

## MEMORANDUM

TO: Marijuana Control Board                      DATE: October 22, 2019  
FROM: Erika McConnell, Director              RE: Tokin Up, #20844  
Retail Store

The packet from the September meeting is provided, along with the elements of the MJ-12 petition submittal (excluding the signatures).

Eric Sandberg, the state demographer, will be present at the meeting.

Mr. Sandberg informs me that the population estimates we used from the Division of Community and Regional Affairs website is extrapolated from a sampling survey by the American Community Survey and has a large margin of error.

The 2010 census data indicates for the entire Tok Census Designated Place:

- Total population: 1,258
- Population 21 and over: 920

Mr. Sandberg calculates that the 21+ population within the 5-mile radius of the Tok Post Office, based on reviewing 2010 census block data, is 869.
