MEMORANDUM

TO: Chair and Members of the Board DATE: March 21, 2018
FROM: Erika McConnell RE: Einstein Labs #10082
Director, Marijuana Control Board

Einstein Labs, a marijuana product manufacturing facility, is requesting approval of amendments to its operating plan. Attached is the MJ-15 Operating Plan Change application and its attachments.

Alaska Marijuana Control Board

Form MJ-15: Operating Plan Change

What is this form?

This operating plan change form is required for all marijuana establishment licensees seeking to change a licensed marijuana establishment's existing operating plan, as required by 3 AAC 306.100. With this form, a licensee may request changes to as much or as little as desired of Form MJ-01 and/or the corresponding operating plan supplemental for the establishment's license type. **The required \$250 change fee may be made by check, cashier's check, or money order.**

Please download, complete, and submit with this form **only the pages** of Form MJ-01 and/or the corresponding operating plan supplemental that contain sections that you are requesting to change. All fields that are left blank will be considered unchanged from the existing operating plan. All fields that are completed and submitted with this form will be considered as changes to the existing operating plan and are subject to board approval. **Please do not submit any wholly unchanged pages of an operating plan.**

The form(s) that I am requesting board approval to change is:

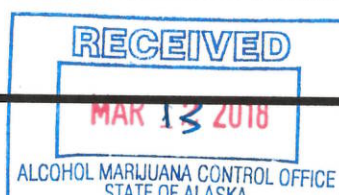

- ☐ Form MJ-01: Marijuana Establishment Operating Plan
- ☐ Form MJ-03: Retail Marijuana Store Operating Plan Supplemental
- ☐ Form MJ-04: Marijuana Cultivation Facility Operating Plan Supplemental
- ☒ Form MJ-05: Marijuana Product Manufacturing Facility Operating Plan Supplemental
- ☐ Form MJ-06: Marijuana Testing Facility Operating Plan Supplemental

This form must be completed and submitted to AMCO's main office **prior to changing existing operations**. The licensed establishment's operations may not be altered unless and until the director has given temporary approval or the Marijuana Control Board (MCB) has given final approval of the changes. Please note that licensees seeking to change operating plans for multiple licenses must submit a separate completed copy of this form for **each license**.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Einstein Enterprises, Inc.	MJ License #:	10082		
License Type:	Standard Marijuana Product Manufacturing Facility				
Doing Business As:	Einstein Labs				
Premises Address:	2939 Porcupine Dr. Ste B				
City:	Anchorage	State:	Alaska	ZIP:	99501

**Form MJ-15: Operating Plan Change****Section 2 – Summary of Changes**

Provide a summary of the changes for which you are requesting approval.

- * Updating the bottle size of the Tincture bottle from 5ml to between 10-15ml.
- * Updating the Tincture product packaging to include a mylar to place the Tincture bottle in with moving the required information from the bottle to the mylar.
- * Updating the Tincture bottle info label to only include instructions, dosing information and required net wt.
- * Updating flavor list to include a variety of flavors vs. specific flavors.
- * Including MCT as a carrier oil.

Section 3 – Declarations

Read each statement below, and then sign your initials in the corresponding box to the right:

Initials

The proposed changes conform to all applicable public health, fire, and safety laws.

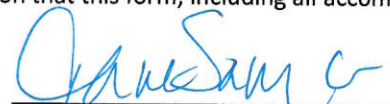

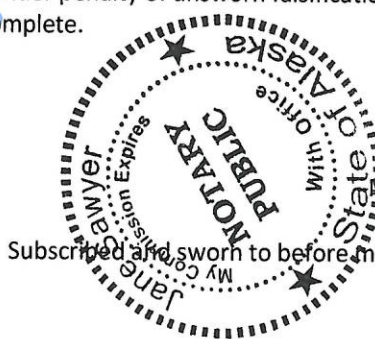

I understand that any temporary approval granted by the director is pending a final decision by the MCB; therefore, any investment I make, based upon temporary approval, is at my own risk.

As a marijuana establishment licensee, I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.

Section 4 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520 - 3 AAC 306.525 and 3 AAC 306.560, and identify how the proposed establishment will meet the listed requirements. **Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.**

Product Name:	Tincture
Type:	Concentrate, Edible, Tincture

Product Description: Details must include the color, shape, and texture.	Tinctures appear as a golden amber to yellow liquid that is transparent by nature. The liquid takes on the shape of the container it is placed in and has a consistency similar to water. Tinctures will come in a variety of strains with differing THC and CBD levels. Used for ingestion.
--	--

Ingredients: This box is not applicable to marijuana concentrates	Cannabis concentrate, alcohol, glycerin or MCT oil (Medium-chain triglycerides) and a variety of natural and strain specific flavors.
---	---

Standard Production Procedure and Detailed Manufacturing Process:	Cannabis concentrate and flavoring will be added to alcohol, glycerin or MCT and be combined using a homogenizer until fully blended. Loaded into bottles with a serving pipette topper, totaling ten (10) serving, not to exceed 50mg per bottle per the SOP. The tincture will be stored at room temperature and have an estimated expiration date of 6 months.
--	---

Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Form MJ-05: Marijuana Product Manufacturing Facility

Section 5 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520 and 3 AAC 306.565 – 3 AAC 306.570, and identify how the proposed establishment will meet the listed requirements. Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Tincture
Type:	Concentrate, Edible, Tincture

Packaging Description:

Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Attached photos, drawings, or graphic representations are preferred.

Tinctures will be packaged in 10-15ml, black (opaque) or amber bottles with rubber toppers and a pipette (plastic tube attached to topper). Each bottle will contain ten (10), 5mg servings of marijuana, not to exceed 50mg per bottle. Each bottle will be placed in a mylar bag approx. 4"x6" in dimension, with one side clear in order to view the Tincture bottle.

Sample Labels:

Provide sample labels showing how the labeling information required in 3 AAC 306.570 will be set out.

Label will wrap around the bottle
