MEMORANDUM

TO: Chair and Members of the Board DATE: April 27, 2018
FROM: Erika McConnell RE: Turnagain Manufacturing
Director, Marijuana Control Board Company #12815

Attached are the products that were tabled at the April 2018 meeting due to missing concentrates to be used as ingredients in such products.

Alaska Marijuana Control Board

Cover Sheet for Marijuana Establishment Applications

Alcohol & Marijuana Control Office
550 W 7th Avenue, Suite 1600
Anchorage, AK 99501
marijuana.licensing@alaska.gov
<https://www.commerce.alaska.gov/web/amco>
Phone: 907.269.0350

What is this form?

This cover sheet **must** be completed and submitted any time a document, payment, or other marijuana establishment application item is emailed, mailed, or hand-delivered to AMCO's main office.

Items that are submitted without this page will be returned in the manner in which they were received.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Turnagain Manufacturing Company	License Number:	12815
License Type:	Marijuana Product Manufacturing Facility		
Doing Business As:	TURNAGAIN MANUFACTURING COMPANY		
Physical Address:	524 E 48th Ave, Unit 1		
City:	Anchorage	State:	AK
		Zip Code:	99503 - 0000
Designated Licensee:	Seth Molen		
Email Address:	molen.seth@turnagainherbco.com		

Section 2 – Attached Items

List all documents, payments, and other items that are being submitted along with this page.

Attached Items:	<p>During the meeting in Nome (April 4,5,6) our edible products were "tabled" until the next meeting in Anchorage on May 7, 2018 in order to include our "Cannabis Oil", "Distillate Oil THC" and "Distillate Oil CBD" products as well as proper nomenclature references within our edible products to said oil products.</p> <p>Attached you will find our oil product sheets as well as a clean copy of said edible product sheets for your approval.</p>

Product Name:	Canna Caps
Type:	Marijuana Product - edible

Product Description: Details must include the color, shape, and texture.	Vegetable glycerin, pill-shaped capsule, contents will be clear to yellow to orange to gold, even light to dark green, brown, blues and purples, to pinks and magentas in color. Texture is soft gel capsule, very much like other gel capsules on the market today. Each capsule will be 5mg THC. Capsule THC and CBD potency will vary with strain and Production Lot.
--	--

Ingredients: This box is not applicable to marijuana concentrates	N/A
---	-----

Standard Production Procedure and Detailed Manufacturing Process:	Grind marijuana material. Process marijuana material with CO2 extraction machine. Depending on the strain and desire of final product we may, or may not, process this oil through our distillation system. If not, we will portion and fill the capsules with this oil (Cannabis Oil). If we choose to process through our distillation system we will do so at this time (Distillate Oil THC or Distillate Oil CBD). We then inject this oil. Next it is on to shipping.

Product Name:	GiggleBurst
Type:	Edible
Product Description: Details must include the color, shape, and texture.	One portion = one candy. One candy = 5mg THC. Colors will range according to flavor in the fashion that other candies use to associate known color with known flavor (ex: cherry = red). Only muted colors will be used to color our candies. Candies are short cylinders (approximately 18-20mm in diameter with a depth of 5mm) that are chewy and sticky in texture. Candies will feature the "hand" portion of our logo stamped onto their tops. Candies will be offered in the following flavors: blueberry, butter-rum, butterscotch, caramel apple, cherry cola, chocolate banana, cinnamon apple, coconut, cotton candy, cranberry, eggnog, fireweed, ginger bacon, grape, huckleberry, huckleberry bacon, huckleberry ginger, lemon, lime, mandarin, maple bacon, orange, pear ginger, peppermint, pineapple, plum passion, pumpkin pie, raspberry, raspberry, root beer, salmonberry, strawberry and cherry.
Ingredients: This box is not applicable to marijuana concentrates	Sugar, corn syrup, water, butter, Distillate Oil THC or Distillate Oil CBD, flavor's essential oil/ flavor extract, food coloring.
Standard Production Procedure and Detailed Manufacturing Process:	Line pan with foil and spray the foil with nonstick cooking spray. Combine the butter, corn syrup, and granulated sugar in a medium saucepan over medium-high heat. Stir until the butter and sugar dissolve, then wash down the sides of the pan with a wet pastry brush to prevent sugar crystals from forming. Insert a candy thermometer. Cook the candy, stirring occasionally, until the thermometer reads 245 F (118 C). As soon as it reaches the proper temperature, remove the pan from the heat and stir in the flavor agent, Distillate Oil THC or Distillate Oil CBD and food coloring. Stir until the ingredients are well dispersed and homogenized, then pour the candy into the molds and allow to cool. Separate from molds and package.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Section 4 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520 - 3 AAC 306.525 and 3 AAC 306.560, and identify how the proposed establishment will meet the listed requirements. **Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.**

Product Name:	GiggleDrops
Type:	Marijuana Edible
Product Description: Details must include the color, shape, and texture.	<u>One portion = one candy. One candy = 5mg THC. Colors will range according to flavor in the fashion that other candies use to associate known color with known flavor (ex: cherry = red). Only muted colors will be used to color our candies. Candies are short cylinders (approximately 18-20mm in diameter with a depth of 5mm) that are hard and smooth in texture. Candies will feature the "hand" portion of our logo stamped onto their tops. Candies will be offered in the following flavors: blueberry, butter-rum, butterscotch, caramel apple, cherry cola, chocolate banana, cinnamon apple, coconut, cotton candy, cranberry, eggnog, fireweed, ginger bacon, grape, huckleberry, huckleberry bacon, huckleberry ginger, lemon, lime, mandarin, maple bacon, orange, pear ginger, peppermint, pineapple, plum passion, pumpkin pie, raspberry, raspberry, root beer, salmonberry, strawberry and cherry.</u>
Ingredients: This box is not applicable to marijuana concentrates	Sugar, corn syrup, water, butter, Distillate Oil THC or Distillate Oil CBD, flavor's essential oil/ flavor extract, food coloring.
Standard Production Procedure and Detailed Manufacturing Process:	<u>Line pan with foil and spray the foil with nonstick cooking spray. Combine the butter, corn syrup, and granulated sugar in a medium saucepan over medium-high heat. Stir until the butter and sugar dissolve, then wash down the sides of the pan with a wet pastry brush to prevent sugar crystals from forming. Insert a candy thermometer. Cook the candy, stirring occasionally, until the thermometer reads 245 F (118 C). As soon as it reaches the proper temperature, remove the pan from the heat and stir in the flavor agent, Distillate Oil THC or Distillate Oil CBD and food coloring. Stir until the ingredients are well dispersed and homogenized, then pour the candy into the molds and allow to cool. Separate from molds and package.</u>
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.
