MEMORANDUM

TO: Marijuana Control Board DATE: February 20, 2019

FROM: Erika McConnell, Director RE: 50 Shades of Green, LLC,
#14956, Standard Cultivation Facility

In October of 2018, the board upheld a protest from the City of Houston and denied the license application with a 120-day abeyance, which ends on February 28, 2019.

The applicant is requesting to extend the abeyance period to April 1, 2019.

**Re: 50 Shades of Green
Cultivation Facility
License 14956**

Dear Director McConnell and AMCO Team:

I am writing on behalf of 50 Shades of Green, license number 14956 to request an extension of the abeyance period from the deadline of Feb. 28th, 2019 to April 1, 2019. The process to meet the requirements of the variance for the set back requirements from the property lines involves further analysis by engineers and experts in similar professions. It does not appear that this issue will be resolved by the Feb. 28th, 2019 deadline.

We would like to request an extension date to April 1, 2019 in order to bring the application back to the board for consideration of an extension. Thank you for your consideration.

Sincerely,

Jana D. Weltzin, *Esq.*
