Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board approval of a new marijuana product or marijuana concentrate for production at its licensed premises, under 3 AAC 306.100 and 3 AAC 306.525. **The required \$250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the Marijuana Control Board has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the licensed establishment.

Licensee:	Top Hat Concentrates, LLC	License Number:	10271		
License Type:	Product Manufacturing Facility				
Doing Business As:	Top Hat Concentrates, LLC				
Premises Address:	2315 Industrial BLVD, STE B				
City:	Juneau	State:	AK	ZIP:	99801

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Review 3 AAC 306.520 - 3 AAC 306.525 and 3 AAC 306.560, and identify how the licensed establishment will meet the listed requirements.

Product Name:	Bare Spray Personal Lubricant
Type:	Infused Topical Massage Oil

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product**Section 3 – Proposed Product Packaging and Sample Label**

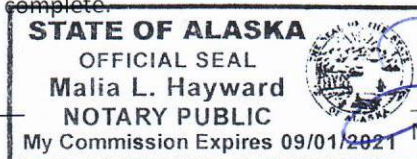

Review 3 AAC 306.565 - 3 AAC 306.570, and identify how the licensed establishment will meet the listed requirements.

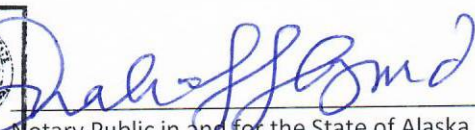

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Attached photos, drawings, or graphic representations are preferred.	Packaging sizes used will be 10ml (10, 5mg servings) or 5ml (5, 5mg serving trial size) white plastic bottles with spray tops that dispense .2ml per spray. 5 sprays will be required to achieve 1, 5mg THC dose (1ml of product). *see attached images
Sample Label: Provide a sample label showing how the labeling information required in 3 AAC 306.570 will be set out.	*see attached images

As a marijuana establishment licensee, I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.

Nutrition Facts

Ignite your intimate encounters with the all new coital concoction from Great Northern Cannabis and Top Hat Concentrates...

Bare Spray. A girl's best bud, mist for your tryst, some kush for your bush. Yes, this is an oil for that!

Our personal lubricant is as natural as your attraction... made with organic coconut oil and cannabis oil produced by Top Hat Concentrates using CO₂ extraction with flower containing zero chemical pesticides and no hydrocarbons.

Apply liberally; there is no need to worry if your experience lasts longer than 4 hours, but be sure to first read the instructions for optimal joint pleasure. Elevate your bare experience.

Received by AMCO 1.5.18

PRODUCT INFORMATION

1 Serving = 5 Pumps, 5mg THC

INGREDIENTS

Organic Coconut Oil, Supercritical CO₂-Extracted, Solvent-Free Cannabis Oil.
CONTAINS CANNABIS

PRECAUTIONS

Take precautions in using this product. Test for reaction prior to applying to sensitive pelvic region of body. Apply a small amount to the skin surface of your inner arm, wait twenty-four hours, and check for any reaction, such as redness or inflammation. If reaction occurs, stop using product, and seek medical attention immediately.

ALLERGENS

This product contains cannabis extract, fractionated coconut oil, and essential oils. Do not use if you or your partner are allergic to cannabis or coconut oil.

DOSAGE

Apply 1 to 5 sprays of product for a single dosage. Each spray contains 0.2ml of product. This product contains THC in a concentration of 5mg/1ml. Therefore, five sprays will provide a THC dosage of 5mg. 5mg is the recommended single dosage of THC. Do not exceed this amount.

APPLICATION

Apply 1 to 5 sprays directly onto the clitoris, inner and outer labia, and inside the vagina. Internal application provides the highest absorption. Start out with 1 spray, and experiment to determine the correct THC dosage for you, up to 5 sprays maximum. Wait 15 minutes to observe effect. Alternatively, you can spray product directly onto your finger tips and apply by hand. This method may yield more accurate application, and save product. For best results, apply product approximately one hour before intimacy. Not for use with condoms.

DISCLAIMER

Bare Spray is a trademark of Great Northern Cannabis. Manufactured for Great Northern Cannabis by Top Hat Concentrates. Marijuana has intoxicating effects & may be habit forming and addictive. Marijuana impairs concentration, coordination, and judgment. Do not operate a vehicle or machinery under its influence. There are health risks associated with consumption of marijuana. For use only by adults twenty-one and older. Keep out of reach of children. Marijuana should not be used by women who are pregnant or breast feeding.
