds that the license is prohibited under AS 17.38 as a result of an ordinance or election conducted under AS 17.38 and 3 AAC 306.200, or when a local government protests an application on the grounds that the proposed licensed premises are located in a place within the local government where a local zoning ordinance prohibits the marijuana establishment, unless the local government has approved a variance from the local ordinance.

This application will be in front of the Marijuana Control Board at our July 12-14 meeting.

Sincerely,

*Erika McConnell*
