MEMORANDUM

TO: Chair and Members of the Board DATE: December 7, 2018
FROM: Erika McConnell RE: Good, LLC License #10165
Director, Marijuana Control Board

Good, LLC, a marijuana product manufacturing facility, is requesting approval of one new product. Attached is the MJ-16 Proposed New Marijuana Product.

Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required \$250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	GOOD LLC	MJ License #:	10165		
License Type:	Product Manufacturing				
Doing Business As:	GOOD LLC

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

<p>Product Description: Details must include the color, shape, and texture.</p>	<p>Black and white hydroxypropylmethyl cellulose capsules will have the GOOD monogram logo on the capsule exterior. Capsule will be filled with coconut oil infused with decarboxylated butane hash oil cannabis. Capsules will be smooth and oval shaped.</p>
<p>Ingredients:</p>	<p>Decarboxylated butane hash oil cannabis Virgin organic coconut oil Hydroxypropylmethyl cellulose capsules (vegetable cellulose, purified water)</p>
<p>Standard Production Procedure and Detailed Manufacturing Process:</p>	<p>Calculate the dosage of decarboxylated cannabis concentrate (butane hash oil) to be added to the batch. Place 250 mL of raw unrefined Coconut oil in a double boiler and set temperature to 220 degrees F. Make sure to keep temperature below 220 degrees F. Mix in Butane Hash Oil cannabis extract, and stir into mixture. Let mixture heat for 1 hour while stirring. Pour oil into cooling pan. Add 0.2 ml of infused coconut oil to the Hydroxypropylmethyl cellulose capsules using a syringe.</p>
<p>Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.</p>	<p>See images below</p>

Form MJ-16: Proposed New Marijuana Product

Section 4 – Proposed Product Packaging and Sample Label

Enter information for the packaging and labeling of the marijuana product for which you are seeking MCB approval.

<p>Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.</p>	<p>Capsules will be packaged in a child resistant Pollen Gear brand clear glass jar with a white lid with a black and gold logo. The 5ml jar will be packaged in a 2" x 2" x 1" black, white, and gold cardboard box. The jar will contain 10 black and white capsules, each capsule will contain 5 mg decarboxylated THC (5 mg serving size, 50 mg/jar). See attached image of packaging.</p> <p>Serving information that will be on the side of the box: "One capsule is a single serving of 5 mg THC." Serving information that will be on the front of the box: "50 MG THC, 10 CAPSULES, 5 MG THC PER CAPSULE"</p>
--	--

<p>Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.</p>	<p>See attached image of packaging with labels attached. Note, blue area designates the variable labels that will be applied. Bottom variable label sticker will be white with black print. Round variable label sticker ("varietal sticker") colors will be white, black, or gold.</p>
--	---

As a marijuana establishment licensee, I declare under penalty of perjury and certification that this form, including all accompanying schedules and statements, is true, correct, and complete.
