MEMORANDUM

TO: Mark Springer, Chair, and
Members of the Board

DATE: December 20, 2018

FROM: Erika McConnell, Director

RE: GreenSleeves Genetics LLC, #15192,
Standard Cultivation Facility

The board reviewed this new standard marijuana cultivation facility license at the August 2018 board meeting, and upheld the Municipality of Anchorage's protest with a 120-day abeyance. A board action letter was sent to the applicant on August 27, 2018, setting his abeyance deadline at December 25, 2018.

The applicant is requesting an extension of his abeyance.

to whom it may concern,

GreenSleeves Genetics was approved by the state in the august meetings pending a land use change for the municipality of Anchorage. I have been diligently working to complete every thing the municipality has asked for, regrettably it will take longer then the 120 days i was given to complete this, due to the cut off deadline being October 4th for the meeting on December 18th 2018

i would like to request an extension of time to finish the land use change process
thank you for your help and time.

Paul Dunham,
DBA: GreenSleeves Genetics LLC.
license #: 15192
