**Note: This is not an accusation or a criminal complaint.**

**VIOLATION:** On Oct 21, 2016 KTUU published a story titled "Even without marijuana for sale, Anchorage's first retail pot shop opens its doors" in reference to Arctic Herbery. The story stated that the owner and licensee, Bryant Thorp, was giving away "free samples" of marijuana to customers. Thorp was quoted as saying "When you hand someone a joint or a nug, they kind of get excited about it."

Thorp has two active marijuana establishment licenses with AMCO; Standard marijuana cultivation facility as of 08/18/16 and retail marijuana store as of 10/20/16. AMCO Investigators have yet to conduct final inspections of either license.

Thorp confirmed that he did in fact introduce marijuana into the licensed premises for the purpose of providing free samples.

The marijuana provided by Thorp was never part of the regulated market as it was not tracked in the marijuana inventory tracking system (metrc), was not subject to required testing and was not packaged and labeled as required.

**Your attention is directed to 3 AAC 306.405 Standard marijuana cultivation facility; privileges and prohibited acts, 3 AAC 306.435 Marijuana inventory tracking system, 3 AAC 306.455 Required laboratory testing, 3 AAC 306.470 Packaging of marijuana and 3 AAC 306.475 Labeling of marijuana and 3 AAC 306.480 Marijuana tax to be paid.**

FAILURE TO RESPOND TO THIS NOTICE OF VIOLATION WITHIN 10 DAYS WILL RESULT IN YOUR APPEARANCE, EITHER IN PERSON OR TELEPHONICALLY, BEFORE THE MARIJUANA CONTROL BOARD AT THEIR NEXT REGULARLY SCHEDULED BOARD MEETING.**

**\*Please include your Marijuana Establishment License Number in your response.**

**Subject:** Arctic Herbery License #'s 10035 & 10037

Director Franklin,

I would like to respond to the two separate "Notices of Violation" both numbered AB16-0636 issued to Bryant Thorp D.B.A. Arctic Herbery, License Numbers 10035 & 10037 on 10/26/2016.

While I'm not in full agreement with each of the cited items on the two notices, I do admit that there is a level of merit to all of the violations listed. As such I would like to address all of the cited violations in the following way:

The product that I gave away was not tracked, tested, packaged, or taxed, as the law requires. These are the most basic forms of our legal distribution and what our industry requires to be successful.

For this I offer the following steps that I have directed my immediate attention to in an effort to make sure that all regulations will continuously be followed and these mistakes are not made in the future:

- 1) All marijuana products that are a part of my facility whether or not they are in the retail or the cultivation areas will be logged into and tracked by our inventory tracking system.
- 2) Any product that is grown or sold at my facility will be tested and approved

by one of our licensed testing facilities before being offered for sale to the public or sample to another retail or manufacturing facility.

- 3) All products transferred from either facility, whether it's from the retail facility to the public in an exit bag, or from the cultivation facility to a retailer with a manifest label, will be packaged and labeled correctly per my approved operating business plan.
- 4) All marijuana products, sold from either my retail or cultivation facility will be taxed at the city or state level and remitted to the appropriate taxing authority.
- 5) Additional training sessions have been added at both the owner/management level as well as the employee level to assure that current regulations are always addressed appropriately and followed should those regulations change.
- 6) Functions have been added to my local SOP to assure that training is put into place so that all employees recognize the importance to adhere to all of our regulations and that they have the personal right and responsibility to uphold those regulations and if they find themselves in doubt they are to operate in the form of ask first before acting without the threat of retaliation.

It has been my goal to be the most professional and upstanding individual in every way throughout this entire process and it seems that I have made a huge error in judgment. The violations that I am being noticed of are some of the most basic requirements of legalizing this product you might find. I have left an ugly mark on the industry and brought a media frenzy that it didn't deserve and that I am embarrassed of.

In the future I can assure you that these types of mistakes will not happen again.

Moving forward, I recognize that the rules and regulations that we have established are what will make this a successful and thriving industry. It's always been my goal to be the first in Anchorage, recognizing that it would be a long and difficult venture, I've always believed that I was the guy that could bring this forward in its best light. I still believe that, but I am humbled by the enormous responsibility it has become. I still intend on being the guy you want here and will do this in the most professional way possible to include adhering to our regulations in every way.

Respectfully,  
Bryant Thorp  
Arctic Herbery
